FOREWORD

§§ 2-3, REVISED LAWS OF HAWAII 1945, PROVIDE AS FOLLOWS:

"Sec. 2. **Laws published by secretary.** The secretary of the Territory shall promulgate all the laws enacted by the legislature, except general or special appropriation acts, loan fund acts, pension acts and franchise acts, by publishing the same once in the English language in a newspaper of general circulation published daily in Honolulu in the English language. Any of such excepted acts may, however, be published when the governor so directs. After such publication, the secretary shall cause the same, together with all other laws duly enacted at any session of the legislature, to be printed, indexed and bound in book form. The index to any volume of the laws enacted at any regular session shall be cumulative and shall include an index of all laws enacted at every preceding regular or special session of the legislature since the publication of the last revision of the laws of the Territory. Before publishing any act in book form, the secretary is directed to conform the style thereof as near as may be with that of the latest revision of the statute law of the Territory. He is directed, before publishing them in book form, to classify all acts by serial letters or numbers or both and to insert appropriate supplementary chapter and section numbers and headnotes together with section histories, wherever necessary to aid in placing amendments or new sections or chapters in an appropriate supplementary sequence with the latest revision of the laws; and such amendments, new sections and new chapters may be cited by reference to such supplementary chapter and section numbers of such latest revision."

"Sec. 3. **Certain acts not obligatory until published.** No written law, unless otherwise specifically provided by legislative enactment, except general or special appropriation acts, loan fund acts, pension acts and franchise acts, shall be obligatory without first being printed and made public. General or special appropriation acts, loan fund acts, pension acts and franchise acts, whether affecting territorial funds or the funds of county or other municipal subdivisions or commissions, shall become operative according to their respective terms merely by being passed and approved in the manner provided by sections 44 to 54, inclusive, of the Organic Act without the necessity of any other promulgation than the ultimate inclusion thereof in the bound volume of respective session laws as provided in section 69 of the Organic Act."

§§ 2-3, JOINT RESOLUTION NO. 4, 1945, PROVIDE AS FOLLOWS:

"Section 2. That the secretary of the Territory be and he is hereby authorized, in complying with the provisions of section 2 of said Revised Laws, before publishing any Act in book form, to change or correct any chapter or section numbers contained as a part of or referred to in any such Act, whenever necessary to carry out the intent of said section 2. Such changes shall be made on the engrossed copy of each such Act and shall be initiated by the secretary thereon."

"Section 3. That any Act of the legislature may be cited by reference to the chapter and section numbers as inserted or added or changed by the secretary of Hawaii pursuant to the provisions of said section 2 and the provisions of this resolution as the same are set forth in the printed volume of the laws enacted at any regular session of the legislature, published in book form by said secretary pursuant to the provisions of said section 2 and of this resolution."

THE LATEST REVISION OF THE STATUTE LAW WAS ENACTED IN 1945 BY ACT 1, SERIES A-1, AND IS PUBLISHED IN A VOLUME ENTITLED "REVISED LAWS OF HAWAII 1945."

Chapter 3. CLASSIFICATION LAW.

Series A-4: ACT 208

An Act Amending Act 263 of the Session Laws of Hawaii 1945, Providing for Permanent Increases in the Base Pay Rates of Compensation of Public Officers and Employees and for an Additional Bonus for the Biennium 1947-1949, and Making Certain Appropriations Therefor.

Be it Enacted by the Legislature of the Territory of Hawaii:

[Sec. 125.05.] Section 1. Definitions. As used in this Act, unless otherwise indicated by the context:

(a) "Position" or "public position" includes any office or position in the service of the Territory or any county or of any independent board, commission or other agency thereof, including the university of Hawaii.

(b) "Employees" includes the holder of any position.

(c) Where full-time rates are mentioned, the rates for part-time positions not expressly excepted shall be adjusted proportionately. [L. 1947, c. 208, s. 1.]

[Sec. 125.06. Increases in base pay rates.]

Section 2. (a) The full-time base pay rates for all public positions which were, or may be, established by or pursuant to section 1 of Act 263 [series A-4] of the Session Laws of Hawaii 1945, including, without limitation of the generality of the foregoing language, those heretofore specially adjusted by executive order of the governor, are hereby further increased by the addition to each such base pay rate of the sum of forty-five dollars per month, effective July 1, 1947, until otherwise provided by law.

(b) The full-time base pay rates of all teachers or other employees which were or may be established by or pursuant to section 2 of said Act 263 [series A-4], are likewise further increased by the addition to each such base pay rate of the sum of forty-five dollars per month, effective July 1, 1947, until otherwise provided by law.

(c) The base pay rates for any other public positions, whether established pursuant to the provisions of said Act 263 [series A-4] or otherwise, are likewise increased by the addition to each such base pay rate of such amount as was being paid or was or is required to be paid for such office or position prior to July 1, 1947, as and for a bonus under or pursuant to said Act 263.

(d) It is the intent of this Act to establish the aforesaid additions as a permanent portion of the base pay for each such position. It is provided, however: (1) that nothing in this Act contained shall be deemed to nullify any of the adjustments of salary increments and other adjustments made by the governor by the governor's executive orders of June 30, 1945, July 14, 1945, July 30, 1945, September 28, 1945, August 3, 1946 and November 7, 1946, and other similar adjustments heretofore made pursuant to the laws of the Territory and the Hawaii Defense Act rules mentioned in said Act 263;

(2) That, in the event the base pay for any position or group or class of positions is specifically increased or expressly fixed by any other act enacted at the regular session of 1947 of this legislature, then, unless otherwise expressly provided in such other act, the base pay for such position or group or class of positions shall not be increased under section 1 of this Act, except in such amount, if any is required, as shall be sufficient to grant to the employee the same base pay increase which he would have received under this Act, if such other act had not been enacted; and

(3) That nothing in this Act contained shall be deemed to prohibit the making of further equitable adjustments in base pay by the governor pursuant to said Act 263 for district magistrates in cases where provision may be made by any other act enacted at said regular session for the appointment of one magistrate for more than one district without specifically fixing the salary for such combined districts. [L. 1947, c. 208, s. 2.]

[Biennium 1947-1949 bonuses; governor's discretion.]

Section 3. Whenever, during the biennium 1947-1949, the governor shall find that the finances of the Territory warrant such action as to Territorial employees, the governor may order bonuses to be paid under this section to all public employees as defined in section 1 of this Act. Such bonuses shall be uniform for the following respective classes, and the maximum bonus for full time for each of said respective classes which may be authorized under this section shall be as follows: (1) For teachers and others covered by subsection (b) of section 2 of this Act, and for members of the faculty of the university of Hawaii, as defined by subsection (5) of section 105 of the Revised Laws of Hawaii 1945, a uniform maximum amount of forty-eight dollars each (hereinafter called the "teachers' bonus"); and

(2) For all other public employees as defined by section 1 of this Act, a uniform maximum amount of twenty-five dollars per month each (hereinafter called the "general employees'

bonus"). If the governor so orders the payment of bonuses of less than the maximums aforesaid, such order shall provide for a proportional reduction by a uniform percentage of the maximum teachers' bonus and of the maximum general employees' bonus, so as to preserve the ratio of 48 to 25 for said respective classes established by said maximums.

If a bonus order is so made by the governor, then the provisions of section 5 of said Act 263, except as otherwise provided by this Act, shall apply to such bonuses, except the appropriations made by said section, and such bonuses shall be payable commencing on the first day of the month in which such order is made or on such later date as shall be fixed in such order. After any such bonuses shall be granted, the governor may, pursuant to said Act 263, either eliminate, or increase or decrease by a uniform percentage, all such bonuses from time to time by order uniformly applicable to all classes of employees, except that the bonuses shall not exceed the maximums fixed by this section and shall not be continued beyond June 30, 1949.

Note: This section not applicable to certain county officers, see L. 1947, c. 209, (B-107) post.

Section 4. Chapter 8. EMINENT DOMAIN.

Series A-12: ACT 200

An Act Amending Chapter 8 and Section 1212
of the Revised Laws of Hawaii 1945, Relating to Eminent Domain.

Be it Enacted by the Legislature of the Territory of Hawaii:

Section 1. Chapter 8 of the Revised Laws of Hawaii 1945 is amended in the following respects:

(a) By amending **section 306** by adding at the end thereof the following sentence:

"The court shall have power on its own motion or on motion of any party to try and determine any issue in the case in advance of other issues."

Note: See rewritten section in the note at end of this act.

(b) By amending **section 309** as follows:

(1) By changing the first sentence to read as follows:

"The attorney general of the Territory may, at the request of the head of any department of the Territory, or as otherwise provided by law, institute proceedings on behalf of the Territory for the condemnation of property as provided for in this chapter."

(2) By changing the last sentence to read as follows:

"In this chapter plaintiff shall be deemed to refer to the Territory or to any county."

Note: See rewritten section in the note at end of this act.

(c) By amending **section 314** by changing that portion of it which precedes the first semicolon to read as follows:

"In fixing the compensation or damages to be paid for the condemnation of any property, the value of the property sought to be condemned with all improvements thereon shall be assessed, and if any of the improvements are separately owned, the value thereof shall be separately assessed;".

Note: See rewritten section in the note at end of this act.

(d) By amending **section 319** by changing paragraphs numbered 1 to read as follows:

"At any time after the commencement of an action pursuant to this chapter, the plaintiff may file a motion for an order of possession supported by an affidavit alleging, or by oral evidence prima facie showing (a) the right of the plaintiff to maintain the action, (b) the public use for which the real property sought to be condemned is being taken, and (c) the sum of money estimated by the plaintiff to be just compensation or damages for the taking of such

real property. Upon such motion and upon payment of said sum of money to the clerk of the court for the use of the persons entitled thereto, the court shall issue an order ex parte putting the plaintiff in possession of the real property sought to be condemned and permitting the plaintiff to do such work thereon as may be required for the purpose for which the taking of the property is sought. The order placing the plaintiff in possession shall become effective upon the expiration of ten days after service thereof, **provided**, however, that for good cause shown within said ten days, the court may postpone the effective date for an additional period of time. Service of the order shall be made personally on those defendants who are in actual possession, and in other cases may be made by depositing a copy thereof in a United States post office, postage prepaid, registered mail, addressed to such defendants at their last known addresses, or to their attorneys of record. No order of possession issued pursuant to this section shall become effective until summons in the action shall have been served personally on such defendants in the action as are available for personal service and if any defendants in the action are not served personally, the first publication of the summons directed to such defendants shall have occurred as provided in section 10061.

Upon application of a party entitled thereto the court may order that the money paid to the clerk of the court as aforesaid, or any part thereof, be paid forthwith for or on account of the just compensation to be awarded in said proceedings. A payment to any party as aforesaid shall be held to constitute an abandonment by such party of all defenses interposed by him, excepting his claim for greater compensation or damages. If the compensation or damages finally awarded in respect of said land, or any parcel thereof, shall exceed the amount paid to said clerk as aforesaid in respect thereto, the court shall enter judgment for the amount of the deficiency."

Note: As so amended § 319 appears in the note at the end of this act.

Note: As so amended, §§ 306, 309, 314, 319, 1212 read:

Sec. 306. Circuit courts have jurisdiction. The circuit courts shall have power to try and determine all actions arising under this chapter, subject only to an appeal to the supreme court in accordance with law. The court shall have power on its own motion or on motion of any party to try and determine any issue in the case in advance of other issues. [L. 1896, c. 45, s. 5; R. L. 1925, s. 813; R. L. 1935, s. 55; R. L. 1945, s. 306; am. L. 1947, c. 200, s. 1 (a).]

Sec. 309. Plaintiff. The attorney general of the Territory may, at the request of the head of any department of the Territory, or as otherwise provided by law, institute proceedings on behalf of the Territory for the condemnation of property as provided for in this chapter. And any county may institute proceedings in the name of and on behalf of such county for the condemnation of property within such county for any of the purposes as provided in this chapter which are within the powers heretofore or hereafter granted to the respective boards of supervisors. In this chapter plaintiff shall be deemed to refer to the Territory or to any county. [L. 1896, c. 45, s. 4; am. L. 1917, c. 108, s. 2; R. L. 1925, s. 816; R. L. 1935, c. 58; R. L. 1945, s. 309; am. L. 1947, c. 200, s. 1 (b).]

Sec. 314. Damages assessed, how. In fixing the compensation or damages to be paid for the condemnation of any property, the value of the property sought to be condemned with all improvements thereon shall be assessed, and if any of the improvements are separately owned, the value thereof shall be separately assessed; and if the property sought to be condemned constitutes only a portion of a larger tract, the damages which will accrue to the portion not sought to be condemned by reason of its severance from the portion sought to be condemned, and the construction of the improvements in the manner proposed by the plaintiff shall also be assessed; and also how much the portion not sought to be condemned will be benefited, if at all, by the construction of the improvement proposed by the plaintiff; and if the benefit shall be equal to the amount of compensation assessed for the property taken, and for damages by reason of its severance from another portion of the same tract, then the owner shall be allowed no compensation, but if the benefits shall be less than the amount so assessed as damages or compensation, then the former shall be deducted from the latter and the remainder shall be the amount awarded as such compensation or damages; **provided**, however, that, in case of the exercise of the power of eminent domain by the city and county of Honolulu in furtherance of any governmental power granted under chapter 129, the amount of damages or compensation assessed or awarded or agreed upon in any compromise approved by motion of the board of supervisors shall in no case be construed as limiting or affecting the power of the board to distribute any portion of such cost upon any property found to be benefited thereby proportioned as provided by law in the exercise of their judgment whether under an improvement district or frontage improvement created before or after the

acquisition of any such land. [L. 1896, c. 45, s. 13; am. L. 1919, c. 63, s. 2; R. L. 1925, s. 821; R. L. 1935, s. 63; R. L. 1945, s. 314; am. L. 1947, c. 200, s. 1 (c).]

Sec. 319. Possession pending action; by plaintiff when; interest. 1. At any time after the commencement of an action pursuant to this chapter, the plaintiff may file a motion for an order of possession supported by an affidavit alleging, or by oral evidence prima facie showing (a) the right of the plaintiff to maintain the action, (b) the public use for which the real property sought to be condemned is being taken, and (c) the sum of money estimated by the plaintiff to be just compensation or damages for the taking of such real property. Upon such motion and upon payment of said sum of money to the clerk of the court for the use of the persons entitled thereto, the court shall issue an order ex parte putting the plaintiff in possession of the real property sought to be condemned and permitting the plaintiff to do such work thereon as may be required for the purpose for which the taking of the property is sought. The order placing the plaintiff in possession shall become effective upon the expiration of ten days after service thereof; **provided**, however, that for good cause shown within said ten days, the court may postpone the effective date for an additional period of time. Service of the order shall be made personally on those defendants who are in actual possession, and in other cases may be made by depositing a copy thereof in a United States post office, postage prepaid, registered mail, addressed to such defendants at their last known addresses, or to their attorneys of record. No order of possession issued pursuant to this section shall become effective until summons in the action shall have been served personally on such defendants in the action as are available for personal service and if any defendants in the action are not served personally, the first publication of the summons directed to such defendants shall have occurred as provided in section 10061.

Upon application of a party entitled thereto the court may order that the money paid to the clerk of the court as aforesaid, or any part thereof, be paid forthwith for or on account of the just compensation to be awarded in said proceedings. A payment to any party as aforesaid shall be held to constitute an abandonment by such party of all defenses interposed by him, excepting his claim for greater compensation or damages. If the compensation or damages finally awarded in respect of said land, or any parcel thereof, shall exceed the amount paid to said clerk as aforesaid in respect thereto, the court shall enter judgment for the amount of the deficiency.

2. At any time after judgment has been rendered in the circuit court for or in favor of the plaintiff, or pending an appeal to the supreme court by either plaintiff or defendant, the plaintiff, if not already in possession of the land sought to be condemned under an order entered pursuant to the provisions of paragraph 1 of this section, may be put into possession thereof upon the payment to the clerk of the court of the amount assessed as compensation or damages and such further sum as may be required by the court as a fund to pay any further compensation or damages that may be awarded

as well as all damages that may be sustained by the defendant if for any cause the property shall not be finally taken for public use. Upon such payment, the court shall make an order putting plaintiff into possession of the property sought to be condemned with the right to use the same during the pendency of and until the final conclusion of the litigation. If the plaintiff shall have appealed to the supreme court such amount shall be held by the clerk until the entry of final judgment and such final judgment shall include, as part of the just compensation and damages awarded, interest at the rate provided in section 316 from the date of the order letting plaintiff into possession as aforesaid. If the defendant who is entitled to the amount of money assessed as compensation or damages and paid into court under the provisions of this paragraph shall have appealed to the supreme court, such defendant shall have the right to demand and receive payment of the same at any time thereafter, upon filing a receipt therefor and an abandonment of all defenses to the action or proceeding except as to the amount of compensation or damages that he may be entitled to in the event that a new trial shall be granted.

3. If an order be made letting the plaintiff into possession as provided for in this section, the final judgment shall include, as part of the just compensation and damages awarded, interest at the rate provided in section 316 from the date of such order until paid by the plaintiff, **provided**, however, that except in the case of an appeal by the plaintiff as hereinabove provided, interest shall not be allowed upon any sum or sums paid by the plaintiff to the clerk of the court as aforesaid from the date of such payment. The court shall have power to fix and include in such order or judgment the time within which and the terms upon which the parties in possession shall be required to surrender possession to the plaintiff. The court shall have power to make such orders in respect of encumbrances, liens, rentals, taxes, assessments, insurance and other charges, if any, as shall be just and equitable.

4. If the proceedings shall be abandoned or discontinued before reaching final judgment, or if, for any cause, the property concerned shall not finally be taken for public use, and judgment is entered in favor of the defendant for damages under the provisions of section 318, any moneys which shall have been paid by the plaintiff to the clerk of the court under this section shall be applied toward the satisfaction of such judgment. [L. 1896, c. 45, pt. of s. 16, s. 19; R. L. 1925, s. 825; R. L. 1935, s. 68; am. L. 1937, c. 184, s. 5; R. L. 1945, s. 319; am. L. 1947, c. 200, s. 1 (d).]

Sec. 1212. Condemnation proceedings, effect of. A vested fishing right when so established shall continue, for the purpose of sections 1211-1213, notwithstanding the pendency of any condemnation proceedings, until judgment is entered upon such condemnation proceedings and the compensation named therein has been paid or tendered to the owner of the vested fishing right or others interested therein, or until an order of possession shall have been obtained as provided in section 319. (b) By deleting the word "he" in the eighteenth line of subsection 5 of section 704 thereof, as said subsection appears on page 27 of the Session Laws of Hawaii 1945, and inserting in place of said word the following:

"within thirty days after notification of the amount of the deficiency in his contributions, or prior to July 1, 1947, whichever is later, but in no event later than December 31, 1947, he shall notify the board in writing of his election to pay such deficiency, and thereafter".

As a part of the actuarial valuation of the liabilities of the employees' retirement system of the Territory for the year 1948, the amount of the liability on account of additional prior service and membership service allowable under said Act 73, as amended, shall be determined and the amount of such liability remaining after giving effect to the payments previously made by the Territory on account of such service shall be ascertained. The amount so ascertained shall be reported to the legislature and an amount, not less than the biennial payment which over a period of four biennia would completely cover such remaining liability, shall be included in the appropriation request for the retirement system when it is presented to the legislature. So long as at least the biennial payments herein prescribed are made, full benefits shall be payable and only in the event that the legislature shall fail to make such biennial appropriations shall the benefits thereafter payable on account of such service be reduced to the amounts which can thereafter be paid from the funds remaining from the appropriations made for such purpose.

[Sec. 1371.02.] **Section 2. Findings and declaration of policy.** The farm and grazing lands of Hawaii are basic assets of the Territory; it is found that improper land and water use practices have caused and continue to cause or contribute to wastage of land and water resources. It is declared to be the policy of this Act to provide for the conservation and protection of these lands and water resources in the interest of the health, safety, and general welfare of the people of the Territory. [L. 1947, c. 191, s. 2.]

[Sec. 1371.03.] Section 3. **Definitions.** Wherever used in this Act: (1) "District" or "soil conservation district" means a governmental subdivision of this Territory, and a public body corporate and politic, organized in accordance with this Act; (2) "director" means a member of the governing body of a district; (3) "committee" or "soil conservation committee" means the agency created in section 4 of this Act; (4) "land occupier" or "occupier of land" includes both the person, firm or corporation who shall hold title to and, in the case of leased land, the person, firm or corporation who shall be in possession of any lands lying within a district organized, or to be organized, under the provisions of this Act. Each occupier of land lying within a district organized, or to be organized, under the provisions of this Act shall have one vote, **provided** however, each land occupier of more than 100 acres of land lying within a district organized, or to be organized, under the provisions of this Act shall be entitled to one vote for each 100 acres; (5) "due notice" means notice given during a ten-day period by publication or if no means of publication is available by posting at a reasonable number of conspicuous places within the affected area. [L. 1947, c. 191, s. 3.]

[Sec. 1371.04.] Section 4. **Hawaii soil conservation committee.** A. There is hereby created, as an agency of the Territory, the Hawaii Soil Conservation Committee. The committee shall be composed of the president of the board of commissioners of agriculture and forestry, who shall be its chairman, the director of the Hawaii experiment station and the director of the agricultural extension division of the university of Hawaii; as ex officio members. The committee may invite the Secretary of Agriculture of the United States of America to appoint one person to serve upon the committee.

B. The committee shall keep a record of its official actions, and may perform such acts, and promulgate such rules and regulations as may be necessary for the execution of its functions. It may employ such employees and agents as it may require, and determine their qualifications and compensation. It may call upon the attorney general of Hawaii for legal services, or employ its own counsel. It may delegate to any member, agent or employee, such powers and duties as it may deem proper. Upon request of the committee, other agencies of the territorial government shall, insofar as available appropriations and resources will permit, assign staff members or personnel to the committee, and make such reports, surveys, or studies as the committee may request.

C. A majority of the committee shall constitute a quorum and the concurrence of a majority of a quorum in any matter shall be required for its determination. The committee shall provide for surety bonds for employees and officers who are entrusted with funds or property.

D. In addition to the duties and powers hereinafter conferred upon the committee, it shall have the authority to: (1) offer appropriate assistance to the directors of districts in carrying out their powers and programs; (2) keep districts informed of the activities of other such districts and facilitate cooperation between them; (3) coordinate district programs so far as that may be done by advice and consultation; (4) obtain the assistance of the United States and of other territorial agencies in the work of such districts; (5) disseminate information throughout the Territory concerning district activities and programs and encourage the formation of districts in appropriate areas. [L. 1947, c. 191, s. 4.]

[Sec. 1371.05.] Section 5. **Creation of soil conservation districts.** A. Occupiers of land representing a total of twenty-five or more votes lying within an area proposed to be organized into a district may file a petition with the soil conservation committee asking that such district be organized. The committee shall prescribe the form of such petitions, which shall state: (1) the proposed name of such district, and (2) a general description of the area proposed to be organized as a district.

Where more than one petition is filed covering parts of the same territory, the committee may consolidate the petitions. The area of a district need not be contiguous but shall not include any of the area of any other district.

B. Within thirty (30) days after the filing of such a petition, the committee shall cause due notice to be given of a public meeting to consider the question of the need for the creation of such district, whether local public sentiment is in favor of its creation and the area that should be included within its boundaries. After such meeting, if the committee determines that there is a need for the district and public sentiment favors its creation, it shall define the boundaries for the proposed district. Should the committee deny any such petition to organize a district, subsequent petitions covering the same or substantially the same area may be filed with the committee after six (6) months after the date of the denial of the petition.

C. After the committee has determined that there is need for and local public sentiment is in favor of the creation of a proposed district it shall, within a reasonable time, give due notice

of and hold a referendum upon the question of the creation of the district, and, at the same time, hold an election to elect three directors for such district. Nominating petitions may be filed with the committee to nominate candidates for such directors but must be filed at least ten (10) days prior to the election and must be subscribed by occupiers of lands representing a total of twenty-five (25) or more votes within the proposed district. Land occupiers may sign more than one such petition.

Occupiers of lands lying within the proposed district shall be entitled to vote on the proposition of the creation of the district and in the election of district directors. Such voting shall be by ballots on which shall appear the words "For creation of the—Soil Conservation District", and "Against creation of the—Soil Conservation District", with a square before each proposition and a direction to mark the square before one or the other of the propositions as favored by the voter. The names of candidates for district directors, nominated as herein provided, shall also appear on such ballots with a square before each name and a direction to mark the squares before any three (3) names to indicate the voter's preference. The committee shall issue regulations for the conduct of, and pay all expenses incident to, such referenda and elections.

D. The committee shall, within a reasonable time thereafter, determine whether the operation of the proposed district would be administratively practicable and feasible; **provided** that it shall not have the authority to determine in favor of the creation of the district unless at least a majority of the votes cast in the referendum shall have been cast in favor thereof. In making such determination and in determining the need for a proposed district, the committee shall give due regard to the findings and declaration of policy set out in section 2 of this Act, and to the topography, composition of soils, distribution of erosion, prevailing land use practices within the proposed district, the probable expense of carrying on erosion control operations within the district and other relevant geographical, physical, economic and social factors. If the committee determines in favor of the creation of a district it shall make public the result of the election to elect directors. The three (3) candidates who received the largest number, respectively, of the votes cast in the election, shall be the elected directors for the district and the committee shall appoint two (2) directors to act with the three (3) elected directors as the governing body of the district.

E. To complete the organization of the district, the committee shall present to the secretary of the Territory a statement

setting out the name of the district and its boundaries, and certifying that the procedures prescribed in this Act for the organization of a district have been fully complied with in organizing this district. The statement shall request the secretary to issue a certificate of organization to the district. The secretary shall record the statement in his office and shall issue to the directors of the district a certificate, under the seal of the Territory of Hawaii, of the due organization of the district.

F. After six (6) months after the date of a determination by the committee that the operation of a proposed district would not be administratively practicable and feasible, subsequent petitions covering the same or substantially the same territory may be filed as aforesaid.

G. Petitions for adding territory to an existing district may be filed with the committee and the proceedings herein provided for the organization of a district shall be observed in such case. Where the number of land occupier votes in the area proposed to be added is less than 25, the petition may be filed when signed by a majority of such occupiers and in such case no referendum need be held.

H. Petitions for the consolidation of two or more districts may be filed with the committee. Such petitions must be signed by a majority of the members of the governing body, or by 25 or more land occupier votes in, each district proposed to be consolidated. In such event the procedures herein provided for organizing districts shall be observed, insofar as they are applicable; **provided** that the votes cast in the referendum on the question of consolidation shall be counted separately for each district and the committee shall not have authority to determine in favor of the proposed consolidation unless a majority of the votes cast with respect to each separate district shall have been cast in favor thereof. The provisions of this section governing the selection of district governing bodies and the completion of the organization of districts shall apply to the selection of a governing body for and the completion of the organization of any new district resulting from a consolidation of districts. The terms of office of the directors of the consolidating districts shall expire and the terms of office of the directors of the new consolidated district shall commence, upon the issuance by the secretary of the Territory of a certificate of the due organization of the consolidated district. Upon such a consolidation, all the property rights and liabilities of the several consolidating districts shall be vested in and assumed by the consolidated district. [L. 1947, c. 191, s. 5.]

[Sec. 1371.06.] Section 6. **Appointment, qualifications and tenure of directors.** The term of office of district directors shall be three (3) years, except that those first appointed shall be designated to serve for terms of one and two years, respectively. Vacancies shall be filled for the unexpired term. The selection of successors to fill an unexpired term, or for a full term, shall be made in the same manner in which the retiring directors shall have been selected. The directors shall designate a chairman and may, from time to time, change such designation. A majority of the directors shall constitute a quorum and the concurrence of a majority upon any official matter shall be necessary. Directors shall receive no compensation for their services, but shall be entitled to necessary expenses. They may employ such officers and employees as they may require, and fix their compensation, and shall provide for surety bonds for employees or officers who are entrusted with funds. They shall keep a record of proceedings, resolutions, regulations, and orders issued or adopted, and accounts of receipts and disbursements; and shall furnish to the committee copies of such documents, instruments or information concerning their activities as the committee may request. [L. 1947, c. 191, s. 6.]

[Sec. 1371.07.] Section 7. **Powers of districts and directors.** A district organized under this Act, and the directors thereof, shall have, in addition to other powers granted in other sections of this Act, the following powers; (1) to provide for and encourage surveys, investigations, and research relating to soil and water conservation and to publish and disseminate information concerning such subjects; (2) to provide for and encourage demonstrations relative to the control and prevention of erosion and the conservation of soil and water resources, and carry out preventive and control measures, on publicly owned lands within the district with the consent of the agency having jurisdiction thereof, and on other lands with the consent of the occupier of the lands; (3) to cooperate, or enter into agreements with, and to furnish financial or other aid, including machinery, equipment, fertilizer, seeds, and other material, to any agency or any occupier of lands within the district, for carrying on soil and water control conservation and operations, subject to such conditions as the directors may deem necessary; (4) to acquire property, real or personal, or rights or interest therein; to maintain, administer, and improve such property, receive income from it, and expend such income in carrying out the purposes of this Act; and to sell, lease, or otherwise dispose of any of such property; (5) to construct, improve, and maintain any structures necessary for carrying out the purposes of this Act; (6) to develop plans for the conservation of soil and

water resources and the control and prevention of erosion within the district, and to publish or otherwise bring them to the attention of district land occupiers; (7) to accept contributions in money, services, materials or otherwise from any source, and to use or expend them in carrying on its operations; (8) to sue and be sued; to have a seal, which seal shall be judicially noticed; to make and execute any necessary contracts or other instruments; (9) as a condition to the extending of benefits, or the performance of work upon lands under this Act, the directors may require land occupiers to contribute money, services, materials, or otherwise to any operations conferring such benefits, and may impose any other reasonable conditions therefor. [L. 1947, c. 191, s. 7.]

[Sec. 1371.08.] **Section 8. Territorial agencies to cooperate.** Agencies of the territorial government, or other governmental subdivision of the Territory, which have jurisdiction over publicly-owned lands lying within any soil conservation district, may cooperate with such district in the effectuation of programs and operations of such district. District directors shall be given access to enter and perform work upon such lands. [L. 1947, c. 191, s. 8.]

[Sec. 1371.09.] **Section 9. Discontinuance of districts.** At any time after five (5) years after the organization of a district under this Act, any occupiers of land representing twenty-five (25) or more votes lying within such district may petition the soil conservation committee to terminate the existence of the district. The committee may conduct such meetings and hearings upon such petition as may be necessary and, within sixty (60) days after the filing of such a petition, shall hold a referendum upon such proposal. All occupiers of lands within the district shall be eligible to vote in such referendum.

After such referendum the committee shall determine whether the continued operation of the district is necessary or practicable and feasible. The committee shall not have authority to determine in favor of the continued operation of the district unless a majority of the votes cast in the referendum were in favor of such continued operation. If the committee determines in favor of the discontinuance of the district, it shall certify such determination to the district directors and to the secretary of the Territory. The secretary shall issue to the directors a certificate of dissolution and record a copy of such certificate in his office. Upon receipt of such certificate the directors shall terminate the affairs of the district. The directors shall dispose of all property belonging to the district at public auction and pay over the proceeds into the territorial

treasury, and render to the soil conservation committee, a full accounting of such properties and proceeds of the sale. All contracts theretofore entered into, to which the district is a party, shall remain in force and effect for the period provided in such contracts. The committee shall be substituted for the district as party to such contracts. The committee shall not entertain petitions for the discontinuance of any district more often than once in five (5) years. [L. 1947, c. 191, s. 9.]

[Sec. 1371.10.] Section 10. **Budget.** The Hawaii soil conservation committee shall submit to the director of the bureau of the budget, biennially, the budgetary estimates and information required by chapter 25, Revised Statutes of Hawaii 1945, and shall include therein estimates of the financial requirements of the committee. [L. 1947, c. 191, s. 10.]

[Sec. 1371.11.] Section 11. **Separability Clause.** If any provisions of this Act, or the application of any provision to any person or circumstance, is held invalid, the remainder of the Act, and the application of such provision to other persons or circumstances, shall not be affected thereby. [L. 1947, c. 191, s. 11.]

[Sec. 1371.12.] Section 12. **Inconsistency with other Acts.** Insofar as any of the provisions of this Act are inconsistent with the provisions of any other law, the provisions of this Act shall be controlling. [L. 1947, c. 191, s. 12.]

Section 13. **Effective date.** This Act shall take effect upon its approval.

(Approved May 19, 1947.) **H.B. 966, Act 191.**

An Act to Create in the Department of the Attorney General a Bureau of Civil Identification, Providing for the Civil Registration and Identification of Persons in the Territory; Transferring to the Department of the Attorney General the Powers, Duties and Functions of the Bureau of Crime Statistics and Identification; Prescribing Penalties for Violations of This Act and of Rules Promulgated Hereunder; Making Appropriations for the Purposes of This Act; Repealing Sections 3968 to 3971, Inclusive, of the Revised Laws of Hawaii 1945, and Amending Other Laws Inconsistent Herewith to Conform Hereto.

Be it Enacted by the Legislature of the Territory of Hawaii:

Section 1. Title 3 of the Revised Laws of Hawaii 1945 is hereby amended by adding thereto two new chapters to be numbered chapter 23.01 and chapter 23.02 to read as follows:

"CHAPTER 23.01. BUREAU OF CIVIL IDENTIFICATION.

Sec. 1540. Bureau of civil identification; director. There is hereby created in the department of the attorney general of the Territory a bureau to be known as the 'bureau of civil identification', hereinafter called the bureau.

The attorney general shall appoint a director of the bureau, hereinafter called the director, who shall receive such salary for his services as shall be authorized by law, and who, under the direction and control of the attorney general, shall administer the affairs of the bureau and carry out the provisions of this chapter. The director shall also perform such duties as shall be required by the attorney general, pursuant to this chapter. The director, with the approval of the attorney general and in conformity with chapter 2, may appoint such subordinates, at such compensation, within the limits of available appropriations therefor and in conformity with chapter 3, or without compensation, as may be necessary or proper to carry out the provisions of this chapter, and, with the approval of the attorney general, may delegate to such subordinates such of his powers and duties as may be necessary for the efficient administration of this chapter.

Whenever in this chapter it is provided that the director is authorized or required to do or perform any act

or duty, the attorney general shall be deemed to have power to do or perform such act or duty, unless such construction would lead to absurdity or impossibility, and any such action so taken by the attorney general shall supersede action thereon by the director. [L. 1947, c. 246, pt. of s. 1.]

Sec. 1540.01. Oaths and investigations. The director and each of his authorized subordinates shall have the power to administer oaths and to require and take the oral or written statements under oath of any person in connection with any information validly required by such director or his subordinates under this chapter or any rule or regulation issued hereunder. [L. 1947, c. 246, pt. of s. 1.]

Sec. 1540.02. Rules and regulations. For the purpose of carrying out any provision of this chapter the attorney general shall have the power, pursuant to law and with the approval of the governor, to prescribe rules and regulations having the force and effect of law. Such rules and regulations shall be promulgated by publishing the same in a newspaper of general circulation in the Territory. [L. 1947, c. 246, pt. of s. 1.]

Sec. 1540.03. Powers and functions of bureau. It shall be the duty of the bureau to register and issue certificates of identification to all persons in the Territory applying for the same in accordance with the requirements of this chapter. [L. 1947, c. 246, pt. of s. 1.]

Sec. 1540.04. Other government employees to cooperate. With the approval of the head of the department concerned, any officer or employee of any county or of the Territory may be appointed in the manner provided by section 1540 to act in such capacity and to perform such duties as shall be required by such order in connection with the administration of this chapter, with or without additional compensation. [L. 1947, c. 246, pt. of s. 1.]

Sec. 1540.05. Geographical subdivisions; regional and other officers. The director may subdivide the Territory into such enumeration tracts or other subdivisions with such designations, and with such regional officers, registrars, assistants, enumerators and other employees, as the director shall deem necessary or proper for the efficient administration of the registration required by this chapter. [L. 1947, c. 246, pt. of s. 1.]

Sec. 1540.06. Registration and issuance of certificates; fee. Every person who shall be residing or present in the Territory on or after the effective date of this chapter, may be registered, and have issued to him a certificate of identification, under this chapter.

Application for such registration shall be made in person by any adult person or minor over the age of sixteen years. In the case of a minor under the age of sixteen years, the application shall be made in his behalf by the parent or other person in loco parentis of such minor. In the case of an incompetent person, the application shall be made by the person having the custody or control of or maintaining such incompetent person. A fee of one dollar shall be paid by each such applicant, which fee, however, may be waived by the director in cases of extreme hardship. [L. 1947, c. 246, pt. of s. 1.]

Sec. 1540.07. Information to be secured. The bureau shall require, collect, secure and make and preserve a written record of the following items of information so far as it is practicable to secure the same, with respect to each applicant for registration:

(a) The name of the person applying to be registered (hereinafter called the 'registrant' or 'applicant'), the street and number or address of his place of habitation in the Territory, and his residence and business telephone numbers, if any;

(b) Whether he has ever been fingerprinted and, if so, where, when and why;

(c) His occupation and any pertinent data relating thereto;

(d) His nationality or racial extraction,

(e) His citizenship status;

(f) The date and place of his birth;

(g) His personal description including sex, height, weight, hair, eyes, complexion, build, scars and marks;

(h) The fingerprints of both hands of the registrant; **provided**, that this requirement shall not apply to minors until they reach the age of six years; and

(i) The name, relationship and address of the nearest relative or other person to be notified in case of sickness, accident, death, emergency or need, of each person registered, if such notification is desired. [L. 1947, c. 246, pt. of s. 1.]

Sec. 1540.08. Procedure. All information required by the preceding section shall, as far as practicable, be secured by employees of the bureau by personal interviews with the persons registered or responsible members of the same household. It shall be the duty of every person giving information in behalf of any applicant under this subtitle to answer truthfully all questions and furnish all information within the possession or knowledge of such person which may be asked or requested by such employee within the scope of the requirements of this chapter.

Special provisions may be made by rules of the attorney general, (a) for the registration of inmates, employees and others residing at or in hospitals, jails, prisons, asylums, homes for the aged, indigent homes and other institutions, and (b) for the registration of other persons, whenever special treatment is required so as to minimize hardship or inconvenience attendant upon the registration contemplated by this chapter. [L. 1947, c. 246, pt. of s. 1.]

Sec. 1540.09. Identification certificates; form. The bureau, after taking the fingerprints of each registrant as provided in this chapter (except as otherwise provided in the case of children under six years of age), and after securing the information required by or pursuant to this chapter, shall issue to each such registrant a certificate of identification in such form, and with such information, as the director shall deem necessary and practicable, such certificate to contain, among other things; a distinctive serial number; the date of issue; the name, residence, citizenship status, date of birth (if known), the registrant's signature, a facsimile signature of the attorney general, the signature of the officer or employee issuing the certificate (to be designated as the 'registrar'), the fingerprints of the index and middle fingers of each of the registrant's hands (except as otherwise provided in the case of children under six years of age), the name and address of the person to be notified in case of need, and such other personal identification data as the director shall deem necessary and practicable. Upon the fingerprinting of each child attaining the age of six years after having been registered, his previous certificate shall be cancelled and a new certificate shall be issued under the same serial number, bearing his fingerprints. [L. 1947, c. 246, pt. of s. 1.]

Sec. 1540.10. Identification certificates not to be altered, etc.; duties of holder; lost certificates. No person, except agents of the bureau acting pursuant to its authority, shall alter, deface or destroy any certificate of identification. Except as specifically authorized by this section or the rules and regulations of the attorney general, no registrant shall loan or give his certificate of identification to any other person, and no person shall use the certificate of identification of any other person. Any registrant whose certificate of identification is stolen or otherwise lost, or altered, defaced or destroyed, shall report such fact to the nearest office of the division within forty-eight hours after discovering such fact, and may at any time apply for a duplicate certificate of identification in such manner as the director may require, which duplicate shall be issued by the bureau upon being satisfied as to such loss, alteration, defacing or destruction and the payment of a fee of one dollar, and shall be distinctively marked as a duplicate. Such fee may be waived by the director where the requirement thereof would impose extreme hardship. In the case of an altered or defaced certificate of identification, the certificate, if available, shall be surrendered by the registrant and cancelled by the bureau. Any person finding or coming into the possession of the certificate of identification of any other person shall promptly return or deliver the same to the owner thereof or to the nearest office of the bureau. Any person finding his own lost certificate after having received a duplicate certificate shall promptly deliver the previously lost certificate to the bureau. [L. 1947, c. 246, pt. of s. 1.]

Sec. 1540.11. Correction or alteration of records and certificates in cases of error or subsequent changes concerning names, citizenship, description, etc. If, after registration, the name of any registrant shall be or have been legally changed by marriage, divorce, adoption, legitimation, order of the governor, or other legal means, or if there shall be a change in the registrant's citizenship status, it shall be the duty of such registrant or other person in charge of such registrant (in the case of a minor or incompetent person) within thirty days after such change of name or citizenship status, to report such change and present his certificate of identification to the bureau, and to pay to the bureau a fee of one dollar (which fee, however, may be waived by the bureau in cases of extreme hardship). The bureau upon being satisfied as to such

change and receiving payment of such fee, shall cancel such certificate and issue a new certificate bearing the new name or citizenship status of the registrant, making appropriate notation of the facts upon the records of such bureau.

If any error has been made in any item of information contained in the records of the bureau or the certificate of identification concerning any registrant, the bureau, of its own motion or upon application by the registrant, and upon receipt of evidence satisfactory to it that such error has been committed, may, with the approval of the director or his specially authorized representatives, correct such error and, in such case, shall make appropriate changes or notations stating such error and the correct information upon the records of the bureau and the certificate of identification.

In case any item of personal information originally correct with respect to any registrant shall change after registration, such change may, if material, be registered by the bureau and the records and certificate of identification may be altered to conform thereto, upon receipt by the bureau of satisfactory evidence as to such change and the approval of the director or his specially authorized representative and the payment of a fee of one dollar (which fee, however, may be waived by the bureau in cases of extreme hardship). [L. 1947, c. 246, pt. of s. 1.]

Sec. 1540.12. Exemptions. The requirements of this chapter as to fingerprinting (except with respect to the fingerprints upon the certificate of identification) may be waived by the director as to any individual whose fingerprints are otherwise available, upon the making of proper cross references upon the records of the bureau. [L. 1947, c. 246, pt. of s. 1.]

Sec. 1540.13. Forms. The director shall have power to prepare, prescribe and furnish, in conformity with this chapter, forms for questionnaires, notices, fingerprint cards or forms, certificates of identification, instructions, and all other forms necessary or proper for the prompt, efficient and adequate execution of the functions of the bureau set forth in this chapter. [L. 1947, c. 246, pt. of s. 1.]

Sec. 1540.14. Custody and use of records; information confidential, penalties. (a) All information and records acquired by the bureau under this chapter shall be confidential. All such records shall be filed in an appropriate office in the custody and under the control of the bureau, which shall at all times be kept separate from any similar records relating to the identification of criminals. Such

information shall be available only to authorized persons in the bureau, and such other persons or agencies as the attorney general, with the approval of the governor, shall authorize, under such restrictions as the attorney general, with such approval, shall prescribe. Such information and records shall not be subject to subpoena or other court process except upon approval of the governor.

(b) No officer or employee of the bureau shall divulge any information concerning any registrant acquired from the records of the bureau or acquired in the performance of any of his duties under this chapter to any person not authorized to receive the same pursuant to this chapter or pursuant to the orders of the attorney general, approved by the governor, made under subsection (a). No person acquiring from the records any information concerning any registrant shall divulge any such information to any person not so authorized to receive the same. [L. 1947, c. 246, pt. of s. 1.]

Sec. 1540.15. Violations; penalties. Any person who shall: (a) knowingly furnish any false or untruthful information or answer, validly required under this chapter; or (b) violate or without adequate excuse fail to comply with any requirement of this chapter or of any rule or regulation issued pursuant thereto, which is legally applicable to him, and for which no other penalty is specifically prescribed by this chapter; or (c) without adequate excuse, fail to perform any act lawfully required to be performed by him pursuant to this chapter or such rules and regulations: shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine not exceeding \$500.00, or by imprisonment not exceeding 6 months, or by both such fine and imprisonment; **provided** that failure of a person to report his lost, stolen or destroyed certificate, or to return to the bureau his lost certificate when he has secured a duplicate and finds the lost certificate for which such duplicate was issued, shall be punishable by fine of not more than \$5.00.

'Adequate excuse', as used in this section, shall mean inability to comply with any such requirement or perform any such act, due to any cause beyond the control of the individual concerned and not due to his malfeasance, non-feasance or gross negligence. [L. 1947, c. 246, pt. of s. 1.]

Sec. 1540.16. Civil identification fund. There is hereby created in the treasury of the Territory a revolving fund to be known as the 'civil identification fund'. All moneys

received by the bureau under this chapter shall be paid into said fund and shall be available, together with any other moneys appropriated for the purposes of said bureau, for expenditure for any of the purposes of this chapter, upon vouchers approved by the attorney general or by the director if duly thereunto authorized by the attorney general. [L. 1947, c. 246, pt. of s. 1.]

Sec. 1540.17. Uniformity of identification certificates issued by bureau or any police department. In order to insure uniformity in such certificates, after the effective date of this chapter, no police department in this Territory shall issue any certificate of identification to others than police officers as such, except in conformity with the rules and regulations of the bureau, and as its agent, and any fees collected by any such police department for such certificates shall by it be paid over to the bureau as required by such rules and regulations. [L. 1947, c. 246, pt. of s. 1.]

Sec. 1540.18. Continuation of Hawaii Defense Act requirements; transfer and custody of existing records, funds, etc. In so far as concerns registration and other matters related thereto covered by this chapter, this chapter shall be construed as a continuation of the Hawaii Defense Act as amended and any person who has been heretofore duly registered under Hawaii Defense Act Rule No. 14 and other Hawaii Defense Act rules amendatory thereof, or supplemental thereto, and who still retains a certificate of identification issued thereunder, shall be deemed to have been duly registered in compliance with the requirements of this chapter, except as to lost certificates of identification, changes of status or other changes required to be reported to the bureau of identification. All revenue bonds of the same issue shall be equally and ratably secured without priority by reason of number, date of bonds, of sale, of execution, of delivery, or of maturity date, by a lien on the revenue in accordance with the provisions of this chapter and the resolution or resolutions authorizing the bonds. The obligation to repay money loaned under this chapter, instruments evidencing the obligation, and the bonds issued under this chapter shall not be considered an indebtedness within the meaning of section 55 of the Organic Act, nor shall such obligation, instruments or bonds constitute an indebtedness within the meaning of any other debt limitation or restriction. Each instrument evidencing the obligation to repay a loan and each revenue bond shall recite in substance that the obligation or bond, respectively, including interest thereon, is payable from the revenue pledged to the payment thereof, and that the obligation and the instruments evidencing the obligation, or the bond does not constitute a debt of the Territory within the meaning of any limitation of law. [L. 1947, c. 141, pt. of s. 1.]

(NOTE: The last word "evidencing" in the eighth line of the above section was changed from "evidenc-" which appears in the original: obvious clerical error.)

The rents, fees and charges prescribed shall be such as will produce revenue at least sufficient (a) to pay when due all loans, bonds, and interest thereon, for the payment of which such revenue is or has been pledged, charged or otherwise encumbered, including reserves therefor, and (b) to provide for all cost of maintenance of all university projects, including reserves therefor. Neither the provisions of this section, nor of any other section of this chapter shall preclude the making of appropriations to the board, the acceptance of gifts by the board, or the use of funds derived from the sale of stocks, bonds, and other assets in the possession of the board to pay all or part of the cost of construction, of maintenance, or both, of any or all university projects. [L. 1947, c. 141, pt. of s. 1.]

The director may, upon application of the employer or any other person affected thereby, grant such extension of time as he finds reasonably necessary for compliance with any order. [L. 1947, c. 64, s. 5.]

[Sec. 4390.06.] **Section 6. [Sec. 4390.07.] Section 7. **Judicial review.** An order of the director under sections 5 and 6 shall be final and conclusive against the employer unless the employer, within twenty days after a copy of such order is sent to him, files a petition for review thereof with the circuit judge of the circuit in which he resides or has his principal place of business. The filing of a petition for review shall not of itself stay or suspend the operation of such order, but a stay may be granted by the court upon terms and conditions which it by order directs. The hearing on review shall be de novo and the director shall be deemed a party to any such proceeding. [L. 1947, c. 64, s. 7.]

The application accompanied by an affidavit showing that such place of employment, machine, device, apparatus or equipment is being operated in violation of an order of the director or rule or regulation of the commission, attaching a copy of such order, rule or regulation, and showing that such use or operation constitutes a menace to the life or safety of any person shall warrant in the discretion of the court the immediate granting of a temporary restraining order. No bond shall be required from the director as a prerequisite to the granting of any restraining order or injunction. [L. 1947, c. 64, s. 8.]

[Sec. 4390.09.] Section 9. **Penalties.** Any person who shall violate or shall fail to comply with any notice or order made under or by virtue of this Act or under or by virtue of any rule or regulation of the commission, or who shall deface, destroy or remove without the authority of the division any notice or warning required by this Act or any rule or regulation of the commission, shall be guilty of a misdemeanor and punishable

Amputation at or above the knee shall be considered as the loss of a leg.

Scope and time of payment. The compensation for the foregoing specific injuries shall be in lieu of all other compensation, except the benefits provided in sections 4415 and 4416, **provided**, however, that payments of compensation under this section shall not commence until after the period of total or partial disability shall have terminated.

Facial or head disfigurement. In case of an injury resulting in serious facial or head disfigurement the director may, in his discretion, make such award or compensation as he may deem proper and equitable, in view of the nature of the disfigurement, but not to exceed thirty five hundred dollars.

Other cases. In all other cases in this class of disability the compensation shall be sixty six and two thirds per centum of the difference between his average weekly wages and his wage earning capacity thereafter in the same employment or otherwise, payable during the continuance of partial disability but subject to reconsideration of the degree of the impairment by the director on his own motion or upon application of any party in interest.

Maximum compensation. The total compensation under this section and the total compensation under section 4416, taken together, shall not exceed in the aggregate the sum of seventy five hundred dollars but any additional compensation awarded under section 4416 for services of an attendant shall not be included in computing said sum.

2. **Temporary partial disability.** Where the injury causes partial disability for work, the employer, during the disability and, except as herein-after in this paragraph provided, for a period of two hundred and sixty weeks beginning with the first day of disability, shall pay the injured workman a weekly compensation equal to sixty-six and two-thirds per centum of the difference between his average weekly wages before the accident and the weekly wages he will most probably be able to earn thereafter, but not more than twenty-five dollars a week. In no case shall the weekly payments continue after the disability ends; and in case the partial disability begins after a period of total disability, the period of total disability shall be deducted from the total period of two hundred and sixty weeks; nor shall the amount of compensation paid in any case exceed in the aggregate the sum of seventy-five hundred dollars. But no adjudication of disability shall be made until after two weeks from the date of injury.

3. **Artificial members or aids.** In addition to the compensation hereinabove scheduled where an injury results in the amputation of an arm, hand, leg or foot, or the enucleation of an eye, or the loss of any natural or artificial teeth, or the loss of vision which may be partially or wholly corrected by the use of lenses, the employer shall furnish, but not more than once for each injury aforesaid, an artificial of any such member lost, and in the case of correctable loss of vision, one set of suitable glasses; the pecuniary liability of the employer for such artificial limbs or supplies as may be required by this paragraph shall be limited to such charges as prevail in the same community for similar treatment of injured persons of a like standard of living when the treatment is paid for by the injured person. In each case mentioned in paragraphs (1), (2), and (3) the commission may establish the terms and conditions of the contract, lease, or other arrangement, and may fix the charges, rentals or fees for the privileges, services, or things granted, conferred, or made available, for the purpose of meeting the expenses of operation and maintenance of the system of territorial airports and air navigation facilities. Such charges shall be reasonable and uniform for the same class of privilege, service or thing.

(b) **Under other operation.** The commission may, by contract, lease or other arrangement, upon a consideration fixed by it, grant to any qualified person the privilege of operating, as agent of the Territory or otherwise, any airport owned or controlled by the commission: **provided** that no such person shall be granted any authority to operate the airport other than as a public airport or to enter into any contracts, leases, or other arrangements in connection with the operation of the airport which the commission might not have undertaken under subsection (a) of this section.

(c) **Miscellaneous fees and charges.** The commission may fix and regulate, from time to time, reasonable landing fees for aircraft and other reasonable charges for the use and enjoyment of the airports and the services and facilities furnished by the commission in connection therewith, for the purpose of meeting the expenses of operation and maintenance of the system of territorial airports and air navigation facilities.

All lands and other property and privileges acquired and used by or on behalf of the Territory in the manner and for the purposes enumerated in this chapter shall and are hereby declared to be acquired and used for public and governmental purposes and as a matter of public necessity. [L. 1947, c. 32, pt. of s. 1.]

(a) **Powers to issue.** The commission may perform such acts, issue and amend such orders, make, promulgate, and amend such reasonable general or special rules, regulations and procedures, and establish such minimum standards, consistent with the provisions of this chapter, as it shall deem necessary to carry out the provisions of this chapter and to perform its duties hereunder: all commensurate with and for the purpose of protecting and insuring the general public interest and safety, the safety of persons operating, using or traveling in aircraft, and the safety of persons and property on land or water, and developing and promoting aeronautics in the Territory. No rule or regulation of the commission shall apply to airports or air navigation facilities owned or operated by the United States.

(b) **Conformity to federal legislation and rules.** No rules, regulations, orders or standards prescribed by the commission shall be inconsistent with, or contrary to, any act of the Congress of the United States or any regulations promulgated or standards established pursuant thereto.

(c) **How made.** All rules and regulations of general effect, having the force and effect of law, shall be approved by the governor, shall be published once in a newspaper of general circulation, and shall be subject to sections 466-476 inclusive, **provided** that public hearings thereon may be held by any member of the commission, the director, or others, as provided in section 14. Where such rules or regulations have only a special effect, the same shall not be subject to sections 466-476, and need not be approved by the governor or published, but shall not be obligatory or enforceable under sections 20 and 21 unless (1) made in the form of an order served upon the persons affected either by registered mail or in person, and (2) the persons affected shall have had reasonable notice and opportunity to be heard, as provided in section 15 (b).

(d) **Distribution.** The commission shall provide for the publication and general distribution of all of its rules, regulations and procedures having general effect. [L. 1947, c. 32, pt. of s. 1.]

[Sec. 4915.14.] Sec. 14. **Commission orders, notice and opportunity for hearings, judicial review.** (a) Every order of the commission requiring performance of or desistance from certain acts or compliance with certain requirements and any denial or revocation of an approval, certificate or license, or refusal of a renewal thereof, (1) shall set forth the reasons

therefor and shall state the acts to be done or requirements to be met, (2) shall be made only after reasonable notice and an opportunity to be heard, and (3) shall be served upon the persons affected either by registered mail or in person.

(b) In every case where reasonable notice and opportunity for hearing are required under the provisions of this section and section 13, the commission shall, on not less than five days' notice personally served, or seven days' notice by registered mail (to be computed from the date of mailing of the notice), specify a time when and place where the person affected may be heard, **provided**, that in cases of emergency where the public interest so requires the amount of notice may be shortened, or a temporary order may be issued pending the holding of the hearing. To the extent practicable, hearings on such matters shall be held in the county where the affected person resides or does business.

(c) Any person aggrieved by an order of the commission or by the grant, denial or revocation of any approval, license or certificate, or refusal of a renewal thereof, may file an appeal therefrom in the office of the clerk of the circuit court of the circuit in which such person resides or does business within ten days from the date of personal service thereof upon him, or twelve days from the date of mailing of such notice by registered mail. The proceedings shall not, however, operate to suspend such order, grant, denial, revocation or refusal unless upon proper order of a court of competent jurisdiction. Such proceeding may be instituted upon the ground that the action of the commission is unreasonable or contrary to law and the particulars thereof shall be specified. The proceeding shall be prosecuted against said commission. The commission, as defendant, shall be served with summons as in civil actions, by service upon the director, or upon the chairman or secretary of the commission. Upon service of summons upon it, the commission shall, within ten days, file its answer and transmit to the clerk of such court, a transcript of the original papers, if any, filed with it in the matter, and a certified transcript of all evidence adduced at any hearing held in regard thereto. Upon the filing of such answer the proceeding shall be at issue and upon application of either party may be advanced and assigned for hearing at the earliest possible date.

The circuit judges at chambers shall have jurisdiction of such proceedings, such jurisdiction to be confined to questions of law. No additional evidence shall be received by

the court, but the court may order additional evidence to be taken before the commission, and the commission may, after hearing such additional evidence, modify its order or action. The commission shall file a transcript of the additional record with the court.

Proceedings for review by the supreme court may be taken and had in the same manner, but not inconsistent with the provisions of this chapter, as is provided for a review of an order or decree of a circuit judge at chambers.

Upon the final termination of any such judicial review, the commission shall enter an order or take other action in accordance with the mandate of the court. [L. 1947, c. 32, pt. of s. 1.]

(b) **Reciprocal services.** The commission is authorized to avail itself of the cooperation, services, records and facilities of the agencies of the United States as fully as may be practicable in the administration and enforcement of this chapter. The commission shall furnish to the agencies of the United States its cooperation, services, records and facilities, insofar as may be practicable.

(c) **Accident reporting.** The commission shall report to the appropriate agency of the United States all accidents in aeronautics in the Territory of which it is informed, and shall insofar as is practicable preserve, protect and prevent the removal of the component parts of any aircraft involved in an accident being investigated by it until the federal agency institutes an investigation. [L. 1947, c. 32, pt. of s. 1.]

CERTIFICATES AND LICENSES.

[Sec. 4915.16.] **Sec. 16. Federal airman and aircraft certificates.**

(a) **Operation without—unlawful.** It shall be unlawful for any person to operate or cause or authorize to be operated any civil aircraft within the Territory unless such aircraft has an appropriate effective certificate, permit or license issued by the United States, if such certificate, permit or license is required by the United States. It shall be unlawful for any person to engage in aeronautics as an airman in the Territory unless he has an appropriate effective airman certificate, permit, rating or license issued by the

United States authorizing him to engage in the particular class of aeronautics in which he is engaged, if such certificate, permit, rating or license is required by the United States.

(b) **Exhibition of certificates.** Where a certificate, permit, rating or license is required for an airman by the United States, it shall be kept in his personal possession when he is operating within the Territory and shall be presented for inspection upon the demand of any public officer, or any other officer of the Territory or of a municipality or member, official or employee of the commission authorized pursuant to section 20 of this chapter to enforce the aeronautics laws, or any official, manager or person in charge of any airport upon which the aircraft shall land, or upon the reasonable request of any person. [L. 1947, c. 32, pt. of s. 1.]

[Sec. 4915.17.] Sec. 17. **Licensing of airports.** (a) **Site approvals.** Except as provided in subsection (d) of this section, the commission is authorized to provide for the approval of airport sites and the issuance of certificates of such approvals. No charge shall be made for any such approval. Upon the promulgation of a rule or regulation providing for such approvals, any person desiring or planning to construct or establish an airport may, prior to the acquisition of the site or prior to the construction or establishment of the proposed airport, make application to the commission for approval of the site. The commission shall with reasonable dispatch issue a certificate granting approval of a site if it is satisfied: (1) that the site is adequate for the proposed airport; (2) that such proposed airport, if constructed or established, will conform to minimum standards of safety; and (3) that safe air traffic patterns can be worked out for such proposed airport and for all existing airports and approved airport sites in its vicinity. An approval of a site may be granted subject to any reasonable conditions which the commission may deem necessary to effectuate the purposes of this section, and shall remain in effect, unless sooner revoked by the commission, until a license for an airport located on the approved site has been issued pursuant to subsection (b) of this section. The commission may, after notice and opportunity for hearing to a holder of a certificate of approval, revoke such approval when it shall reasonably determine (1) that there has been an abandonment of the site as an airport site, or (2) that there has been a failure within the time prescribed, or if no time was prescribed, within a reasonable time, to develop the site as an airport or to comply with the conditions of the approval, or (3) that because of change of

physical or legal conditions or circumstances the site is no longer usable for the aeronautical purposes for which the approval was granted.

(b) **Licenses.** Except as provided in subsection (d) of this section, the commission is authorized to provide for the licensing of airports and the annual renewal of such licenses. It may charge license fees not exceeding one hundred dollars (\$100) for each original license, and not exceeding ten dollars (\$10) for each renewal thereof. Upon the promulgation of a rule or regulation providing for such licensing, the commission shall with reasonable dispatch, upon receipt of an application for an original license and the payment of the duly required fee therefor, issue an appropriate license if it is satisfied that the airport conforms to minimum standards of safety and that safe air traffic patterns can be worked out for such airport and for all existing airports and approved airport sites in its vicinity. All licenses shall be renewable annually upon payment of the fees prescribed. Licenses and renewals thereof may be issued subject to any reasonable conditions that the commission may deem necessary to effectuate the purposes of this section. The commission may, after notice and opportunity for hearing to the licensee, revoke any license or renewal thereof, or refuse to issue a renewal, when it shall reasonably determine (1) that there has been an abandonment of the airport as such, or (2) that there has been a failure to comply with the conditions of the license or renewal thereof, or (3) that because of change of physical or legal conditions or circumstances, the airport has become either unsafe or unusable for the aeronautical purposes for which the license or renewal was issued. It shall be unlawful for any person to operate an airport without an appropriate license for such, as may be duly required by rule or regulation issued pursuant to this subsection.

(c) **Public hearings.** In connection with the grant of approval of a proposed airport site or the issuance of an airport license under subsections (a) and (b) of this section, the commission may, on its own motion or upon the request of an affected or interested person, hold a hearing open to the public, and shall hold a hearing when and as required by section 15.

(d) **Exemptions.** The requirements of this section as to site approvals and licenses shall not apply to airports owned or operated by the United States. The commission may, from time to time, to the extent necessary, exempt any other class of airports, pursuant to a reasonable classification or

grouping, from any rule or regulation promulgated under this section or from any requirement of such a rule or regulation, if it finds that the application of such rule, regulation or requirement would be an undue burden on such class and is not required in the interest of public safety. [L. 1947, c. 32, pt. of s. 1.]

ENFORCEMENT PROCEEDINGS; PENALTIES.

[Sec. 4915.18.] Sec. 18. **Enforcement of aeronautics laws.**

(a) **Enforcement officers.** It shall be the duty of the commission, its members, the director, officers and employees of the commission, and every territorial and county officer charged with the enforcement of territorial laws and ordinances, to enforce and assist in the enforcement of this chapter and of all rules, regulations and orders issued pursuant thereto and of all other laws of the Territory relating to aeronautics; and in that connection each of the aforesaid persons is authorized to inspect and examine at reasonable hours any premises, and the buildings and other structures thereon, where airports, air navigation facilities, or other aeronautical activities are operated or conducted. In aid of the enforcement of this chapter, the rules, regulations and orders issued pursuant thereto, and all other laws of the Territory relating to aeronautics, the powers of police officers are hereby conferred upon the commission, each of its members, the director, and such of the officers and employees of the commission as may be designated by it to exercise such powers, including the power to serve and execute warrants and arrest offenders, and the power to serve notices and others.

(b) **Court aid.** The commission is authorized, in the name of the Territory, to enforce the provisions of this chapter and the rules, regulations and orders issued pursuant thereto by injunction or other legal process in the courts of the Territory. [L. 1947, c. 32, pt. of s. 1.]

[L. 1947, c. 32, pt. of s. 1.]

[Sec. 4915.20.] Sec. 20. **Exchange of violations information.** The commission is authorized to report to the appropriate federal agencies and agencies of the states and other territories of the United States all proceedings instituted

charging violation of section 18 of this chapter, or section 4929 or 4934, and all penalties, of which it has knowledge, imposed upon airmen or the owners or operators of aircraft for violations of the laws of the Territory relating to aeronautics or for violations of the rules, regulations or orders of the commission. The commission is authorized to receive reports of penalties and other data from agencies of the federal government, the states and other territories of the United States and, when necessary, to enter into agreements with federal agencies and the agencies of such states and other territories governing the delivering receipt, exchange and use of reports and data. The commission may make the reports and data of the federal agencies, the agencies of such states and other territories and the courts of the Territory available, with or without request therefor, to any and all courts of the Territory, and to any officer of the Territory or of a municipality authorized pursuant to section 20 of this chapter to enforce the aeronautics laws." For the purposes of this section a hydroplane shall be deemed an aircraft. In any proceeding charging careless or reckless operation of an aircraft in violation of this section, the court in determining whether the operation was careless or reckless shall consider the standards for safe operation of aircraft prescribed by federal statutes or regulations governing aeronautics, or by territorial regulations governing aeronautics. Any person violating this section shall be guilty of a misdemeanor, and punishable by a fine of not more than one thousand dollars (\$1000), or imprisonment for not more than one year, or both.

For any violation of this section or section 4929, in addition to, or in lieu of, the penalties hereinabove provided or provided by said section 4929, or as a condition to the suspension of a sentence which may be imposed pursuant thereto, the court in its discretion may prohibit the violator from operating an aircraft within the Territory for such period as it may determine but not to exceed one year. Violation of the duly imposed prohibition of the court may be treated as a separate offense under said sections or as a contempt of court." [L. 1947, c. 32, s. 3.]

County contributions. For item (4) under column I the board of supervisors of each county shall compute the amounts payable, or required to be appropriated or contributed, by such county for such calendar year to or for public or quasi-public institutions, such as hospitals, which payments, appropriations or contributions are by law specifically required of such county.

In item (5) under column I the board of supervisors of each county shall include the amount estimated by the board of trustees of the employees' retirement system of the Territory, pursuant to Chapter 15, to be due from such county for such calendar year on account of the employees thereof who are members of the employees' retirement system, which estimate shall be submitted to such board of supervisors by the trustees on or before January 31 of the calendar year.

In item (6) under column I shall be included any additional amount or amounts specified or required by special acts of the legislature relating to the county and which cannot be included in any other item under column I.

In item (7) under column I shall be included: (a) All items for permanent improvements for the county; and (b) current and operating expenses of the county includ-

ing, among other items, the operating expenses of the departments of such county, any portion or all of the expenses of operating and equipping sewer and cesspool pumping systems as operated or extended, road maintenance and repair and other current, operating or general needs; **provided**, however, that there shall not be included in said item (7) any amounts for the payment of any charges for interest, sinking fund or principal on any bonds issued for county purposes, any law to the contrary notwithstanding (but nothing herein contained shall be construed to prohibit the use of any general fund moneys for the payment of any bond requirements in the event of a subsequently developing shortage of other available moneys therefor).

Under column II there shall be included by the board of supervisors, opposite any item under column I, any amounts which are required or authorized by law to be deducted from, or offset against, the tax rate calculations for such calendar year for such item, representing revenues or other funds available or estimated to be available during the year and applicable on account of such item under column I. Under column II there further shall be set forth the amount of item (8), i.e. the county's share of the general excise tax as estimated by the board of supervisors.

Under column III there shall be included, opposite each of items (1) to (7) of column I, a figure equal to the amount, if any, remaining after deducting or offsetting the amount included under column II of such item from or against the amount included under column I of such item.

For item (9) under columns I and II there shall be stated the totals of the amounts set forth in items (1) to (8) inclusive, under said columns I and II, and for item (9) under column III there shall be stated the amount of the total of column I less the total of column II.

For item (10) under column III there shall be stated all or such portion of the amount of item (9) under column III as is to be raised from real property taxes.

[For item (11) under column III there shall be stated the amount of the county's requirements for such year to be met by personal property taxes, as provided by section 5255.] [Out, see sec. 4 hereof.]

Under the heading 'other estimated county revenues and expenditures' there shall be included estimates of miscellaneous revenues and estimated expenditures therefrom not included in items (1) to (10)* inclusive, of the budget and any other data bearing on county finance. [* am. by sec. 4 hereof.]

The budget so prepared shall be approved by a resolution of the board of supervisors adopted in the manner provided by law relating to resolutions involving the expenditure of public money, except that such budget may, but need not, be published in a newspaper before final adoption in order to be valid. No such publication shall be made in any newspaper except a daily newspaper published in the county, unless no daily newspaper is published in such county, in which event such publication may be made in any newspaper published in such county. If the budget is submitted earlier than March 31 (or the date provided in the next section), the same may be amended from time to time by resolution similarly adopted and filed with the treasurer on or before such date.

The treasurer shall, on or before May 10 (except as provided in the next section), determine the rate per centum at which the taxable real property in the taxation division in which the county is situated shall be taxed in order to yield the amount set forth in item (10) under column III.

If, however, the amount shown in item (10) under column III of the budget for a county shall exceed, in the case of:

The county of Hawaii, the sum of \$1,200,000

The county of Kauai, the sum of 600,000
the amount shown by the item shall be reduced to the amount last hereinabove stated for such county. No deduction shall be made by the treasurer from any item of such budget.

In determining the real property tax rate the aggregate value of real property as assessed for the purposes of the tax for the current year, with calculations made as of April 20 of assessed values of the current year, shall be taken as a basis. In all cases where appeals are unsettled, the values used shall be the lowest claimed by the taxpayer in each case, plus fifty per centum of the value in dispute.

The rate determined shall forthwith be communicated to the tax commissioner and shall be the rate at which such real property shall be taxed for such calendar year under section 5139 in the taxation division in which is included the county for which the budget is submitted.

In so far as the validity of any tax rate shall be concerned, the provisions of this subsection shall be deemed directory, and no informality and no other defect whatsoever, whether in form or substance, in such budget, shall invalidate or be deemed to invalidate said budget or any tax rate based thereon, so long as the rate fixed pursuant to such budget shall be based on an amount not exceeding the amount set forth hereinabove or otherwise provided by law, as the tax rate limit for such county for real property taxes.

If the board of supervisors shall fail to transmit a budget within the time hereinabove required, the treasurer shall adopt, as a basis for fixing the real property tax rate for the county, a figure equal to ten per centum less than the amount stated in this section as the limit of the amount to be raised for such county by real property taxation.

Any information or estimates necessary to be given to any board of supervisors by any officers, either county or territorial, or by any other persons in order to enable the board to prepare the budget or any item thereof for any calendar year, shall be submitted by such officers or persons to the board not later than January 31 of such year, any other law to the contrary notwithstanding.

(b) In the city and county of Honolulu and the county of Maui the rate at which real property shall be taxed for each calendar year under section 5139 shall be fixed on or before May 15 of each year by resolution of the board of supervisors adopted in the manner provided by law relating to resolutions involving the expenditure of public money, provided that the date prescribed for 1947 shall be May 24 instead of May 15. The provisions of this paragraph as to the date for fixing said tax rate shall be deemed directory and failure to adopt such resolution on or before the date hereinabove prescribed shall not invalidate the tax rate. The rate so determined by the board shall forthwith be communicated to the tax commissioner and shall be the rate at which real property shall be taxed for such calendar year under section 5139 in the county concerned; **provided**, that if such rate, applied to the assessed value of the taxable real property in the county for the current year computed according to the provisions of subsection (a) with respect to the basis for determination of real property tax rates, is calculated to yield for said year more than the amount hereinafter set forth, the tax commissioner shall reduce the rate to such rate as will yield the amount hereinafter set forth and shall apply the reduced rate. Such amounts are as follows:

For 1947

In the city and county of Honolulu.....\$6,000,000
 In the county of Maui..... 850,000

For 1948 and later years

In the city and county of Honolulu..... 8,000,000
 In the county of Maui..... 900,000

The board of supervisors of the city and county of Honolulu and the county of Maui shall not be required to submit to the treasurer the complete budget required by subsection (a), but shall, on or before the date required by law for other counties, submit to the treasurer a budget, approved by a resolution of the board of supervisors adopted in the manner provided by law relating to resolutions involving the expenditure of public money, showing the estimated requirements of the county during and for such year for or on account of items (1) to (6) inclusive of the form of county budget prescribed by subsection (a), containing all of the information there required under columns I, II and III for said items (1) to (6) inclusive. [Am. by sec. 4 hereof.]

Any information or estimates necessary to be given to the board of supervisors by any officers, either county or territorial, or by any other persons in order to enable the board to prepare the foregoing statement, shall be submitted by such officers or persons to the board not later than January 31 of such year, any other law to the contrary notwithstanding." [R. L. 1945, s. 5252; am. L. 1945, c. 82, s. 3; am. in toto L. 1947, c. 111, ss. 1, 4.]

Section 2. Effective January 1, 1948, **section 5253** of the Revised Laws of Hawaii 1945 is hereby amended by adding thereto a new paragraph to read as follows:

"In each year in which the legislature meets in regular session, each county shall submit to the legislature, by filing with the director of the bureau of the budget at least twenty days before the convening of the legislature, for transmission by said director to the legislature, the budget of said county for the current calendar year and the next succeeding calendar year. Such budgets shall show estimated receipts as well as estimated expenditures. The form in which such budgets shall be submitted and the itemization thereof shall be as prescribed by the director of the bureau of the budget, who may require the inclusion therein of relevant information concerning the last two completed calendar years."

Note: As so amended, § 5253 reads as shown in the Supplement at the end of this volume, following "Joint Resolutions".

Section 3. Effective January 1, 1947, section 5254 of the Revised Laws of Hawaii 1945, as amended by Act 82 of the Session Laws of Hawaii 1945, is further amended to read as follows:

"Sec 5254. Property taxes, disposition of proceeds; county's share of general excise tax. All property taxes (including real and personal property taxes for any year, whether before or after 1933) shall be paid into the territorial treasury each month within ten days after collection. Out of such taxes paid into the territorial treasury from each county, the treasurer shall retain from time to time in special accounts sufficient amounts for the purposes specified in items (1) and (5), under column III, respectively, of the budget provided for in section 5252, and shall pay the balance thereof to the treasurer of such county, as soon as possible after the same have been paid into the territorial treasury, or after the disposition of any tax appeal, as the case may be, for the purposes specified in items (2), (3), (4) and (6) under column III of the budget, and for the purposes of meeting the other requirements of the county for the year. The county treasurer shall, from time to time, allot from the balance, or from the county's share of the general excise tax when received by the county, sufficient for the purposes specified in items (2), (3), (4) and (6), respectively, and shall keep such allotments in special accounts for use for such purposes only and shall under no circumstances allow any part thereof to be used for any other purpose; nor shall the territorial treasurer allow any moneys so retained for the purposes specified in items (1) and (5) to be used for any other purpose; **provided**, however, that if any amount included in item (6) shall, by law, be required to be retained by the territorial treasurer for any purpose specified by law, such amount shall be so retained by the treasurer and applied to such purpose. If at any time there shall be insufficient moneys for the purposes of any special account, moneys in the general account of the Territory or county, as the case may be, may be used for such purposes, in which case the general account may later be reimbursed by transfers from such special account.

Each county shall receive a share of the general excise tax, consumption tax, and compensating tax (hereinbefore and hereinafter called the county's share of the general excise tax), as follows: The treasurer of the Territory, in quarterly installments, on or about the last days of March, June, September, and December, in each such calendar year, shall pay to the county treasurer of each county, to

become a general fund realization of said county, expendable as such, except as otherwise provided by law, the county's share of the general excise tax for such year, determined as hereinafter provided. Each such quarterly payment shall be an estimated amount, which shall be adjusted by the treasurer in making the succeeding quarterly payment. The county's share of the general excise tax shall be determined as follows: the total of the distributions so made to the counties from the collections of general excise tax, consumption tax and compensating tax shall be in an amount determined by crediting to the counties (in the aggregate, irrespective of where the collections are made), one per centum of the tax base of all collections of said taxes which have been made at the rate of two and one-half per centum. Said total credit shall be divided among the counties so that each county shall receive the percentage of the total hereinafter stated, that is:

In the case of the city and county of Honolulu.....	55%
In the case of the county of Maui	15%
In the case of the county of Hawaii	20%
In the case of the county of Kauai	10%

All property taxes (including real and personal taxes for any year, whether before or after 1933, and delinquent taxes and taxes collected by reason of assessments of omitted property, additional assessments or the settlement of tax appeals) collected during any calendar year in any county shall (except as otherwise provided by law) be applied on account of the requirements of such county for such year, **provided**, however, that in the counties of Hawaii and Kauai the amount of taxes so distributed shall not exceed in the aggregate, a maximum amount equal to the sum of (a) the amount set forth under column III of the budget for such county, or the amount prescribed by law as the limit of the amount to be raised by property taxes for such county, whichever is the smaller, and (b) the amount of any deficiency in meeting the requirements of such county for such preceding calendar year as set forth in its budget for such year, caused by insufficient property tax collections during such year; **provided**, that in case there was such deficiency in meeting the requirements of such county for such preceding calendar year, then any delinquent tax collections made during the current year of taxes assessed in prior years shall be expendable forthwith by the county on account of any obligations incurred or commitments made during such preceding year and not paid or met because of such deficiency in collections.

Any real or personal property taxes collected during any year in the county of Hawaii or county of Kauai, in excess of said maximum amount, shall be retained by the treasurer and applied to meet the requirements of such county for the succeeding calendar year and shall by him be deducted from the amount (item (10) under column III of the budget) which would otherwise be used by him in fixing the real property tax rate for the county for the succeeding calendar year pursuant to section 5252, thereby reducing the tax rate. If the amount of the county requirements set forth in item (10) under column III of the budget shall be in excess of the county's maximum limit fixed by section 5252, to be raised by real property taxes, the treasurer shall first reduce said requirements to the amount of said tax rate limit as provided by section 5252, and shall then deduct from said reduced amount the amount of such excess collections pursuant to this paragraph. Such excess collections shall not be taken into consideration by the board of supervisors in fixing and submitting to the treasurer its budget for the succeeding calendar year pursuant to section 5252.

All payments to be made by the territorial treasurer as aforesaid shall be made upon warrants issued by the territorial auditor; **provided**, however, that nothing in this subtitle contained shall be construed as in any way amending or repealing the provisions of any law authorizing the withholding, by the territorial treasurer or the territorial auditor, of moneys in the territorial treasury belonging or due to any county for the payment of principal or interest for territorial bonds, or any other charges." [R. L. 1945, s. 5254; am. L. 1945, c. 82, s. 4; am. in toto L. 1947, c. 111, s. 3.]

Note: As so amended, § 5607 reads as shown in the **Supplement** at the end of this volume.

(d) This section shall take effect on July 1, 1947; **provided**, that all sales of liquor made before July 1, 1947, which were subject to the tax imposed by chapter 104 of the Revised Laws of Hawaii 1945 as it read prior to the amendments made by this Act, shall be returned and the tax thereon paid as provided by said chapter 104 as it read prior to the amendments made by this Act.

Series A-83: ACT 196

An Act Relating to Fuel Taxes and the Disposition Thereof; Amending Chapter 100 of the Revised Laws of Hawaii 1945, and Section 5260 of Chapter 96 of the Revised Laws of Hawaii 1945.

Be it Enacted by the Legislature of the Territory of Hawaii:

Section 1. Section 5260 of the Revised Laws of Hawaii 1945, as amended by Act 82 of the Session Laws of Hawaii 1945, is hereby further amended in the following respects:

(a) By amending the first paragraph thereof to read as follows:

"Sec. 5260. Special funds in treasury of Territory. (a) There are created in the treasury of the Territory two special funds to be known, respectively, as territorial highway fund and territorial airport fund. All taxes collected under chapter 100 in each calendar year, except the 'city and county of Honolulu extra tax', 'county of Maui extra tax', and 'county of Kauai extra tax', shall be deposited in the territorial highway fund; **provided**, however, that all taxes collected under chapter 100 in respect to gasoline sold for use in or used for airplanes shall be set aside in the territorial airport fund."

(b) By amending paragraph (2) of subsection (b) thereof to read as follows:

"(2) The remaining moneys in the territorial highway fund shall be expendable by the territorial highway department for the design, construction, reconstruction, repair, and maintenance of, and for engineering and acquisition of rights of way for highways in the Territory upon which federal moneys are expendable or have been expended, pursuant to the provisions of chapter 89, and the Federal Highway Act and legislation supplementary thereto; **provided**, that the expenditures from such fund for new construction work, including acquisition of rights of way, shall be so apportioned to the counties by the territorial highway engineer that, as nearly as practicable and to the extent allowable under the Federal Highway Act and other federal legislation, there shall be expended for each county the estimated amount of its share of the collections in said fund remaining after the deduction of charges for bonds and maintenance, such estimate to be made by the territorial highway engineer except as hereinafter stated, and to be computed on the following basis: there shall be credited to each county the amount of the collections made each year for deposit in said fund, for fuel sold or used within such county; **provided**, that fuel intended for ultimate use in another county shall be credited

to the county in which the same is to be so used; **provided**, further, that the county of Hawaii extra tax shall be credited directly to the share of said county and shall not be subject to deduction for bonds issued by counties or for repairs or maintenance. The tax commissioner shall estimate the amount of the said collections for each county for the year. There shall be charged against the total of such collections for the entire Territory for the year (except as hereinbefore provided) the amount of the bond requirements of the several counties for the year pursuant to paragraph (1) of this subsection, as determined by the respective county treasurers. The tax commissioner and the county treasurers shall certify such amounts to the territorial highway engineer and the territorial treasurer on or before January 31 of each year. There further shall be charged against the total of such collections for the entire Territory for the year (except as hereinbefore provided) the cost for the year of repairs and maintenance of federal aid highways, including the cost of equipment and general administrative overhead. The balance remaining after the deduction of charges for bonds and maintenance shall be divided among the several counties in proportion to their credits for collections (not including in the credit for Hawaii, for said purpose, the county of Hawaii extra tax), and the amount so determined for each county shall be deemed its share of the collections in said fund remaining after the deduction of charges for bonds and maintenance, **provided**, that there shall be additionally credited to the county of Hawaii's share the county of Hawaii extra tax. If the actual share of any county for the year, as determined at the close of the calendar year upon the basis of actual collections, repairs and maintenance, exceeds or is less than the expenditure for such county for such year for new construction, such excess shall be added or such deficiency deducted in determining the share of such county for the following year.

Provided, that there shall be expended from the territorial highway fund for new construction in West Hawaii, and charged against the county of Hawaii's share of the collections, an amount at least equal to ten per cent of the principal of any territorial bonds issued on or after January 1, 1947 for new construction for the county of Hawaii; **provided**, further, that there shall be paid from the territorial highway fund and charged against the county of Hawaii's share of the collections, the same as if expended directly for new construction, the following requirements for territorial bonds issued on or after January 1, 1947 for new construction for the county of Hawaii, to wit: the interest on such

bonds and the principal of all serial bonds maturing the following year, such payments to be made by the territorial treasurer, who shall certify the amount thereof to the territorial highway engineer, from time to time.

As used in this subsection the term 'new construction' includes the items enumerated in the first sentence hereof, except repairs and maintenance." [R. L. 1945, s. 5260; am. L. 1945, c. 82, s. 5; am. L. 1947, c. 32, s. 5, and c. 196, s. 1; and see L. 1947, c. 36, s. 1.]

(a) Every distributor shall, in addition to any other taxes provided by law, pay a license tax to the commissioner for each gallon of liquid fuel refined, manufactured, produced or compounded by such distributor and sold or used by him in the Territory or imported by such distributor, or acquired by him from persons not licensed distributors, and sold or used by him in the Territory. Any person who shall sell or use any liquid fuel knowing that the distributor from whom it was originally purchased has not paid and is not paying the tax thereon shall pay such tax as would have applied to such sale or use by the distributor himself. The rates of the tax hereby imposed are as follows:

- (1) For each gallon of diesel oil, one cent.
- (2) For each gallon of gasoline sold for use in or used for airplanes, five cents.
- (3) For each gallon of liquid fuel other than fuel mentioned in items (1) and (2), sold or used in the county of Hawaii, or in any county for ultimate use in the county of Hawaii, six cents, of which tax one-third, or two cents, shall be known as the 'county of Hawaii extra tax' and is so referred to in chapter 96.
- (4) For each gallon of liquid fuel other than fuel mentioned in items (1) and (2), sold or used in the city and county of Honolulu, or in any county for ultimate use in the city and county of Honolulu, four cents, and in addition thereto during the period July 1, 1947 to June 30, 1951, inclusive, an extra tax of two cents, which extra tax shall be known as the 'city and county of Honolulu extra tax' and is so referred to in chapter 96.
- (5) For each gallon of liquid fuel other than fuel mentioned in items (1) and (2), sold or used in the county of Maui, or in any county for ultimate use in the county of Maui, four cents, and in addition thereto during the period

(b) Every distributor or other person who shall use any diesel oil for operating a motor vehicle or motor vehicles upon the public highways of the Territory shall, in addition to the tax required by subsection (a) of this section, pay a license tax to the commissioner for each gallon of such diesel oil so used by him. Any diesel oil acquired by a person who has in his ownership, possession or control any vehicle in which diesel oil may be used on the highways, shall be presumed to have been entirely used by such person upon the highways, unless upon proper records and from such other evidence as the commissioner may require it shall be proved to the satisfaction of the commissioner that such diesel oil has not been used by such person on the highways. The rates of the additional tax hereby imposed are as follows:

(1) For each gallon of diesel oil so used upon the public highways in the county of Hawaii, five cents, of which two-fifths, or two cents, shall be known as the 'county of Hawaii extra tax' and is so referred to in chapter 96.

(2) For each gallon of diesel oil so used upon the public highways in the city and county of Honolulu, three cents, and in addition thereto during the period July 1, 1947 to June 30, 1951, inclusive, an extra tax of two cents, which extra tax shall be known as the 'city and county of Honolulu extra tax' and is so referred to in chapter 96.

(3) For each gallon of diesel oil so used upon the public highways in the county of Maui, three cents, and in addition thereto during the period July 1, 1947 to June 30, 1951, inclusive, an extra tax of two cents, which extra tax shall be known as the 'county of Maui extra tax' and is so referred to in chapter 96.

(4) For each gallon of diesel oil so used upon the public highways in the county of Kauai, three cents, and in addition thereto during the period July 1, 1947 to June 30, 1951, inclusive, an extra tax of two cents, which extra tax shall be known as the 'county of Kauai extra tax' and is so referred to in chapter 96.

(c) **Provided**, that the tax shall not be collected in respect to any liquid fuel, including diesel oil, shown to the satisfaction of the commissioner to have been sold for use in and actually delivered to, or sold in, the county of Kalawao." Section 3. Section 5408 of the Revised Laws of Hawaii 1945, is hereby amended by amending subsection (1) thereof to read as follows:

"Sec. 5408. Distributors, etc., to keep records. (1) Every distributor shall keep in the Territory and preserve for three years a record in such form as the commissioner shall prescribe, showing (a) the total number of gallons of fuel refined, manufactured, produced, or compounded by such distributor and sold or used by him within each county during each month of the calendar year, and if for ultimate use in another county, the name of that county; (b) the total number of gallons of such fuel imported by such distributor, or acquired by him from persons not licensed distributors, and sold or used by him in each county during each month, and if for ultimate use in another county, the name of that county; (c) the total number of gallons of such fuel sold to the United States or any department or agency thereof or to any other person or entity, or used in any manner, in each county during each month, the effect of which sale or use is to exempt the fuel so sold or used from the imposition of the tax provided for by this chapter; and (d) such other data and figures relevant to the enforcement and administration of the provisions of this chapter as the commissioner may require."

Note: See **Supplement** for rewritten § 5408, and other tax amendments.

Series A-85: ACT 113

An Act Relating to Taxation, Imposing a Compensating Tax, and Adding to Title 14 of the Revised Laws of Hawaii 1945 a New Chapter Providing Therefor and Imposing Penalties; Also Amending Chapters 99 and 101 of the Revised Laws of Hawaii 1945, as Amended, Being the Consumption Tax Law and General Excise Tax Law.

Be it Enacted by the Legislature of the Territory of Hawaii:

Section 1. There is hereby added to title 14 of the Revised Laws of Hawaii 1945 a new chapter to be numbered 98.01 and entitled "Compensating Tax Law", to read as follows:

"CHAPTER 98.01. COMPENSATING TAX LAW

Sec. 5370.01. Definitions. 'Commissioner', 'person', 'business', 'engaging in business', 'retailer', 'wholesaler', 'jobber', and 'contractor' have the meanings defined by chapter 101.

'Property' means tangible personal property.

'Purchase' and 'sale' mean and refer to any transfer, exchange or barter, conditional or otherwise, in any manner or by any means, wheresoever consummated, of tangible personal property for a consideration.

'Purchaser' means any person or government or agency thereof purchasing property; **provided**, that the United States, its departments and agencies to the extent immune from the tax imposed by this chapter under the constitution and laws of the United States, shall not be deemed a purchaser.

'Price' means the total amount for which tangible personal property is sold, valued in money, whether paid in money or otherwise, and wheresoever paid, provided that cash discounts allowed and taken on sales shall not be included.

'Seller' means any person engaged in the business of selling tangible personal property, wheresoever engaged, but does not include the United States or any of its departments or wholly owned agencies, the Territory of Hawaii or any county thereof, or agency of the Territory or a county. Any person who has in his possession, for sale in the Territory, the property of a non-resident owner, other than as an employee of such owner, shall be deemed the seller of such property, when sold.

'Unlicensed seller' means any seller who, with respect to the particular sale, is not subject to the tax imposed by chapter 101, whether or not he holds a license under said chapter, but shall not include any seller with respect to any sale which is expressly exempted from the tax imposed by chapter 101 by section 5459 or 5460 thereof, or by section 5444.01 added thereto by Act 243 of the Session Laws of 1945, or by an act of the twenty-fourth legislature or later enactment.

'Purchasing agent' means any person who, as an agent and not a seller, for a consideration, is engaged in the Territory in the business of purchasing for his principal or principals from an unlicensed seller or sellers property for use by such principals in the Territory, for example, by forwarding orders for such purchases, in behalf of such principals, it being immaterial whether he is compensated for his services by the seller or by the purchaser; but the term 'purchasing agent' shall not include an employee of the purchaser.

'Representative' means any salesman, commission agent, manufacturer's representative, broker, or other person who is authorized or employed by an unlicensed seller to assist such seller in selling property for use in the Territory, by procuring orders for such sales or otherwise, and who carries on such activities in the Territory, it being immaterial whether such activities are regular or intermittent. Any unlicensed seller who in person carries on any such activity in the Territory shall also be classed as a representative.

'Use' (and any verbal, adjective, adverbial and other equivalent form of any of said terms), herein used interchangeably, means any use, whether such use is of such nature as to cause the property to be appreciably consumed or not, or the keeping of such property for such use or for sale, and shall include the exercise of any right or power over tangible personal property incident to the ownership of that property. [L. 1947, c. 113, pt. of s. 1.]

Sec. 5370.02. Imposition of tax; exemptions. There is hereby levied an excise tax on the use in this Territory of tangible personal property which, on or after July 1, 1947, is purchased from an unlicensed seller for use in this Territory, through the activity or with the assistance of a purchasing agent or representative, it being immaterial whether such purchase is induced or brought about wholly or only partly through such activity or assistance. The tax imposed by this chapter shall accrue when such property is acquired by the purchaser and becomes subject to the taxing jurisdiction of the Territory, and shall be paid only once upon or in respect of the same property. The tax imposed by this chapter shall be in addition to any other taxes imposed by any other laws of the Territory. The rates of the tax hereby imposed and the exemptions therefrom are as follows:

(a) If the purchaser is licensed under chapter 101 and is (1) a wholesaler or jobber purchasing for purposes of resale, or (2) a manufacturer purchasing material or commodities which are to be incorporated by such manufacturer into a finished or saleable product (including the container or package in which the product is contained) wherein it will remain in such form as to be perceptible to the senses, and which finished or saleable product is to be sold in such manner as to result in a further tax on the activity of the manufacturer as such manufacturer and not as a retailer, there shall be no tax, provided, that if such wholesaler, jobber, or manufacturer is also engaged in business as a retailer (so classed under chapter 101), paragraph (b) shall apply to him, but the commissioner shall refund to him, from the fund created by section 5468, such amount of tax as he shall, to the satisfaction of the commissioner, establish to have been paid by him to the commissioner or to a person required or authorized to collect such tax, with respect to property which has been used by him for the purposes stated in this paragraph.

(b) If the purchaser is licensed under chapter 101 and is (1) a retailer or other person purchasing for purposes of resale, not exempted by paragraph (a), or (2) a manufacturer purchasing material or commodities which are to be incorporated by such manufacturer into a finished or saleable product (including the container or package in which the product is contained) wherein it will remain in such form as to be perceptible to the senses, and which finished or saleable product is to be sold at retail in this Territory, in such manner as to result in a further tax on the activity of the manufacturer in selling such products at

retail, or (3) a contractor purchasing material or commodities which are to be incorporated by such contractor into the finished work or project required by the contract and which will remain in such finished work or project in such form as to be perceptible to the senses, the tax shall be one per cent of the purchase price of such property.

In all other cases, two and one-half per cent of the purchase price of such property. [L. 1947, c. 113, pt. of s. 1.]

Sec. 5370.03. Collection of tax by representative or purchasing agent. (a) Every representative and purchasing agent shall collect the tax imposed by this chapter from the purchaser not later than the time of accrual of said tax, and shall give to the purchaser a receipt therefor in the manner and form prescribed by the commissioner.

(b) The tax commissioner, in his discretion, upon application therefor and under terms and conditions prescribed by him may relieve any representative or purchasing agent of the duty of collecting and paying over the tax imposed by this chapter, if he is satisfied that the tax can be effectively collected by other means. Such exemption from the duty of collecting the tax may be cancelled at any time when the commissioner finds that the tax cannot be effectively collected by other means.

(c) The tax commissioner, in his discretion, upon application therefor and under terms and conditions prescribed by him, may authorize the collection of the tax imposed by this chapter by a seller not otherwise required to collect the tax. Such seller, when so authorized, shall have the duty of collecting and paying over the tax in the same manner and subject to the same requirements as set out in subsection (a). Such authority may be cancelled at any time when, in the judgment of the commissioner, the tax can more effectively be collected by other means.

(d) In case any representative, purchasing agent, or seller required or authorized to collect the tax under this chapter fails to collect the same, or having collected the tax fails to pay over the same as provided by this chapter, whether such failure be the result of his own acts or the result of acts or conditions beyond his control, he shall nevertheless be personally liable to the Territory for the amount of such tax. In the case of a representative so failing to collect or pay over the tax, if such representative is an employee of the seller, the seller likewise shall be personally liable to the Territory for the amount of such tax, whether or not the seller has assumed the duty of collecting the tax pursuant to subsection (c).

(e) Every representative, purchasing agent or seller required or authorized to collect the tax shall make returns and payments of the tax at the same time and in the same manner as is provided with respect to purchasers. All of the provisions of this chapter with respect to returns, reports, records, payments, penalties and interest, appeals, investigations and audits, assessments, tax collection procedure, criminal offenses, and the general administrative powers and duties of the tax commissioner, shall apply to such representatives, purchasing agents and sellers the same as to purchasers.

(f) The tax collected pursuant to this section shall be held in trust for the Territory and for the payment of the same to the proper collecting officer in the manner and at the time required by this chapter. Any person collecting such tax who shall appropriate or convert the same to his own use or to any use other than the payment of the tax as herein provided, and who shall fail to pay over the amount of tax so collected at the time required by this chapter, shall be deemed guilty of an embezzlement of property of the Territory and upon conviction thereof shall be punished at hard labor for a period of not to exceed ten years or by fine not to exceed five times the amount of money so embezzled, and any failure by the person so collecting the tax to pay the same over within the time provided by this chapter, after demand therefor, shall be taken and held to be prima facie evidence of the embezzlement. [L. 1947, c. 113, pt. of s. 1.]

Sec. 5370.04 Returns. On or before the twentieth day of each calendar month, any person who has become liable to the payment of a tax under this chapter during the preceding calendar month in respect of any property or the use thereof, shall file a return with the assessor of the taxation division in which such property was held when such tax first became payable, or with the commissioner at Honolulu, setting forth a description of the property and the character and quantity thereof in sufficient detail to identify the same or otherwise in such reasonable detail as the commissioner by regulations shall require, and the purchase price thereof. Such return shall be accompanied by a remittance in full of the tax, computed at the rate specified in section 5370.02 upon the price so returned. Any such tax remaining unpaid after said twentieth day following the end of the calendar month during which the same first became payable shall become delinquent. The commissioner for good cause may extend the time for making any return required by this Act, and

may grant such reasonable additional time within which to make such return as he may deem proper, but the time for filing such return shall not be extended beyond the twentieth day of the second month next succeeding the regular due date of such return. Provided, that a receipt from a representative, purchasing agent or seller required or authorized to collect the tax, given to a purchaser in accordance with the provisions of section 5370.03, shall be sufficient to relieve such purchaser from further liability for the tax to which such receipt may refer, or for the return thereof.

On or before March 20 in each year every representative, purchasing agent or seller required or authorized to collect the tax during the preceeding year, and any purchaser who has become liable to the payment of taxes both under this chapter and also under chapter 101 during the preceding calendar year (or during the preceding tax year if such purchaser has established a tax year other than the calendar year), shall file a return summarizing his liability under this chapter for such year, in such form as the commissioner shall prescribe. [L. 1947, c. 113, pt. of s. 1.]

Sec. 5370.05. Audits; additional assessment; refunds. All of the provisions of sections 5467-5471 of chapter 101 are hereby made applicable to the taxes imposed by this chapter, to the refunding of overpayments thereof, and to assessments, investigations and audits in connection therewith, for which purpose any references therein to 'gross income' or 'gross proceeds of sale' shall be deemed to refer to the purchase price subject to tax under this chapter, and any references to the 'annual return' shall, if the taxpayer is not required to file an annual return under this chapter, be deemed to refer to the monthly return mentioned in the first paragraph of section 5370.04. [L. 1947, c. 113, pt. of s. 1.]

Sec. 5370.06. Appeal; correction of assessment. If any person having made the return and paid the tax as provided by this chapter feels aggrieved by the assessment so made upon him by the tax commissioner, he may appeal from said assessment in the manner and within the time and in all other respects as provided in section 5535, for which purpose the word 'income' shall be deemed to refer to purchase price. The hearing and disposition of such appeal, including the distribution of costs and of taxes paid pending the appeal, shall be as provided in chapter 95. [L. 1947, c. 113, pt. of s. 1.]

Sec. 5370.07. Records. It shall be the duty of every person who is engaged in any business in the Territory and who is required under this chapter to make returns, to keep in the English language in the Territory and preserve for a period of five years, books of account or other records in sufficient detail to enable the commissioner, as far as reasonably practicable, to determine whether or not any taxes imposed by this chapter are payable in respect of the property concerned, and if so payable, the amount thereof. [L. 1947, c. 113, pt. of s. 1.]

Sec. 5370.08. Penalty for delinquency. A penalty of ten per centum shall be added to and become a part of any tax or portion thereof becoming delinquent, and in addition thereto said tax as so increased shall bear interest at the rate of two-thirds of one per centum for each month or fraction thereof from the expiration of fifteen days from the date of delinquency until paid, which interest shall be added to and become a part of such tax. [L. 1947, c. 113, pt. of s. 1.]

Sec. 5370.09. Collection of taxes by assumpsit or distraint; concurrent jurisdiction of district magistrates. Any tax which is delinquent under this chapter may be collected:

(a) By action in the name of the commissioner or any collector or deputy collector of taxes, in assumpsit, with or without attachment of the real or personal property of the person liable, and it shall be unnecessary, in order to secure the issuance of the writ of attachment, for the officer bringing such action to file any affidavit, other than the usual sworn complaint in ordinary assumpsit actions where no attachment is sought, with a prayer for such writ; in all such actions the several district magistrates shall have concurrent jurisdiction with the circuit courts, irrespective of the amount claimed.

(b) By distraint in the manner provided by section 5480 of chapter 101 which is hereby made applicable to taxes due under this chapter in the same manner, as nearly as may be, as to taxes due under said law. [L. 1947, c. 113, pt. of s. 1.]

Sec. 5370.10. Offenses, penalties; fines territorial realizations. It shall be unlawful for any person to fail or refuse to make any return or keep any records required under this chapter. Any person violating the provisions of this section shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not more than \$1,000 or imprisonment for a term of not more than one year, or both, in the discretion of the court.

Notwithstanding any other laws to the contrary, the proceeds of all fines (exclusive of costs) imposed for conviction under this chapter shall be territorial realizations and shall be paid into the general fund of the Territory. [L. 1947, c. 113, pt. of s. 1.]

Sec. 5370.11. Other provisions of chapter 101 applicable. In respect of (a) the examination of books and records and of taxpayers and other persons, (b) procedure and powers upon failure or refusal to make a return or a proper return, and (c) the general administration of this chapter, the commissioner shall have all the rights and powers conferred upon him by chapter 101 with respect to taxes thereby or thereunder imposed; and, without restriction upon the aforesaid rights and powers, sections 5450 and 5467-5472 are hereby made applicable to and with respect to the taxes and the taxpayers, tax officers and other persons, and the matters and things affected or covered by this chapter, in so far as not inconsistent with the provisions of this chapter, in the same manner, as nearly as may be, as in similar cases covered by chapter 101. [L. 1947, c. 113, pt. of s. 1.]

Sec. 5370.12. Notification to purchaser. Every representative and purchasing agent who receives, procures, induces, or assists in bringing about any order for the sale of property by an unlicensed seller for use in the Territory shall, before the property is ordered, inform the purchaser in writing of his liability under this chapter, unless the tax has already been collected from the purchaser. Any person who violates the provisions of this section is guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not more than five times the amount of the tax or \$1,000, whichever is larger. [L. 1947, c. 113, pt. of s. 1.]

Be it Enacted by the Legislature of the Territory of Hawaii:

Section 1. Parts I and II of Chapter 115 of the Revised Laws of Hawaii 1945, as amended, are hereby further amended to read as follows:

"PART I: GENERAL AND REFUNDING BONDS.

Sec. 5901. Authorization to issue; amount. The treasurer of the Territory is authorized and empowered, with the approval of the governor, to issue from time to time general obligation bonds of the Territory, with interest coupons attached thereto, to an amount not exceeding the limits provided in that act of Congress of the United States, approved April 30, 1900, entitled: 'An Act to provide a government for the Territory of Hawaii', and any amendments thereto in effect at the date of issue of such bonds, the principal and interest to be paid dollar for dollar in any coin or currency of the United States which at the time of payment is legal tender for public and private debts. Such bonds shall be issued in the manner, upon the terms and for the purposes as are in this subtitle stated. Such bonds shall only be issued pursuant to an act or acts of the legislature defining and expressing the purposes for which the same are to be issued. [L. 1947, c. 218, pt. of s. 1.]

Sec. 5902. Proceeds for public improvements exclusively. The proceeds of bonds so issued shall be exclusively devoted to public improvement purposes, as defined and expressed in acts of the legislature providing for public improvements and authorizing the issuance of bonds, and they shall be devoted to said purposes in such order as the governor may determine. The governor may allocate the proceeds of any issue to a particular public improvement, or to several public improvements, and he may amend his allocations from time to time. The proceeds of any issue may be allocated to various public improvements irrespective of whether or not the said improvements have all been provided for by the same legislative act, and an allocation may be made of only a portion of the proceeds authorized for a particular public improvement. [L. 1947, c. 218, pt. of s. 1.]

Sec. 5903. Refunding bonds authorized. For the purpose of refunding the present and future bonded indebtedness of the Territory or any part or parts thereof, the treasurer is authorized and empowered, with the approval of the governor, to issue from time to time refunding bonds of the Territory, in an amount or amounts not exceeding at par value the bonded indebtedness to be thereby refunded, the principal and interest of such refunding bonds to be paid dollar for dollar, in any coin or currency of the United States which at the time of payment is legal tender for public and private debts. [L. 1947, c. 218, pt. of s. 1.]

Sec. 5904. Bonds which may be refunded. The bonds which may be refunded under the provisions of this part shall include among others any bonds which are at the time matured or about to mature or which are payable or redeemable at the option of the Territory or which the Territory otherwise then has the right to call, pay, or redeem, or any bonds of the Territory which the holders may consent may be paid or refunded, even though such bonds be not matured or callable or redeemable. [L. 1947, c. 218, pt. of s. 1.]

Sec. 5905. Presidential approval. All bonds issued under the authority of this subtitle shall be approved by the President of the United States. [L. 1947, c. 218, pt. of s. 1.]

Sec. 5906. Bonds tax exempt; paramount charge on revenues. All bonds issued under this subtitle and the income therefrom shall be exempt from all territorial, county and municipal taxation. The payment of the principal and interest of such bonds shall constitute a paramount charge upon

the consolidated revenues of the Territory. The public faith and credit of the Territory shall be and they are hereby pledged to the punctual payment of the principal and interest thereof as the same shall become due, and sufficient revenues shall be raised or provided from time to time for that purpose. [L. 1947, c. 218, pt. of s. 1.]

Sec. 5907. Interest; maturity. All bonds issued under authority of this subtitle shall bear interest, payable semi-annually, at a rate of not more than five per centum per annum. If bonds have been presented for bid without a specified rate of interest, to be sold to the bidder or bidders offering the lowest rate of interest, no bid shall be accepted which calls for a rate of interest in excess of five per centum per annum. All such bonds shall mature and be payable at such time or times from the date of issue thereof as will comply with the provisions of that said act of Congress of the United States, approved April 30, 1900, entitled: 'An Act to provide a government for the Territory of Hawaii', and any amendments thereto in effect at the date of issue of such bonds. [L. 1947, c. 218, pt. of s. 1.]

Sec. 5908. Denominations; time, place, payment; sale. The treasurer of the Territory shall determine the denominations of such bonds as are issued under the authority of this subtitle, and the place in which the principal and interest of such bonds, or any of them, shall be payable, and the method of their redemption. He may make such arrangements as may be necessary or proper for the sale of each issue or any part thereof. The bonds may be sold at private sale to the United States, or any agency, instrumentality or corporation thereof, or to the Employees' Retirement System of the Territory of Hawaii or to any political subdivision or other governmental organization of the Territory of Hawaii. In the discretion of the governor and treasurer, refunding bonds may be exchanged at not less than their par value for an equal amount of the bonds to be refunded under the provisions of this subtitle at not more than their par value, or refunding bonds may be sold as provided by this subtitle and the proceeds therefrom applied solely to the payment of the bonds to be refunded under the provisions of this subtitle. All bonds so refunded and redeemed by the issue and sale or issue and exchange of refunding bonds shall be cancelled. Unless so sold at private sale, or exchanged, such arrangements shall provide for the sale of the bonds by the government itself, by public advertise-

ment for tenders published at least once and at least five days prior to such sale in a newspaper circulating in the Territory of Hawaii and in a financial newspaper or newspapers published in any of the cities of New York, Chicago, or San Francisco. The treasurer may, with the approval of the governor, accept any bid without public advertisement for tenders, provided such bid shall be even with or above the figure of the last sale made in pursuance of public advertisement for tenders, or, if the bonds are sold on an interest basis, provided such bid shall be at an interest rate even with or below the effective interest rate of the last sale made in pursuance of public advertisement for tenders. Pending the preparation of the definitive bonds, interim receipts or certificates in such form and with such provisions as the treasurer may decide upon may be issued to the purchaser or purchasers of bonds sold pursuant to this chapter. [L. 1947, c. 218, pt. of s. 1.]

Sec. 5909. Premiums to Special Fund. The premiums received from the sale of any bond issue shall be deposited in a special fund and shall be used for the payment of interest on the bonds of such issue. [L. 1947, c. 218, pt. of s. 1.]

Sec. 5910. Form and execution of bonds. Bonds issued under the provisions of this subtitle shall be in such form as the treasurer may determine. They may be registered, coupon, or registered as to principal only. They shall be lithographed or engraved, and shall be signed by the treasurer of the Territory, and by the auditor of the Territory, and shall be sealed with the seal or a lithographed or engraved facsimile of the seal of the treasury department of the Territory. Interest coupons shall bear a lithographed or engraved facsimile of the signature of the treasurer of the Territory. [L. 1947, c. 218, pt. of s. 1.]

Sec. 5911. Same, signatures. When bonds of the Territory of Hawaii have been or shall hereafter be prepared and signed by the treasurer of the Territory and by the auditor of the Territory in office at the time of such signing, the signatures of such treasurer and auditor shall be valid and sufficient for all purposes, and shall have the same effect as if the persons so officially signing such bonds had remained in office until the delivery of the same to the purchasers although the term of office of such persons or either of them may have expired or they may otherwise have ceased to be such officers before such delivery. [L. 1947, c. 218, pt. of s. 1.]

Sec. 5912. Bonds negotiable; incontestable. This subtitle, without reference to any other law, shall be full authority to issue, exchange or sell bonds of the Territory, and such bonds and all interim receipts or certificates shall have all the qualities of negotiable paper under the law merchant. Such bonds shall not be invalid for any irregularity or defect in the proceedings for the issue, sale or exchange thereof. Such bonds shall contain a recital that they are issued pursuant to the laws of the Territory of Hawaii, which recital shall be conclusive evidence of their validity and the regularity of their issuance. No proceedings in respect of the issuance of any such bonds shall be necessary except such proceedings as are required by this subtitle. [L. 1947, c. 218, pt. of s. 1.]

Sec. 5913. Payment, principal and interest. When bonds authorized by this subtitle and the several interest amounts mature, it shall be the duty of the treasurer to pay same. But if the bonds or interest are made payable elsewhere than at the office of the treasurer he shall provide sufficient funds at the designated place or places of payment to meet and pay all such obligations at maturity in accordance with the terms thereof.

There is hereby appropriated out of the consolidated revenues of the Territory all amounts necessary for the payment from time to time of the principal of said bonds and the several interest amounts as they mature, and this appropriation shall be a paramount appropriation upon the consolidated revenues of the Territory. [L. 1947, c. 218, pt. of s. 1.]

Sec. 5914. Fiscal agents. The treasurer is authorized and empowered to appoint, with the approval of the governor, such fiscal agents as may be necessary and expedient to facilitate the sale, purchase, registration, transfer and redemption of the bonds of the Territory and the payment of the principal and interest thereon. The treasurer may authorize and empower such fiscal agents, for and on behalf of the Territory, to receive and receipt for moneys realized from the sale of such bonds and to pay out moneys for the redemption or purchase thereof and for the payment of interest thereon, and to receive receipts for all moneys so paid out. Moneys received by the fiscal agents from the sale of bonds on behalf of the Territory shall not, for a period of fifteen days after the sale of bonds, be considered as deposits within the meaning of chapter 113, and moneys placed with the fiscal agents for the purpose of purchase or redemption of bonds and coupons shall not be considered

as deposits within the meaning of chapter 113. All appointments made under this section may be revoked by the treasurer at any time. [L. 1947, c. 218, pt. of s. 1.]

PART II. DESTROYED OR DEFACED BONDS; LOST COUPONS.

Sec. 5915. Duplicates. Whenever it appears to the treasurer of the Territory by clear proof satisfactory to him that any interest bearing bond of the Territory has, without bad faith upon the part of the owner, been destroyed, wholly or in part, or so defaced as to impair its value to the owner, and such bond is identified by number and description, the treasurer of the Territory shall, under such conditions and upon such security, if any, as he may prescribe, cause to be issued a duplicate thereof, with remaining unpaid coupons attached and so marked as to show the original number of the bond destroyed or defaced and the date thereof.

All duplicate bonds issued in place of bonds destroyed or defaced pursuant to the provisions hereof shall be lithographed or steel engraved, and shall be signed by the treasurer of the Territory, and by the auditor of the Territory, and be sealed with the seal of the office of the treasurer. Interest coupons shall bear a lithographed or engraved facsimile of the signature of the treasurer of the Territory.

But when such destroyed or defaced bond appears to have been of such a class or series as has been called or will be called in for redemption or will mature within a period of one year following the date of application for a duplicate bond, instead of issuing a duplicate bond therefor, the treasurer of the Territory may, under such conditions and upon such security, if any, as he may prescribe, pay such bond at its call date with interest if it is already called for redemption or if it is to be called for redemption, or if it is to be called for redemption or will mature within the period of one year, issue a transferable certificate of ownership to the applicant and pay on such certificate the call price of the bond represented thereby together with interest called for by the destroyed or defaced bond on the date of its call or its original maturity upon surrender of the certificate of ownership. All such transferable certificates of ownership which may be issued pursuant to the terms hereof shall be in such form as the treasurer of the Territory may prescribe and shall be signed by the treasurer of the Territory and by the auditor of the Territory and sealed with the seal of the office of the treasurer.

All expenses necessary for the providing of any duplicate bond or certificate of ownership shall be borne by the owner thereof. [L. 1947, c. 218, pt. of s. 1.]

Sec. 5916. Payment to be made. Whenever any interest coupons on any bonds issued by the Territory shall be lost, destroyed or stolen, any person being the legal holder of such coupons may secure payment of the same, notwithstanding such loss, destruction or theft, in the manner provided in section 5917. This subtitle shall apply also to interest coupons lost, destroyed or stolen prior to May 1, 1929. [L. 1947, c. 218, pt. of s. 1.]

Sec. 5917. Method of payment. Such person shall make written application, under oath, in such form as the treasurer of the Territory shall prescribe, stating facts definitely identifying such coupons and showing the loss, destruction or theft of the same, and the ownership of the same by the person applying for such payment, and shall present such further evidence as the treasurer may reasonably require to establish the identity of such coupons, their loss, destruction or theft, and the ownership of the same by such applicant.

The treasurer, if he is satisfied that such person is the legal holder of such coupons, and that the same have been lost, destroyed or stolen, shall thereupon, except as hereinafter provided, pay to such applicant the amount of such lost, destroyed or stolen coupons, such payments to be made out of the general fund of the Territory by warrant of the auditor of the Territory; **provided**, however, that no such payment shall be made until and unless (1) at least six months shall have elapsed after the date of application for the payment of such coupons, alleged to have been lost, destroyed or stolen, during which time such coupons shall not have been presented and paid to a holder in due course thereof; and (2) the applicant for such payment shall have executed and delivered to the treasurer a legal and sufficient bond in the amount of twice the aggregate sum called for by such lost, destroyed or stolen coupons, in such form and with such sufficient surety or sureties as shall be satisfactory to the treasurer, conditioned to indemnify and save harmless the Territory from any loss on account of such coupons so claimed to have been lost, destroyed or stolen. [L. 1947, c. 218, pt. of s. 1.]

Sec. 5918. Disputed ownership. In the event that there shall be two or more claimants claiming adversely, each to the other or others, to be the holder in due course of the coupons alleged to have been lost, destroyed or stolen, the treasurer may, in his discretion, require such claimants, if

not within the Territory, to appoint agents within the Territory to accept service of process, or otherwise to submit to the jurisdiction of the courts of the Territory, and may bring suit on behalf of the Territory in the circuit court of the first judicial circuit, against such claimants, by interpleader, for the determination of the claimant or claimants entitled to the payment of such coupons. Jurisdiction is hereby conferred upon the court to hear and determine, without a jury, such suits and to determine whether any of the claimants is entitled to such payment, and, if so, which of the claimants is so entitled; **provided**, however, that such determination shall not dispense with the conditions prescribed by section 5917 requiring six months to elapse, and the giving of a bond, before the payment of such claims. The costs of the suit shall be borne by the claimants, and the court may decree the payment of such costs by any of the unsuccessful claimants, or the apportionments thereof, as may be deemed just. The decision of the court shall be appealable to the supreme court in the same manner and subject to the same conditions and incidents as appeals in equity." [L. 1947, c. 218, pt. of s. 1.]

Section 2. The validity, legal effect or obligation of any bond of the Territory outstanding upon the effective date of this Act shall not be affected by this Act, or by any amendment made herein.

Section 3. This Act shall take effect upon approval.

(Approved May 22, 1947.) **H.B. 920, Act 218.**

"PART IV. REVENUE BONDS.

"Sec. 5931. Definitions. Whenever used in this part, unless a different meaning clearly appears from the context:

Sec. 5932. Declaration of policy. It is hereby declared to be the policy of the Territory that any department acquiring, purchasing, constructing, reconstructing, improving, bettering or extending an undertaking pursuant to this chapter, shall manage such undertaking in the most efficient manner consistent with sound economy and public advantage, and consistent with the protection of bondholders. [L. 1947, c. 74, pt. of s. 1.]

Sec. 5933. Additional powers of departments. In addition to the powers which it may now have, any department shall have power under this part: (a) to construct, acquire by gift, purchase, or the exercise of the right of eminent domain, reconstruct, improve, better or extend any undertaking within its jurisdiction, and to acquire by gift, purchase, or the exercise of the right of eminent domain, lands or rights in land or water rights in connection therewith, (b) to operate and maintain any undertaking and furnish the services, facilities and commodities thereof for its own

use and for the use of public and private consumers, (c) to issue revenue bonds of the Territory, in such sums only as may be authorized by specific act or acts of the legislature of the Territory, to finance in whole or in part the cost of the acquisition, purchase, construction, reconstruction, improvement, betterment or extension of any undertaking, (d) to prescribe and collect rates, fees and charges for the services, facilities and commodities furnished by such undertaking, and (e) to pledge to the punctual payment of said bonds and interest thereon an amount of the revenues of such undertaking (including improvements, betterments, or extensions thereto thereafter constructed or acquired) or of any part of such undertaking, sufficient to pay said bonds and interest as the same shall become due and to create and maintain reasonable reserves therefor. Such amount may consist of all or any part or portion of such revenue. The department in determining such cost may include all costs and estimated costs of the issuance of said bonds, all engineering, inspection, fiscal and legal expenses, and interest which it is estimated will accrue during the construction period and for six months thereafter on money borrowed or which it is estimated will be borrowed pursuant to this part. [L. 1947, c. 74, pt. of s. 1.]

Sec. 5934. Authorization of undertaking; form and contents of bonds. The issuance of revenue bonds for the acquisition, purchase, construction, reconstruction, improvement, betterment or extension of any undertaking shall be authorized (a) by a resolution or resolutions of the governing body of the department, which may be adopted at the same meeting at which the same are introduced by a majority of all the members of the governing body of the department then in office, and shall take effect immediately upon filing thereof with the treasurer of the Territory, or (b) by a certificate or certificates of a department head, which shall take effect immediately upon filing thereof with the treasurer of the Territory. Said bonds may be

sold at private sale to the United States, or any agency, instrumentality or corporation thereof, or to the employees' retirement system of the Territory of Hawaii, or to any political subdivision of the Territory. Unless so sold at private sale, said bonds shall be sold at public sale after notice of such sale published once at least five days prior to such sale in a newspaper circulating in the Territory and in a financial newspaper published in any of the cities of New York, Chicago or San Francisco. Pending the preparation of the definitive bonds, interim receipts or certificates in such form and with such provisions as the department may determine may be issued to the purchaser or purchasers of bonds sold pursuant to this chapter. Said bonds and interim receipts or certificates shall be fully negotiable within the meaning of and for all the purposes of chapter 173, the negotiable instruments law. [L. 1947, c. 74, pt. of s. 1.]

Sec. 5935. Covenants in resolution or certificate authorizing issuance of bonds. Any resolution or resolutions, certificate or certificates authorizing the issuance of bonds under this part may contain covenants as to (a) the purpose or purposes to which the proceeds of sale of said bonds shall be applied and the use and disposition thereof; (b) the use and disposition of the revenue of the undertaking for which said bonds are to be issued, including the creation and maintenance of reserves; (c) the issuance of other or additional bonds payable from the revenue of said undertaking; (d) the operation and maintenance of such undertaking; (e) the insurance to be carried thereon and the use and disposition of insurance moneys, said insurance being hereby authorized to be carried, and no such undertaking shall have recourse to the territorial insurance fund for the repair or replacement of any property in the undertaking, or for payment of claims under chapter 77 (relating to workmen's compensation); (f) books of account and the inspection and audit thereof; and (g) the terms and conditions upon which the holders of said bonds or any proportion of them or any trustee therefor shall be entitled to the appointment of a receiver by any court of competent jurisdiction, which court shall have jurisdiction in such proceedings, and which receiver may enter and take possession of said undertaking, operate and maintain the same, prescribe rates, fees, or charges, and collect, receive and apply all revenue thereafter arising therefrom in the same manner as the department itself might do. The provisions of this part and any such resolution or resolutions, certifi-

cate or certificates, shall be a contract with the holder or holders of said bonds; and the duties of the department, its governing body and department head, under this part, and any such resolution or resolutions, certificate or certificates, shall be enforceable by any bondholder, by mandamus or other appropriate suit, action or proceeding in any court of competent jurisdiction. [L. 1947, c. 74, pt. of s. 1.]

Sec. 5936. Validity of bonds. Said bonds bearing the signature of officers in office on the date of the signing thereof shall be valid and binding obligations, notwithstanding that before the delivery thereof and payment therefor any or all the persons whose signatures appear thereon shall have ceased to be officers of the Territory or of the department. The validity of said bonds shall not be dependent on nor affected by the validity or regularity of any proceedings relating to the acquisition, purchase, construction, reconstruction, improvement, betterment, or extension of the undertaking for which said bonds are issued. The resolution or certificate authorizing said bonds may provide that the bonds shall contain a recital that they are issued pursuant to this chapter, which recital shall be conclusive evidence of their validity and of the regularity of their issuance. [L. 1947, c. 74, pt. of s. 1.]

Sec. 5937. Lien of bonds. Unless otherwise provided in the resolution or certificate, all bonds of the same issue shall, subject to the prior and superior rights of outstanding bonds, claims or obligations, have a prior and paramount lien on the revenue of the undertaking, for which said bonds have been issued, over and ahead of all bonds of any issue payable from said revenue which may be subsequently issued and over and ahead of any claims or obligations of any nature against said revenue subsequently arising or subsequently incurred. All bonds of the same issue shall be equally and ratably secured without priority by reason of number, date of bonds, of sale, of execution, or of delivery, by a lien on said revenue in accordance with the provisions of this chapter and the resolution or resolutions, certificate or certificates, authorizing said bonds. [L. 1947, c. 74, pt. of s. 1.]

Sec. 5938. Bonds not a general obligation of Territory. No holder or holders of any bonds issued under this part shall ever have the right to compel any exercise of taxing power of the Territory of Hawaii to pay said bonds or the interest thereon. Each bond issued under this part shall recite in substance that said bond, including interest thereon, is payable from the revenue pledged to the payment

thereof, and that said bond does not constitute a debt of the Territory of Hawaii within the meaning of any limitation of law. [L. 1947, c. 74, pt. of s. 1.]

Sec. 5939. Undertakings to be self-supporting. The department issuing bonds pursuant to this part shall prescribe and collect reasonable rates, fees or charges for the services, facilities and commodities of such undertaking, and shall revise such rates, fees or charges from time to time whenever necessary so that such undertaking shall be and always remain self-supporting. The rates, fees or charges prescribed shall be such as will produce revenue at least sufficient (a) to pay when due all bonds and interest thereon, for the payment of which such revenue is or shall have been pledged, charged or otherwise encumbered, including reserves therefor, and (b) to provide for all expenses of operation and maintenance of such undertaking, including reserves therefor. [L. 1947, c. 74, pt. of s. 1.]

Sec. 5940. Use of revenue of undertaking. Any department issuing bonds pursuant to this part for the acquisition, purchase, construction, reconstruction, improvement, betterment or extension of any undertaking shall have the right to appropriate, apply or expend the revenue of such undertaking for the following purposes and in the following order of priority; (a) to pay when due all bonds and interest thereon, for the payment of which such revenue is or shall have been pledged, charged or otherwise encumbered, including reserves therefor; (b) to provide for all expenses of operation and maintenance of such undertaking, including reserves therefor; (c) for such purposes, within the jurisdiction, powers, duties, and functions of the department, including the creation and maintenance of reserves, as shall have been covenanted in any resolution or resolutions, certificate or certificates, of the department providing for the issuance of revenue bonds; (d) to reimburse the general fund of the Territory for all bond requirements for general obligation bonds which are or shall have been issued for the acquisition, purchase, construction, reconstruction, improvement, betterment or extension of the properties which are comprised in the undertaking (excluding, however, bonds the proceeds of which, were or are to be expended for improvements which are or will be neither revenue producing nor connected in their use directly with revenue producing properties), or to refund any of such improvement bonds, except in so far as such obligation of reimbursement has been or shall be cancelled by the legislature, such bond requirements being the interest on term and serial bonds, sinking fund for term bonds, and principal

of serial bonds maturing the following year; (e) to provide a reserve for betterments to such undertaking, and (f) to provide such special reserve funds and other special funds as are or may be created by law. Unless and until adequate provision has been made for the foregoing purposes, the Territory shall not have the right to transfer any part of the revenue of such undertaking to its general funds, or apply the same to other purposes. [L. 1947, c. 74, pt. of s. 1.]

Sec. 5941. Undertaking and bonds exempt from taxation. So long as the Territory shall own any undertaking, the property and revenue of such undertaking shall be exempt from all territorial, county and municipal taxation. Bonds and the income therefrom issued pursuant to this part shall be exempt from all territorial, county and municipal taxation except inheritance, transfer and estate taxes. [L. 1947, c. 74, pt. of s. 1.]

Sec. 5942. Consent of governmental agencies. It shall not be necessary for any department proceeding under this part to obtain any certificate of convenience or necessity, franchise, license, permit, or other authorization from any bureau, board, commission or other like instrumentality of the Territory or its political subdivisions in order to acquire, construct, purchase, reconstruct, improve, better, extend, maintain and operate an undertaking. [L. 1947, c. 74, pt. of s. 1.]

Sec. 5943. Construction. The powers conferred by this part shall be in addition and supplemental to the powers conferred by any other law. The undertaking may be acquired, purchased, constructed, reconstructed, improved, bettered, and extended, and bonds may be issued under this part for said purpose, notwithstanding that any other law may provide for the acquisition, purchase, construction, reconstruction, improvement, betterment, and extension of a like undertaking, and without regard to the requirements, restrictions, limitations or other provisions contained in any other law. In so far as the provisions of this part are inconsistent with the provisions of any other law, the provisions of this part shall be controlling. [L. 1947, c. 74, pt. of s. 1.]

Sec. 5944. Execution of bonds. Bonds issued pursuant to this part shall be executed by the head of the department, sealed with the seal of the department, and countersigned by the auditor of the Territory. In the case of a department having a governing body, the member thereof who is the chairman or other titular head shall, for the purposes hereof, be the head of the department. [L. 1947, c. 74, pt. of s. 1.]

Sec. 5945. Treasurer's duties. It shall be the duty of the treasurer of the Territory, when requested by the department, to render full and complete assistance to any department in the preparation and sale of bonds issued pursuant to this part. The treasurer shall be the fiscal agent of the department for the payment of all principal and interest, and for the transfer of bonds. The provisions of sections 5803 and 5921, relating to the appointment by the treasurer of other fiscal agents and transfer agents, and to the status of funds held by such fiscal agents, to the extent that they may appropriately be applied, shall be deemed incorporated in this part.

The treasurer shall cause to be set up in the treasury of the Territory suitable accounts for the deposit of all revenues of the undertaking, and for the payment of all bonds and the interest thereon and for all other payments provided or required by this part, and for the holding of all reserves created under this part. [L. 1947, c. 74, pt. of s. 1.]

Sec. 5946. Investment of reserves. The treasurer, with the approval of the department, is authorized and empowered to invest any money held as reserves, which in the department's judgment are in excess of the amounts necessary for the meeting of immediate requirements, in bonds, notes or other obligations of the United States, or of the Territory of Hawaii, or of any political or municipal corporation or subdivision of the Territory. Income derived therefrom shall be treated as revenue of the undertaking; expenses of purchase, safekeeping, sale and redemption, and all other expenses attributable to such investments shall be proper expenses of the undertaking. Securities so purchased shall be considered as being deposited in the treasurer's custody or control by the department. [L. 1947, c. 74, pt. of s. 1.]

Sec. 5947. Transfers to department. When there are moneys in the general, special or revolving funds of the Territory which in the treasurer's judgment are in excess of the amounts necessary for the immediate territorial requirements, the treasurer is authorized to make temporary transfers of such moneys to the department for purposes for which revenue bonds may be issued, if in his judgment such action will not impede or hamper the necessary financial operations of the Territory. The total of temporary transfers for any undertaking shall not exceed the sum of the unissued revenue bonds authorized therefor by the legislature. The general, special, or revolving funds shall be reimbursed from the proceeds of sale of revenue bonds upon

the eventual issuance and sale of such bonds. The sale of revenue bonds shall not be deferred beyond the date fixed by the treasurer for such reimbursement.

Likewise, the treasurer may make temporary transfers from the said funds to any account which has been set up in the treasury for the payment of revenue bonds, or the interest thereon, or to any other account which has been set up in the treasury for the making of such other payments as are provided or required by this part. Any such transfer may be made when the account is first opened and prior to any payment therefrom, or prior to the issuance of revenue bonds for the undertaking, or at any time when the account may be temporarily depleted. No such transfer shall be made unless, in the treasurer's judgment, the account to which the moneys are transferred will be able to effect reimbursement on or before the date fixed by the treasurer for such reimbursement.

No interest shall be charged upon any transfer so made, and transfers shall be made only upon the request of the department. [L. 1947, c. 74, pt. of s. 1.]

Sec. 5948. General laws applicable. The provisions of sections 5909-5912 inclusive, relating to destroyed or defaced bonds, and to lost, destroyed or stolen coupons, to the extent that they are applicable, shall apply to bonds issued pursuant to this part." [L. 1947, c. 74, pt. of s. 1.]

[Sec. 5949.] **Section 2. Revenue bonds legal investments.** All public officers and bodies of the Territory, all political subdivisions, all insurance companies and associations, all banks, savings banks and savings institutions, including building or savings and loan associations, all trust companies, all executors, administrators, guardians, trustees, and all other persons and fiduciaries in the Territory who are regulated by law as to the character of their investment, may legally invest funds within their control and available for investment in revenue bonds of the Territory, it being the purpose of this section to authorize any persons, firms, corporations, associations, political subdivisions, bodies and officers, public or private, to use any such funds owned or controlled by them, including (without prejudice to the generality of the foregoing), sinking, insurance, investment, retirement, compensation, pension and trust funds, and funds held on deposit, for the purchase of any revenue bonds of the Territory. [L. 1947, c. 74, s. 2.]

Section 4. Excision of unconstitutional or ineffective parts of Act. It is hereby declared that the sections, clauses, sentences and parts of this Act are severable, are not matters of mutual essential inducement, and any of them may be excinded by any court of competent jurisdiction if this Act would otherwise be unconstitutional or ineffective; it is the intention hereof to confer upon every department the whole or any part of the powers in this Act provided for, and if any one or more sections, clauses, sentences and parts of this Act shall for any reason be questioned in any court of competent jurisdiction, and shall be adjudged unconstitutional or invalid, such judgment shall not affect, impair or invalidate the remaining provisions thereof, but shall be confined in its operation to the specific provision or provisions so held unconstitutional or invalid, and the inapplicability or invalidity of any section, clause, sentence or part of this Act in any one or more instances shall not be taken to affect or prejudice in any way its applicability or validity in any other instance.

"CHAPTER 122-A. POLICE DEPARTMENTS, COUNTIES OF HAWAII, KAUAI AND MAUI.

Sec. 6291. Organization. The police department of each of the counties of Hawaii, Kauai and Maui shall consist of a police commission, chief of police, and force of police officers, and such other officers, clerks and employees as the commission may from time to time prescribe, appoint-

ed in the manner provided by this chapter. As used in this chapter 'board' means the board of supervisors, and 'commission' means the police commission of each of the counties of Hawaii, Kauai and Maui, and each reference herein to the police department, the chief of police or other police officers or employees, as well as any reference to other county officials, boards, or commissions, shall apply to the counties of Hawaii, Kauai and Maui separately and individually. [L. 1947, c. 212, pt. of s. 1.]

Sec. 6292. Police commission; appointment. A police commission consisting of five members is created for each of the counties of Hawaii, Kauai and Maui, all of whom shall not belong to the same political party at the time of appointment. The members of the commission shall be appointed and may be removed by the governor in the manner provided by section 80 of the Organic Act. No member of the commission shall be a salaried officer or employee of the Territory or any political subdivision thereof. Any member becoming a candidate for any elective office ipso facto vacates his office as such member. Each commissioner must be at the time of his appointment an elector of his respective county and must have been such for at least three years next preceding his appointment. The commissioners shall serve without remuneration, but may be reimbursed for their reasonable traveling and other expenses incurred in the discharge of their duties. Upon the expiration of the term of each commissioner, his successor shall be appointed for a term to expire five years from the date of the expiration of the preceding term. Any vacancy in said commission occurring otherwise than by expiration of a term of office shall be filled for the remainder of such unexpired term. [L. 1947, c. 212, pt. of s. 1.]

Sec. 6294. General powers of the commission. The commission shall hold regular public meetings at a designated time and place. The commission shall elect its chairman, the office to be rotated among the members so that no member shall serve as chairman during more than one year of a term. A majority shall constitute a quorum for the trans-

action of business; **provided** that a vote of three members shall be necessary to validate the appointment or removal of the chief of police. In the absence of the chairman, the remaining members shall elect an acting chairman. The commission shall adopt such rules and regulations as it may consider necessary for the conduct of its business and regulation of the matters herein committed to its charge. [L. 1947, c. 212, pt. of s. 1.]

Sec. 6295. Training and promotions. The rules and regulations of the commission shall, among other things, provide for the proper training of police officers, and a merit system having for its purpose a systematic method of promotion of police officers based upon efficiency, service, and outstanding performance of official duties. [L. 1947, c. 212, pt. of s. 1.]

Sec. 6296. Chief of Police. The commission shall appoint and may remove at pleasure a chief of police, who shall devote his full time to the duties of his office, and must at the time of his appointment have been a resident of the Territory for three years. Subject to the rules and regulations prescribed by the commission, he shall have control, management, and direction of all officers and employees serving under him with full power to detail any of such officers or employees to such public service as he may direct. [L. 1947, c. 212, pt. of s. 1.]

Sec. 6297. Police force; employees. The chief of police shall have the power to appoint police officers and other officers and employees under such rules and regulations and at such salaries as may be authorized by law or prescribed by the commission under the terms of this chapter, but the commission may abolish any office or position in the department and revoke the salary or commission therefor, in which event, when necessary, the commission shall determine which of several officers or employees in the same class shall be released. Such rules and regulations shall provide that appointments may be made in the first instance for a probationary period of not over one year. The chief of police, with the approval of the commission, may appoint and remove without cause police instructors who need not have any residential qualifications. Except as otherwise provided, all acts or duties which may be performed by the chief of police may in like manner and with like effect be performed by any police officer under him.

On the island of Hawaii, no police officer of a grade higher than lieutenant, shall be appointed, assigned, or designated to (1) North and South Kohala, (2) North and South Kona, (3) Hamakua, (4) Puna, (5) Kau, or (6) North Hilo, except for purely temporary purposes of investigation or reorganization. [L. 1947, c. 212, pt. of s. 1.]

[L. 1947, c. 212, pt. of s. 1.]

Sec. 6299. Suspension; dismissal; political activities prohibited. The dismissal and suspension of any officer or employee under the chief of police shall be in the manner provided by the rules and regulations of the commission. The chief of police may suspend or dismiss any officer or employee under him for incompetence, neglect of duty, drunkenness or failure to obey orders given him by proper authorities or for any other just cause, subject to the following provisions:

1. The order of suspension or dismissal shall be served upon the officer or employee dismissed or suspended by delivering to him a certified copy of the same or, in case he cannot be found, by mailing a certified copy of the same by registered mail addressed to him at his last known address.

2. Any officer or employee suspended shall in all cases have the right to apply in writing to the commission for an informal hearing of an explanation of his conduct and record, and he shall be heard within forty-eight hours of receipt of his application. Such right shall not include any necessity for a public hearing or for a disclosure to such officer or employee of the ground of his suspension or for the examination of witnesses. The commission upon receiving such application shall forthwith call upon the chief of police for a confidential statement of the reasons for the suspension of such officer or employee, and if, after considering both such statement and the explanation by the officer or employee so suspended, the commission shall feel either that such suspension is unjust or that the justice of it is questionable, it shall consider the matter as upon formal application for review and shall then act

with the same power, discretion and effect as though a formal application for review of the case had been taken in the manner provided by subsection 3 of this section. No officer or employee shall suffer any penalty, prejudice or discrimination by reason of exercising the right hereby conferred.

3. Any officer or employee dismissed or suspended for a period exceeding, or which, added to any previous suspensions, exceeds sixty days in any calendar year, may, within ten days from the date of the service upon him of the order so dismissing or suspending him, apply to the commission for a review of the case; the commission shall thereupon have power, in its discretion, either to entertain or to refuse to entertain such appeal: if it entertains such appeal, it may affirm, set aside, amend or modify such order, or make such further order, as in its judgment the facts shall warrant. The decision of the commission refusing to entertain an appeal, or its order upon appeal allowed, shall be final.

4. No officer or employee shall receive any compensation for the period of any suspension, unless after entertaining an appeal the commission shall so order.

This section shall not apply to any appointment made for a probationary period. [L. 1947, c. 212, pt. of s. 1.]

Sec. 6300. Appropriations. The board of supervisors of each of the counties of Hawaii, Kauai, and Maui shall appropriate and hold in a special fund for the use of the police department of each such county, the following sums: (a) Hawaii county; sums aggregating not less than \$344,520.00 per annum; (b) Kauai county; sums aggregating not less than \$265,000.00 per annum; (c) Maui county; sums aggregating not less than \$350,093.00 per annum; together with such other sums as may be necessary to cover salary increases, up to the maximum amounts provided for in this subtitle and prescribed by the police commission, from such funds as are available by law for this purpose. The board may from time to time, in its discretion, appropriate from the proper funds additional moneys to be used by the police department.

Any moneys appropriated for the commission for any year remaining unexpended may be, at the discretion of the commission and notwithstanding any other provision of law to the contrary, carried over for its use during any subsequent period and need not be deducted from the amount hereinabove required to be appropriated for any year. [L. 1947, c. 212, pt. of s. 1.]

Sec. 6301. Disbursement of funds. All moneys appropriated for the police department shall be disbursed by the county treasurer only upon warrants issued by the auditor on vouchers signed by the chairman or acting chairman of the commission or such officer or employee as the commission may authorize. [L. 1947, c. 212, pt. of s. 1.]

Sec. 6302. Hearings by commission. In all investigations made by the commission and in all proceedings before it relative to the police department or the officers or employees thereof, the commission and each member thereof shall have the same powers respecting administering oaths, compelling the attendance of witnesses and the production of documentary evidence and examining witnesses as are possessed by circuit judge at chambers. In case of disobedience by any person of any order of the commission or any member thereof or of any subpoena issued by it or him or of the refusal of any witness to testify to any matters regarding which he may be questioned lawfully, it shall be the duty of any circuit judge, on application by the commission or a member thereof, to compel obedience as in case of disobedience of the requirements of a subpoena issued from a circuit court or a refusal to testify therein. The fees and traveling expenses of witnesses shall be the same as are allowed witnesses in the circuit courts and shall be paid out of any appropriations available for the use of the police department. [L. 1947, c. 212, pt. of s. 1.]

Sec. 6303. Quarters. The board shall make available to the police department sufficient and proper quarters in the police station in the county seat, and in each district in the county, for the use of the police department, and shall maintain and keep the same in repair. [L. 1947, c. 212, pt. of s. 1.]

Sec. 6304. Generators. The commission may furnish, out of funds made available to it, suitable electric generators for the automobile of each police officer or employee who may be deemed entitled thereto due to the nature of his work. [L. 1947, c. 212, pt. of s. 1.]

"In the event that land shall have been acquired by condemnation under the provisions of chapter 8 and in the award made on the condemnation there shall have been deducted from the compensation or damages otherwise payable to the landowner, any amount by reason of the fact that land of such landowner not sought to be condemned would be benefited by the construction of improvements proposed to be made after the condemnation, it shall be unlawful to make any assessments against such land under this chapter without having first credited against the amount for which said land would otherwise have been assessed the amount that shall have been deducted in the award made on condemnation for benefits by reason of the construction of improvements proposed to be made after condemnation." Note: The first part of 6710, to which the above is added, reads:

Sec. 6710. Determination by supervisors. After the hearing provided in section 6706, the board shall consider any protests, objections, or suggestions which may have been made or filed and whether sufficient valid protests have been filed to compel it to abandon any part or all of the proposed improvement. If the board still has jurisdiction to continue it shall then proceed, determine whether or not the proposed improvements shall be made as proposed, or made with modifications, and in the latter event modifications or changes, not substantially reducing the frontage or area to be assessed, and not increasing the maximum estimated unit of assessment, or lessening the unit cost per front foot or square foot may be made without again giving notice of a hearing as provided in section 6706; **provided**, such modifications or changes shall not materially alter the general character or plan so advertised. If, after such initial or further advertisement and hearing when no changes are made which will require further advertisement or hearing, the board shall have determined to proceed with the improvements, it shall, by resolution requiring not more than one reading for its adoption, create, define and establish the extent of the frontage improvement or the improvement district to be assessed,

as the case may be, and define the kind, extent and general details of the proposed improvements, describe each parcel of land to be acquired, if any, declare the part or proportion of the cost of the improvement which is to be borne by the city and county as aforesaid, the method of assessment, and the kinds of materials to be used, and by the resolution further direct the city and county engineer to prepare a corrected map of the highway or highways to be improved showing the abutting lands, or of the improvement district showing the highways therein to be improved, or the storm drainage system to be constructed or improved, as the case may be, and showing the exact location of the improvements, together with final details, plans and specifications for the work; all in such form as will readily permit and encourage genuine competition between contractors insofar as the materials specified will permit of such competition; and the same, when by resolution similarly approved and adopted by the board, shall be used as the basis for the calling of bids and awarding of a contract or contracts for the work as hereinafter provided.

In case the improvements so determined upon shall require the acquisition of any new land therefor, the board shall acquire the same before final award of the contract, either by deed, or other voluntary conveyance from the owners thereof, or it may, at its option, and in the name of the city and county cause condemnation proceedings to be brought to acquire the same in like manner as by law provided or like proceedings when brought by the superintendent of public works, and after the filing of the petition in such proceedings the final award of the contract may be made. If the cost of acquiring such land shall exceed the estimate therefor, the board may provide for the excess cost by general appropriation.

Series C-136: ACT 124

An Act to Provide for the Transfer of Stock Certificates.

Be it Enacted by the Legislature of the Territory of Hawaii:

[Sec. 8325.01.] Section 1. **How title to certificates and shares may be transferred.** Title to a certificate and to the shares represented thereby can be transferred only (a) by delivery of the certificate endorsed either in blank or to a specified person by the person appearing by the certificate to be the owner of the shares represented thereby, or (b) by delivery of the certificate and a separate document containing a written assignment of the certificate or a power of attorney to sell, assign, or transfer the same or the shares represented thereby, signed by the person appearing by the certificate to be the owner of the shares represented thereby. Such assignment of power of attorney may be either in blank or to a specified person.

The provisions of this section shall be applicable although the charter or articles of association or by-laws of the corporation issuing the certificate and the certificate itself provide that the shares represented thereby shall be transferable only on the books of the corporation or shall be registered by a registrar or transferred by a transfer agent. [L. 1947, c. 124, s. 1.]

[Sec. 8325.02.] Section 2. **Powers of those lacking full legal capacity and of fiduciaries not enlarged.** Nothing in this Act shall be construed as enlarging the powers of an infant or other person lacking full legal capacity, or of a trustee, executor or administrator, or other fiduciary, to make a valid endorsement, assignment or power of attorney. [L. 1947, c. 124, s. 2.]

[Sec. 8325.03.] Section 3. **Corporation not forbidden to treat registered holder as owner.** Nothing in this Act shall be construed as forbidding a corporation (a) to recognize the exclusive right of a person registered on its books as the owner of shares to receive dividends, and to vote as such owner, or (b) to hold liable for calls and assessments a person registered on its books as the owner of shares. [L. 1947, c. 124, s. 3.]

[Sec. 8325.04.] Section 4. **Title derived from certificate extinguishes title derived from a separate document.** The title of a transferee of a certificate under a power of attorney or assignment not written upon the certificate, and the title of any person claiming under such transferee, shall cease and determine if, at any time prior to the surrender of the certificate

to the corporation issuing it, another person, for value in good faith, and without notice of the prior transfer, shall purchase and obtain delivery of such certificate with the endorsement of the person appearing by the certificate to be the owner thereof, or shall purchase and obtain delivery of such certificate and the written assignment or power of attorney of such person, though contained in a separate document. [L. 1947, c. 124, s. 4.]

[Sec. 8325.05.] **Section 5. Who may deliver a certificate.** The delivery of a certificate to transfer title in accordance with the provisions of section 1, is effectual, except as provided in section 7, though made by one having no right of possession and having no authority from the owner of the certificate or from the person purporting to transfer the title. [L. 1947, c. 124, s. 5.]

[Sec. 8325.06.] **Section 6. Endorsement effectual in spite of fraud, duress, mistake, revocation, death, incapacity or lack of consideration or authority.** The endorsement of a certificate by the person appearing by the certificate to be the owner of the shares represented thereby is effectual, except as provided in section 7, though the endorser or transferor (a) was induced by fraud, duress, or mistake, to make the endorsement or delivery, or (b) has revoked the delivery of the certificate, or the authority given by the endorsement or delivery of the certificate, or (c) has died or become legally incapacitated after the endorsement, whether before or after the delivery of the certificate, or (d) has received no consideration. [L. 1947, c. 124, s. 6.]

[Sec. 8325.07.] **Section 7. Rescission of transfer.** The possession of a certificate may be reclaimed and the transfer thereof rescinded (1) if the endorsement or delivery of the certificate (a) was procured by fraud or duress, or (b) was made under such mistake as to make the endorsement or delivery inequitable, or (2) if the delivery of the certificate was made (a) without authority from the owner, or (b) after the owner's death or legal incapacity, unless (1) the certificate has been transferred to a purchaser for value in good faith without notice of any facts making the transfer wrongful, or (2) the injured person has elected to waive the injury, or has been guilty of laches in endeavoring to enforce his rights.

Any court of appropriate jurisdiction may enforce specifically such right to reclaim the possession of the certificate or to rescind the transfer thereof and, pending litigation, may enjoin the further transfer of the certificate or impound it. [L. 1947, c. 124, s. 7.]

[Sec. 8325.08.] Section 8. **Rescission of transfer of certificate does not invalidate subsequent transfer by transferee in possession.** Although the transfer of a certificate or of shares represented thereby has been rescinded or set aside, nevertheless, if the transferee has possession of the certificate or of a new certificate representing part or the whole of the same shares of stock, a subsequent transfer of such certificate by the transferee, mediately or immediately, to a purchaser for value in good faith, without notice of any facts making the transfer wrongful, shall give such purchaser an indefeasible right to the certificate and the shares represented thereby. [L. 1947, c. 124, s. 8.]

[Sec. 8325.09.] Section 9. **Delivery of unendorsed certificate imposes obligation to endorse.** The delivery of a certificate by the person appearing by the certificate to be the owner thereof without the endorsement requisite for the transfer of the certificate and the shares represented thereby, but with intent to transfer such certificate or shares, shall impose an obligation, in the absence of an agreement to the contrary, upon the person so delivering, to complete the transfer by making the necessary endorsement. The transfer shall take effect as of the time when the endorsement is actually made. This obligation may be specifically enforced. [L. 1947, c. 124, s. 9.]

[Sec. 8325.10.] Section 10. **Ineffectual attempt to transfer amounts to promise to transfer.** An attempted transfer of title to a certificate or to the shares represented thereby without delivery of the certificate shall have the effect of a promise to transfer and the obligation, if any, imposed by such promise shall be determined by the law governing the formation and performance of contracts. [L. 1947, c. 124, s. 10.]

[Sec. 8325.11.] Section 11. **Warranties on sale of certificate.** A person who for value transfers a certificate, including one who assigns for value a claim secured by a certificate, unless a contrary intention appears, warrants (a) that the certificate is genuine, (b) that he has a legal right to transfer it, and (c) that he has no knowledge of any fact which would impair the validity of the certificate.

In the case of an assignment of a claim secured by a certificate, the liability of the assignor upon such warranty shall not exceed the amount of the claim. [L. 1947, c. 124, s. 11.]

[Sec. 8325.12.] Section 12. **No warranty implied from accepting payment of a debt.** A mortgagee, pledgee, or other holder for security of a certificate who in good faith demands or receives payment of the debt for which such certificate is security, whether from a party to a draft drawn for such debt,

or from any other person, shall not by so doing be deemed to represent or to warrant the genuineness of such certificate, or the value of the shares represented thereby. [L. 1947, c. 124, s. 12.]

[Sec. 8325.13.] Section 13. **No issuance of new certificate unless old certificate surrendered.** Except when a certificate has been lost or destroyed or the shares evidenced by a certificate have been sold for a delinquent assessment of nonpayment of the subscription price, a corporation shall not be compelled to issue a new certificate for shares until the old certificate is surrendered to it. In case any part of the delinquent shares represented by an outstanding certificate are sold or forfeited, such certificate must be surrendered to the corporation before the holder thereof shall be entitled to a new certificate for the unsold or unforfeited shares. [L. 1947, c. 124, s. 13.]

[Sec. 8325.14.] Section 14. **Effect of lien.** A corporation shall be under no obligation to transfer shares upon its books or to issue a new certificate for shares which are subject to the lien of an attachment or execution unless and until the lien shall be discharged, but the corporation may in its discretion issue a new certificate with the notation thereon of the fact that it is claimed that the shares are subject to the lien of an attachment or execution. A corporation may require as a condition of the transfer of shares upon its books the payment of all calls previously made or installments of the purchase or subscription price due at the time of registration, if such calls or installments are a lien thereon effective as against the person demanding registration, and of all assessments which have been levied and made a lien upon such shares. [L. 1947, c. 124, s. 14.]

[Sec. 8325.15.] Section 15. **Alteration of certificate does not divest title to shares.** The alteration of a certificate, whether fraudulent or not and by whomsoever made, shall not deprive the owner of his title to the certificate and the shares originally represented thereby, and the transfer of such a certificate shall convey to the transferee a good title to such certificate and to the shares originally represented thereby. [L. 1947, c. 124, s. 15.]

[Sec. 8325.16.] Section 16. **Lost or destroyed certificate.** Where a certificate has been lost or destroyed, a court of competent jurisdiction may order the issue of a new certificate therefor on service of process upon the corporation and on reasonable notice by publication, and in any other way which the court may direct, to all persons interested, and upon satisfactory proof of such loss or destruction and upon the giving of a bond with sufficient surety to be approved by the court to protect the corporation or any person injured by the issue of the new certificate from any liability or expense, which it or

they may incur by reason of the original certificate remaining outstanding. The court may also in its discretion order the payment of the corporation's reasonable costs and counsel fees.

The issue of a new certificate under an order of the court as provided in this section, shall not relieve the corporation from liability in damages to a person to whom the original certificate has been or shall be transferred for value without notice of the proceedings or of the issuance of the new certificate. [L. 1947, c. 124, s. 16.]

[Sec. 8325.17.] Section 17. **Rule for cases not provided for by this Act.** In any case not provided for by this Act, the rules of law and equity, including the law merchant, and in particular the rules relating to the law of principal and agent, executors, administrators and trustees, and to the effect of fraud, misrepresentation, duress or coercion, mistake, bankruptcy, or other invalidating cause, shall govern. [L. 1947, c. 124, s. 17.]

[Sec. 8325.18.] Section 18. **Interpretation shall give effect to purpose of uniformity.** This Act shall be so interpreted and construed as to effectuate its general purpose to make uniform the law of those states which enact it. [L. 1947, c. 124, s. 18.]

[Sec. 8325.19.] Section 19. **Definition of endorsement.** A certificate is endorsed when an assignment or a power of attorney to sell, assign, or transfer the certificate or the shares represented thereby is written on the certificate and signed by the person appearing by the certificate to be the owner of the shares represented thereby, or when the signature of such person is written without more upon the back of the certificate. In any of such cases a certificate is endorsed though it has not been delivered. [L. 1947, c. 124, s. 19.]

[Sec. 8325.20.] Section 20. **Definition of person appearing to be the owner of certificate.** The person to whom a certificate was originally issued is the person appearing by the certificate to be the owner thereof, and of the shares represented thereby, until and unless he endorses the certificate to another specified person, and thereupon such other specified person is the person appearing by the certificate to be the owner thereof until and unless he also endorses the certificate to another specified person. Subsequent special endorsements may be made with like effect. [L. 1947, c. 124, s. 20.]

[Sec. 8325.21.] Section 21. **Other definitions.** (1) In this Act, unless the context or subject matter otherwise requires:

Series C-143: ACT 221

An Act Amending Sections 8541, 8542 and 8544, Chapter 161 of the Revised Laws of Hawaii 1945, Relating to the Loan Values, Non-Forfeiture Benefits and the Valuation of Life Insurance Policies.

Be it Enacted by the Legislature of the Territory of Hawaii:

Section 1. Chapter 161 of the Revised Laws of Hawaii 1945, is hereby amended in the following respects:

(1) By amending sub-paragraphs 6 and 7 of section 8541 to read as follows:

"6. Loans. A provision that after the policy has been in force three full years, the company at any time, while the policy is in force, will advance, on proper assignment or pledge of the policy and on the sole security thereof, at a specified rate of interest, a sum equal to, or at the option of the insured less than, the reserve at the end of the current policy year on the policy and on any dividend additions thereto, computed according to a mortality table, interest rate, and method of valuation permitted by section 8544, less a sum of not more than two and one-half per centum of the amount insured by the policy and of any dividend additions thereto; and that the company will deduct from the loan value any existing indebtedness on the policy and any unpaid balance of the premium for the current policy year, and may collect interest in advance on the loan to the end of the current policy year; which provision may further provide that the loan may be deferred for not exceeding six months after the application therefor is made. This provision shall not be required in term insurance, nor shall it apply to temporary insurance or pure endowment insurance, issued or granted in exchange for lapsed or surrendered policies.

7. Default. A provision that in event of default in premium payments, after premiums shall have been paid for three years, the insured shall be entitled to a stipulated form of insurance the net value of which shall be at least equal to the reserve at the date of default on the policy and on dividend additions thereto, if any, computed according to a mortality table, interest rate, and method of valuation permitted by section 8544, less a specified percentage (not more than two and one-half) of the amount insured by the policy and of existing dividend additions thereto, if any, and less any existing indebtedness to the company on or secured by the policy; **provided, that if the benefits under the**

policy are calculated according to a more modern table than the American Experience Table of Mortality, the value of any extended term insurance, with accompanying pure endowment, if any, may be calculated according to rates of mortality not exceeding 130% of the rates according to such more modern table; **provided**, further, that the policy may be surrendered to the company at its home office within one month of date of default for a specified cash value at least equal to the sum which would otherwise be available for the purchase of insurance as aforesaid; and **provided**, further, that the company may defer payment for not more than six months after the application therefor is made. This provision shall not be required in term insurance of twenty years or less."

[See end of this Act for rewritten § 8541.]

(2) By amending subsection 1 of **section 8542**, to read as follows:

"1. Any policy of life insurance may contain a provision that, upon the non-payment of any premium when due, after payment of premiums for not exceeding three full years, the same shall be paid by being charged as a loan against the policy; **provided** the loan value thereon after deducting all outstanding loans and interest against a policy shall be sufficient to cover the amount of the premium, together with such charges and subject to such conditions as shall be stipulated in the policy and duly approved by the insurance department of the domicile of the company issuing it, anything in this chapter to the contrary notwithstanding."

[Rewritten § 8542 at end of this Act.]

(3) By amending section 8544 to read as follows:

"Sec. 8544. Life insurance policies, valuation. 1. No life insurance company shall issue any policy in the Territory at any time when its assets shall not equal all its reserves and other liabilities including its outstanding capital stock. 2. The reserve liabilities of a life insurance company shall be determined as follows:

- (a) As to outstanding policies in companies upon April 21, 1917, or theretofore authorized in the Territory, the basis and method theretofore used shall continue to be so used;
- (b) As to policies thereafter issued and all policies of companies not upon April 21, 1917, or theretofore authorized in the Territory, the minimum basis for such determination shall be the American Experience Table of Mortality and a rate of interest assumed not to be more than four per centum per annum, and the net

level premium method of valuation shall be used; **provided** that, at the option of the company, a modified term method of valuation may be used whereby the reserve for the first year of insurance shall be reduced by an amount not exceeding the net level premium reserve at the end of such first year on a twenty payment life policy issued at the same age and on the same basis, and the reserves for subsequent years shall be adjusted accordingly; or, at the option of the company, the so-called commissioners reserve valuation method may be used as to policies issued on or after the effective date of this act.

3. Policies of disability, old age or annuity insurance or providing for any other benefit shall be valued to require reserves providing fully for all liabilities created by the promise of the benefits.

4. At the option of the company, reserve may be computed according to any mortality table, interest rate and method of valuation producing greater aggregate net values than those herein prescribed.

5. If the actual premium is less than the net premium required for the insurance the reserves shall be increased by the present value of the deficiency in the actual premiums.

6. The commissioner shall make such valuations annually on or before March 1, for the end of the calendar year preceding and reserves providing fully for all liabilities shall be carried as liabilities in the annual statement of the company.

7. Every company shall pay a fee of one cent per thousand dollars of insurance so required to be valued; **provided** that the commissioner may in lieu of making the valuation and receiving the fee accept a certificate of valuation made by the proper officer of some insurance department of the United States." [L. 1917, c. 115, s. 53; R. L. 1945, s. 8544; am. L. 1947, c. 221, pt. of s. 1.]

of the company upon delivery of a receipt signed by one or more of the officers who shall be designated in the policy

2 Grace A provision that the insured is entitled to a grace either of thirty days or one month within which the payment of any premium after the first year may be made subject at the option of the company to an interest charge not in excess of six per centum per annum for the number of days of grace elapsing before the payment of the premium, during which period of grace the policy shall continue in full force, but in case the policy becomes a claim during the period of grace before the overdue premium or the deferred premiums, of the current policy year, if any, are paid, the amount of the premiums with interest on any overdue premium may be deducted from any amount payable under the policy in settlement

3 Scope of contract; incontestability. A provision that the policy shall constitute the entire contract between the parties and shall be incontestable after it has been in force during the life time of the insured for a period of two years from its date except for non payment of premiums and except for violations of the conditions of the policy relating to naval or military service, that all statements made by the insured shall, in the absence of fraud, be deemed representations and not warranties, and that no such statement or statements shall be used in defense of a claim under the policy unless contained in a written application and unless a copy of the statement or statements be endorsed upon or attached to the policy when issued

4 Misstatement of age. A provision that if it shall be found out at any time before final settlement under a policy that the age of the insured has been misstated the amount payable under the policy shall be such as the premium would have purchased at the correct age, or a provision that the premium may be adjusted and credit given to the insured or to the company according to the company's published rate at date of issue

5 Participation in surplus. A provision that the policy shall participate in the surplus of the company, and any policy containing provisions for participation at the end of the first policy year and annually thereafter may also provide that each dividend shall be paid subject to the payment of the premium for the next ensuing year, and the insured under any annual dividend policy shall have the right each year to have the dividend arising from such participation paid in cash, and if the policy shall provide other dividend options it shall further provide which of the options shall be effective if the insured shall not elect any option on or before the expiration of the period of grace allowed for the payment of the premium

This provision shall not apply to any form of paid up insurance or temporary insurance or pure endowment insurance, issued or granted in exchange for lapsed or surrendered policies or to non participating policies

6 Loans A provision that after the policy has been in force three full years, the company at any time while the policy is in force will advance on proper assignment or pledge of the policy and on the sole security thereof, at a specified rate of interest a sum equal to or at the option of

the insured less than the reserve at the end of the current policy year on the policy and on any dividend additions thereto, computed according to a mortality table, interest rate, and method of valuation permitted by section 8544, less a sum of not more than two and one-half per centum of the amount insured by the policy and of any dividend additions thereto; and that the company will deduct from the loan value any existing indebtedness on the policy and any unpaid balance of the premium for the current policy year, and may collect interest in advance on the loan to the end of the current policy year; which provision may further provide that the loan may be deferred for not exceeding six months after the application therefor is made. This provision shall not be required in term insurance, nor shall it apply to temporary insurance or pure endowment insurance, issued or granted in exchange for lapsed or surrendered policies.

7. Default. A provision that in event of default in premium payments, after premiums shall have been paid for three years, the insured shall be entitled to a stipulated form of insurance the net value of which shall be at least equal to the reserve at the date of default on the policy and on dividend additions thereto, if any, computed according to a mortality table, interest rate, and method of valuation permitted by section 8544, less a specified percentage (not more than two and one-half) of the amount insured by the policy and of existing dividend additions thereto, if any, and less any existing indebtedness to the company on or secured by the policy; **provided**, that if the benefits under the policy are calculated according to a more modern table than the American Experience Table of Mortality, the value of any extended term insurance, with accompanying pure endowment, if any, may be calculated according to rates of mortality not exceeding 130% of the rates according to such more modern table; **provided**, further, that the policy may be surrendered to the company at its home office within one month of date of default for a specified cash value at least equal to the sum which would otherwise be available for the purchase of insurance as aforesaid; and **provided**, further, that the company may defer payment for not more than six months after the application therefor is made. This provision shall not be required in term insurance of twenty years or less.

8. Options. A provision specifying the options to which the policyholder is entitled in the event of default in a premium payment after three full annual premiums shall have been paid. This provision shall not be required in term insurance of twenty years or less. A provision may also be inserted in the policy that in event of default in a premium payment before the options become available the reserve on any dividend additions then in force may at the option of the company be paid in cash or applied as a net premium to the purchase of paid-up term insurance for any amount not in excess of the face of the original policy.

9. Tables. A table showing in figures the loan values and the options available under the policy each year upon default in premium payments, during at least the first twenty years of the policy or during the premium paying period if less than twenty years.

10. **Reinstatement.** A provision that if in event of default in premium payments the value of the policy shall have been applied to the purchase of other insurance as provided for in this section, and if such insurance shall be in force and the original policy shall not have been surrendered to the company and canceled, the policy may be reinstated within three years from the default, upon evidence of insurability satisfactory to the company and payment of arrears of premiums and the payment of re-instatement of any other indebtedness to the company upon the policy, with interest at the rate of not exceeding six per centum per annum.

11. **Death claims.** A provision that when a policy shall become a claim by the death of the insured, settlement shall be made upon receipt of due proof of death and of the interest of the claimant, and not later than two months after the receipt of such proof.

12. **Instalments.** A table showing the amount of instalments, if any, in which the policy may provide its proceeds may be payable.

13. **Title.** Title on the face and on the back of the policy, briefly describing the same.

Applicability. Any of the foregoing provisions or portions thereof not applicable to single premium or non-participating or term policies shall to that extent not be incorporated therein; and any policy may be issued or delivered in the Territory which in the opinion of the commissioner contains provisions on any one or more of the several foregoing requirements more favorable to the policyholder than hereinbefore required. The provisions of this section shall not apply to policies of re-insurance. [L. 1917, c. 115, s. 50; R. L. 1925, s. 3464; R. L. 1935, s. 6840; R. L. 1945, s. 8541; am. L. 1945, c. 240, s. 1 (7); am. Note: As so amended, § 8542 reads:

Sec. 8542. Life insurance provisions; optional. 1. [Sec. 8546.01.] Section 1. **Effect of payments without notice.** When any proceeds of, or any payments under, any policy or contract of life insurance become payable, and the insurance company makes payment thereof in accordance with the terms of the policy or contract, or in accordance with the terms of any written assignment or transfer thereof, if the policy or contract has been assigned or transferred, such payment shall fully discharge such company from all claims under such policy, contract, assignment or transfer, unless, before such payment is made, such company has received, at its home office, written notice by or on behalf of some other person having a bona fide legal claim that such other person claims to be entitled to such payment or some interest in the policy or contract. If such payment is made prior to receipt of such a notice, the company making the payment shall be so discharged whether or not such adverse claim is based upon the source of the premiums or consideration money. [L. 1947, c. 182, s. 2.]

[CHAPTER 161A. CASUALTY INSURANCE RATES
AFFECTING MOTOR VEHICLES.]

Series C-145: ACT 60

An Act Relative to the Regulation of Rates for Certain Casualty Insurance Including Fidelity, Surety and Guaranty Bonds and for All Other Forms of Motor Vehicle Insurance, and to Rating Organizations, Repealing All Laws Inconsistent with this Act, Amending Section 8463 of the Revised Laws of Hawaii 1945.

Be it Enacted by the Legislature of the Territory of Hawaii:

[Sec. 8551.01.] Section 1. **Purpose of Act.** The purpose of this Act is to promote the public welfare by regulating insurance rates to the end that they shall not be excessive, inadequate or unfairly discriminatory, and to authorize and regulate cooperative action among insurers in rate making and in other matters within the scope of this Act. Nothing in this Act is intended (1) to prohibit or discourage reasonable competition, or (2) to prohibit, or encourage except to the extent necessary to accomplish the aforementioned purpose, uniformity in insurance rates, rating systems, rating plans or practices. This Act shall be liberally interpreted to carry into effect the provisions of this section. [L. 1947, c. 60, s. 1.]

[Sec. 8551.02.] Section 2. **Scope of Act.** This Act applies to casualty insurance (1), including fidelity, surety and guaranty bonds, and to all other forms of motor vehicle insurance, on risks or operations in this Territory, except:

(a) reinsurance, other than joint reinsurance to the extent stated in section 11;

(b) accident, health and disability insurance;

(c) insurance against loss of or damage to aircraft or against liability, other than workmen's compensation and employers' liability, arising out of the ownership, maintenance or use of aircraft;

Casualty insurance is used herein in its generally accepted trade sense.

If any kind of insurance, subdivision or combination thereof, or type of coverage, subject to this Act, is also subject to regulation by another rate regulatory act of this Territory, an insurer to which both acts are otherwise applicable shall file with the insurance commissioner, hereinafter referred to as commissioner, a designation as to which rate regulatory act shall be applicable to it with respect to such kind of insurance, subdivision or combination thereof, or type of coverage. [L. 1947, c. 60, s. 2.]

[Sec. 8551.03.] Section 3. **Making of rates.** (a) All rates shall be made in accordance with the following provisions:

1. Due consideration shall be given to past and prospective loss experience within and outside this Territory, to catastrophe hazards, if any, to a reasonable margin for underwriting profit and contingencies, to dividends, savings or unabsorbed premium deposits allowed or returned by insurers to their policyholders, members or subscribers, to past and prospective expenses both country-wide and those specially applicable to this Territory, and to all other relevant factors within and outside this Territory.

2. The systems of expense provisions included in the rates for use by any insurer or group of insurers may differ from those of other insurers or groups of insurers to reflect the requirements of the operating methods of any such insurer or group with respect to any kind of insurance, or with respect to any subdivision or combination thereof for which subdivision or combination separate expense provisions are applicable.

3. Risks may be grouped by classifications for the establishment of rates and minimum premiums. Classification rates may be modified to produce rates for individual risks in accordance with rating plans which establish standards for measuring variations in hazards or expense provisions, or both. Such standards may measure any differences among risks that can be demonstrated to have a probable effect upon losses or expenses.

4. Rates shall not be excessive, inadequate, or unfairly discriminatory.

(b) Except to the extent necessary to meet the provisions of subdivision 4 of subsection (a) of this section, uniformity among insurers in any matters within the scope of this section is neither required nor prohibited. [L. 1947, c. 60, s. 3.]

[Sec. 8551.04.] Section 4. **Rate filings.** (a) Every insurer shall file with the commissioner every manual of classifications, rules and rates, every rating plan and every modification of any of the foregoing which it proposes to use. Every such filing shall state the proposed effective date thereof, and shall indicate the character and extent of the coverage contemplated. When a filing is not accompanied by the information upon which the insurer supports such filing, and the commissioner does not have sufficient information to determine whether such filing meets the requirements of the Act, he shall require such insurer to furnish the information upon which it supports such filing and in such event the waiting period shall commence as of the date such information is furnished. The information furnished in support of a filing may include (1) the experience or judgment of the insurer or rating organization making the filing, (2) its interpretation of any statistical data it relies upon, (3) the experience of other insurers or rating organizations, or (4) any other relevant factors. A filing and any supporting information shall be open to public inspection after the filing becomes effective.

(b) An insurer may satisfy its obligation to make such filings by becoming a member of, or a subscriber to, a licensed rating organization which makes such filings, and by authorizing the commissioner to accept such filings on its behalf; provided, that nothing contained in this Act shall be construed as requiring any insurer to become a member of or a subscriber to any rating organization.

(c) The commissioner shall review filings as soon as reasonably possible after they have been made in order to determine whether they meet the requirements of this Act.

(d) Subject to the exception specified in subsection (e) of this section, each filing shall be on file for a waiting period of fifteen days before it becomes effective, which period may be extended by the commissioner for an additional period not to exceed fifteen days if he gives written notice within such waiting period to the insurer or rating organization which made the filing that he needs such additional time for the consideration of such filing. Upon written application by such insurer or rating organization, the commissioner may authorize a filing which he has reviewed to become effective before the expiration of the waiting period or any extension thereof. A filing shall be deemed to meet the requirements of this Act unless disap-

proved by the commissioner within the waiting period or any extension thereof.

(e) Any special filing with respect to a surety or guaranty bond required by law or by court or executive order or by order, rule or regulation of a public body, not covered by a previous filing, shall become effective when filed and shall be deemed to meet the requirements of this Act until such time as the commissioner reviews the filing and so long thereafter as the filing remains in effect.

(f) Under such rules and regulations as he shall adopt the commissioner may, by written order, suspend or modify the requirement of filing as to any kind of insurance, subdivision or combination thereof, or as to classes of risks, the rates for which cannot practicably be filed before they are used. Such orders, rules and regulations shall be made known to insurers and rating organizations affected thereby. The commissioner may make such examination as he may deem advisable to ascertain whether any rates affected by such order meet the standards set forth in subdivision 4 of subsection (a) of section 3.

(g) Upon the written application of the insured, stating his reasons therefore, filed with and approved by the commissioner, a rate in excess of that provided by a filing otherwise applicable may be used on any specific risk.

(h) Beginning ninety days after the effective date of this Act no insurer shall make or issue a contract or policy except in accordance with filings which are in effect for said insurer as provided in this Act or in accordance with subsection (f) or (g) of this section. [L. 1947, c. 60, s. 4.]

[Sec. 8551.05.] Section 5. **Disapproval of filings.** (a) If within the waiting period or any extension thereof as provided in subsection (d) of section 4, the commissioner finds that a filing does not meet the requirements of this Act, he shall send to the insurer or rating organization which made such filing written notice of disapproval of such filing specifying therein in what respects he finds such filing fails to meet the requirements of this Act and stating that such filing shall not become effective.

(b) If within thirty days after a special surety or guaranty filing subject to subsection (e) of section 4 has become effective, the commissioner finds that such filing does not meet the requirements of this Act, he shall send to the insurer or rating organization which made such filing written notice of disapproval of such filing specifying therein in what respects he finds that such filing fails to meet the requirements of this Act and stating when, within a reasonable period thereafter, such filing shall

be deemed no longer effective. Said disapproval shall not affect any contract made or issued prior to the expiration of the period set forth in said notice.

(c) If at any time subsequent to the applicable review period provided for in subsection (a) or (b) of this section, the commissioner finds that a filing does not meet the requirements of this Act, he shall, after a hearing held upon not less than ten days' written notice, specifying the matters to be considered at such hearing, to every insurer and rating organization which made such filing, issue an order specifying in what respects he finds that such filing fails to meet the requirements of this Act, and stating when, within a reasonable period thereafter, such filing shall be deemed no longer effective. Copies of said order shall be sent to every such insurer and rating organization. Said order shall not affect any contract or policy made or issued prior to the expiration of the period set forth in said order.

(d) Any person or organization aggrieved with respect to any filing which is in effect may make written application to the commissioner for a hearing thereon, **provided**, however, that the insurer or rating organization that made the filing shall not be authorized to proceed under this subsection. Such application shall specify the grounds to be relied upon by the applicant. If the commissioner shall find that the application is made in good faith, that the applicant would be so aggrieved if his grounds are established, and that such grounds otherwise justify holding such a hearing, he shall, within thirty days after receipt of such application, hold a hearing upon not less than ten days' written notice to the applicant and to every insurer and rating organization which made such filing.

If, after such hearing, the commissioner finds that the filing does not meet the requirements of this Act, he shall issue an order specifying in what respects he finds that such filing fails to meet the requirements of this Act, and stating when, within a reasonable period thereafter, such filing shall be deemed no longer effective. Copies of said order shall be sent to the applicant and to every such insurer and rating organization. Said order shall not affect any contract or policy made or issued prior to the expiration of the period set forth in said order.

(e) No manual of classifications, rules, rating plan, or any modification of any of the foregoing which establishes standards for measuring variations in hazards or expense provisions, or both, and which has been filed pursuant to the requirements of section 4 of this Act shall be disapproved if the rates thereby produced meet the requirements of this Act. [L. 1947, c. 60, s. 5.]

[Sec. 8551.06.] Section 6. **Rating organizations.** (a) A corporation, an unincorporated association, a partnership or an individual, whether located within or outside this Territory, may make application to the commissioner for license as a rating organization for such kinds of insurance or subdivisions thereof as are specified in its application and shall file therewith (1) a copy of its constitution, its articles of agreement or association or its certificate of incorporation, and of its by-laws, rules and regulations governing the conduct of its business, (2) a list of its members and subscribers, (3) the name and address of a resident of this Territory upon whom notices or orders of the commissioner or process affecting such rating organization may be served and (4) a statement of its qualifications as a rating organization. If the commissioner finds that the applicant is competent, trustworthy and otherwise qualified to act as a rating organization and that its constitution, articles of agreement or association or certificate of incorporation, and its by-laws, rules and regulations governing the conduct of its business conform to the requirements of law, he shall issue a license specifying the kinds of insurance or subdivisions thereof for which the applicant is authorized to act as a rating organization. Every such application shall be granted or denied in whole or in part by the commissioner within sixty days of the date of its filing with him. Licenses issued pursuant to this section shall remain in effect for three years unless sooner suspended or revoked by the commissioner. The fee for said license shall be twenty-five dollars. Licenses issued pursuant to this section may be suspended or revoked by the commissioner after hearing upon notice, in the event the rating organization ceases to meet the requirements of this subsection. Every rating organization shall notify the commissioner promptly of every change in (1) its constitution, its articles of agreement or association or its certificate of incorporation, and its by-laws, rules and regulations governing the conduct of its business, (2) its list of members and subscribers and (3) the name and address of the resident of this Territory designated by it upon whom notices or orders of the commissioner or process affecting such rating organization may be served.

(b) Subject to rules and regulations which have been approved by the commissioner as reasonable, each rating organization shall permit any insurer, not a member, to be a subscriber to its rating services for any kind of insurance or subdivision thereof for which it is authorized to act as a rating organization. Notice of proposed changes in such rules and regulations shall be given to subscribers. Each rating organization shall furnish

its rating services without discrimination to its members and subscribers. The reasonableness of any rule or regulation in its application to subscribers, or the refusal of any rating organization to admit an insurer as a subscriber, shall, at the request of any subscriber or any such insurer, be reviewed by the commissioner at a hearing held upon at least ten days' written notice to such rating organization and to such subscriber or insurer. If the commissioner finds that such rule or regulation is unreasonable in its application to subscribers, he shall order that such rule or regulation shall not be applicable to subscribers. If the rating organization fails to grant or reject an insurer's application for subscribership within thirty days after it was made, the insurer may request a review by the commissioner as if the application had been rejected. If the commissioner finds that the insurer has been refused admittance to the rating organization as a subscriber without justification, he shall order the rating organization to admit the insurer as a subscriber. If he finds that the action of the rating organization was justified, he shall make an order affirming its action.

(c) No rating organization shall adopt any rule the effect of which would be to prohibit or regulate the payment of dividends, savings or unabsorbed premium deposits allowed or returned by insurers to their policyholders, members or subscribers.

(d) Cooperation among rating organizations or among rating organizations and insurers in rate making or in other matters within the scope of this Act is hereby authorized, provided the filings resulting from such cooperation are subject to all the provisions of this Act which are applicable to filings generally. The commissioner may review such cooperative activities and practices and if, after a hearing, he finds that any such activity or practice is unfair or unreasonable or otherwise inconsistent with the provisions of this Act, he may issue a written order specifying in what respects such activity or practice is unfair or unreasonable or otherwise inconsistent with the provisions of this Act, and requiring the discontinuance of such activity or practice. [L. 1947, c. 60, s. 6.]

[Sec. 8551.07.] Section 7. **Deviations.** Every member of or subscriber to a rating organization shall adhere to the filings made on its behalf by such organization except that any such insurer may make written application to the commissioner for permission to file a uniform percentage decrease or increase to be applied to the premiums produced by the rating system so filed for a kind of insurance, or for a class of insurance which is found by the commissioner to be a proper rating unit for the application of such uniform percentage decrease or increase, or

for a subdivision of a kind of insurance (1) comprised of a group of manual classifications which is treated as a separate unit for rate making purposes, or (2) for which separate expense provisions are included in the filings of the rating organization. Such application shall specify the basis for the modification and shall be accompanied by the data upon which the applicant relies. A copy of the application and data shall be sent simultaneously to such rating organization. The commissioner shall set a time and place for a hearing at which the insurer and such rating organization may be heard and shall give them not less than ten days' written notice thereof. In the event the commissioner is advised by the rating organization that it does not desire a hearing he may, upon the consent of the applicant, waive such hearing. The commissioner shall issue an order permitting the modification for such insurer to be filed if he finds it to be justified and it shall thereupon become effective. He shall issue an order denying such application if he finds that the modification is not justified or that the resulting premiums would be excessive, inadequate or unfairly discriminatory. Each deviation permitted to be filed shall be effective for a period of one year from the date of such permission unless terminated sooner with the approval of the commissioner. [L. 1947, c. 60, s. 7.]

[Sec. 8551.08.] Section 8. **Appeal by minority.** Any member of or subscriber to a rating organization may appeal to the commissioner from the action or decision of such rating organization in approving or rejecting any proposed change in or addition to the filings of such rating organization and the commissioner shall, after a hearing held upon not less than ten days' written notice to the appellant and to such rating organization, issue an order approving the action or decision of such rating organization or directing it to give further consideration to such proposal, or, if such appeal is from the action or decision of the rating organization in rejecting a proposed addition to its filings, he may, in the event he finds that such action or decision was unreasonable, issue an order directing the rating organization to make an addition to its filings, on behalf of its members and subscribers, in a manner consistent with the findings, within a reasonable time after the issuance of such order.

If such appeal is based upon the failure of the rating organization to make a filing on behalf of such member or subscriber which is based on a system of expense provisions which differs, in accordance with the right granted in subdivision 2 of subsection (a) of section 3, from the system of expense provisions included in a filing made by the rating organization, the commissioner shall,

if he grants the appeal, order the rating organization to make the requested filing for use by the appellant. In deciding such appeal the commissioner shall apply the standards set forth in section 3. [L. 1947, c. 60, s. 8.]

[Sec. 8551.09.] Section 9. **Information to be furnished inureds; hearings and appeals of insureds.**

Every rating organization and every insurer which makes its own rates shall, within a reasonable time after receiving written request therefor and upon payment of such reasonable charge as it may make, furnish to any insured affected by a rate made by it or to the authorized representative of such insured, all pertinent information as to such rate.

Every rating organization and every insurer which makes its own rates shall provide within this Territory reasonable means whereby any person aggrieved by the application of its rating system may be heard, in person or by his authorized representative, on his written request to review the manner in which such rating system has been applied in connection with the insurance afforded him. If the rating organization or insurer fails to grant or reject such request within thirty days after it is made, the applicant may proceed in the same manner as if his application had been rejected. Any party affected by the action of such rating organization or such insurer on such request may, within thirty days after written notice of such action, appeal to the commissioner, who, after a hearing held upon not less than ten days' written notice to the appellant and to such rating organization or insurer, may affirm or reverse such action. [L. 1947, c. 60, s. 9.]

[Sec. 8551.10.] Section 10. **Advisory organizations.** (a) Every group, association or other organization of insurers, whether located within or outside this Territory, which assists insurers which make their own filings or rating organizations in rate making, by the collection and furnishing of loss or expense statistics, or by the submission of recommendations, but which does not make filings under this Act, shall be known as an advisory organization.

(b) Every advisory organization shall file with the commissioner (1) a copy of its constitution, its articles of agreement or association or its certificate of incorporation and of its by-laws, rules and regulations governing its activities, (2) a list of its members, (3) the name and address of a resident of this Territory upon whom notices or orders of the commissioner or process issued at his direction may be served, and (4) an agreement that the commissioner may examine such advisory organization in accordance with the provisions of section 12 of this Act.

(c) If, after a hearing, the commissioner finds that the furnishing of such information or assistance involves any act or practice which is unfair or unreasonable or otherwise inconsistent with the provisions of this Act, he may issue a written order specifying in what respects such act or practice is unfair or unreasonable or otherwise inconsistent with the provisions of this Act, and requiring the discontinuance of such act or practice.

(d) No insurer which makes its own filings nor any rating organization shall support its filings by statistics or adopt rate making recommendations, furnished to it by an advisory organization which has not complied with this section or with an order of the commissioner involving such statistics or recommendations issued under subsection (c) of this section. If the commissioner finds such insurer or rating organization to be in violation of this subsection he may issue an order requiring the discontinuance of such violation. [L. 1947, c. 60, s. 10.]

[Sec. 8551.11.] **Section 11. Joint underwriting or joint reinsurance.** (a) Every group, association or other organization of insurers which engages in joint underwriting or joint reinsurance, shall be subject to regulation with respect thereto as herein provided, subject, however, with respect to joint underwriting, to all other provisions of this Act and, with respect to joint reinsurance, to sections 12 and 16 to 20 of this Act.

(b) If, after a hearing, the commissioner finds that any activity or practice of any such group, association or other organization is unfair or unreasonable or otherwise inconsistent with the provisions of this Act, he may issue a written order specifying in what respects such activity or practice is unfair or unreasonable or otherwise inconsistent with the provisions of this Act, and requiring the discontinuance of such activity or practice. [L. 1947, c. 60, s. 11.]

[Sec. 8551.12.] **Section 12. Examinations.** The commissioner shall, at least once in five years, make or cause to be made an examination of each rating organization licensed in this Territory as provided in section 6 and he may, as often as he may deem it expedient, make or cause to be made an examination of each advisory organization referred to in section 10 and of each group, association or other organization referred to in section 11. The reasonable costs of any such examination shall be paid by the rating organization, advisory organization, or group, association or other organization examined upon presentation to it of a detailed account of such costs. The officer, manager, agents and employees of such rating organization, advisory organization, or group, association or other organization may be examined at any time under oath and shall exhibit all books,

records, accounts, documents, or agreements governing its method of operation. In lieu of any such examination the commissioner may accept the report of an examination made by the insurance supervisory official of any state, pursuant to the laws of such state. [L. 1947, c. 60, s. 12.]

[Sec. 8551.13.] Section 13. **Rate administration.** (a) Recording and reporting of loss and expense experience. The commissioner shall promulgate reasonable rules and statistical plans, reasonably adapted to each of the rating systems on file with him, which may be modified from time to time and which shall be used thereafter by each insurer in the recording and reporting of its loss and countrywide expense experience, in order that the experience of all insurers may be made available at least annually in such form and detail as may be necessary to aid him in determining whether rating systems comply with the standards set forth in section 3. Such rules and plans may also provide for the recording and reporting of expense experience items which are specially applicable to this Territory and are not susceptible of determination by a prorating of countrywide expense experience. In promulgating such rules and plans, the commissioner shall give due consideration to the rating systems on file with him and, in order that such rules and plans may be as uniform as is practicable among the several states and the Territory, to the rules and to the form of the plans used for such rating systems in the states. No insurer shall be required to record or report its loss experience on a classification basis that is inconsistent with the rating system filed by it. The commissioner may designate one or more rating organizations or other agencies to assist him in gathering such experience and making compilations thereof, and such compilations shall be made available, subject to reasonable rules promulgated by the commissioner, to insurers and rating organizations.

(b) Interchange of rating plan data. Reasonable rules and plans may be promulgated by the commissioner for the interchange of data necessary for the application of rating plans.

(c) Consultation with any states. In order to further uniform administration of rate regulatory laws, the commissioner and every insurer and rating organization may exchange information and experience data with insurance supervisory officials, insurers and rating organizations in any state and may consult with them with respect to rate making and the application of rating systems.

(d) Rules and regulations. The commissioner may make reasonable rules and regulations necessary to effect the purposes of this Act. [L. 1947, c. 60, s. 13.]

[Sec. 8551.14.] Section 14. **False or misleading information.** No person or organization shall wilfully withhold information from, or knowingly give false or misleading information to, the commissioner, any statistical agency designated by the commissioner, any rating organization, or any insurer, which will affect the rates or premiums chargeable under this Act. A violation of this section shall subject the one guilty of such violation to the penalties provided in section 16 of this Act. [L. 1947, c. 60, s. 14.]

[Sec. 8551.15.] Section 15. **Assigned risks.** Agreements may be made among insurers with respect to the equitable apportionment among them of insurance which may be afforded applicants who are in good faith entitled to but who are unable to procure such insurance through ordinary methods and such insurers may agree among themselves on the use of reasonable rate modifications for such insurance, such agreements and rate modifications to be subject to the approval of the commissioner. [L. 1947, c. 60, s. 15.]

[Sec. 8551.16.] Section 16. **Penalties.** The commissioner may, if he finds that any person or organization has violated any provision of this Act, impose a penalty of not more than fifty dollars (\$50) for each such violation, but if he finds such violation to be wilful he may impose a penalty of not more than five hundred dollars (\$500) for each such violation. Such penalties may be in addition to any other penalty provided by law.

The commissioner may suspend the license of any rating organization or insurer which fails to comply with an order of the commissioner within the time limited by such order, or any extension thereof which the commissioner may grant. The commissioner shall not suspend the license of any rating organization or insurer for failure to comply with an order until the time prescribed for an appeal therefrom has expired or if an appeal has been taken, until such order has been affirmed. The commissioner may determine when a suspension of license shall become effective and it shall remain in effect for the period fixed by him unless he modifies or rescinds such suspension, or until the order upon which such suspension is based is modified, rescinded or reversed.

No penalty shall be imposed and no license shall be suspended or revoked except upon a written order of the commissioner, stating his findings, made after a hearing held upon not less than ten days' written notice to such person or organization specifying the alleged violation. [L. 1947, c. 60, s. 16.]

[Sec. 8551.17.] Section 17. **Hearing procedure and judicial review.** (a) Any insurer or rating organization aggrieved by any order or decision of the commissioner made without a hearing, may, within thirty days after notice of the order to the insurer or organization, make written request to the commissioner for a hearing thereon. The commissioner shall hear such party or parties within twenty days after receipt of such request and shall give not less than ten days' written notice of the time and place of the hearing. Within fifteen days after such hearing the commissioner shall affirm, reverse or modify his previous action, specifying his reasons therefore. Pending such hearing and decision thereon the commissioner may suspend or postpone the effective date of his previous action.

(b) Nothing contained in this Act shall require the observance at any hearing of formal rules of pleading or evidence.

(c) If application therefore be made within ten days after the making of any order or decision of the commissioner the same may be reviewed in the circuit court of the first circuit and an appeal from the decision of the court shall lie to the supreme court. The review shall be had upon the record and the evidence presented before the commissioner and no additional evidence shall be presented before the court. If either party on appeal shall offer to present material evidence different from or in addition to the evidence presented to the commissioner, the court shall continue the case and immediately return the record to the commissioner for further hearing or hearings at which either party may present additional evidence, and thereupon the commissioner shall make such further order as the case may require and make return of the evidence and order to the court.

The court shall determine whether the filing of the appeal shall operate as a stay of any such order or decision of the commissioner. The court may, in disposing of the issue before it, modify, affirm or reverse the order or decision of the commissioner in whole or in part. [L. 1947, c. 60, s. 17.]

Section 18. **Laws repealed.** All laws or parts of laws inconsistent with the provisions of this Act are hereby repealed.

Section 19. **Laws amended.** Chapter 161 of the Revised Laws of Hawaii 1945 is hereby further amended in the following respects:

(a) By amending section 8463 thereof in the following particulars:

(1) By amending the name "Fidelity and surety" contained in the fourth subparagraph thereof to read as follows:

"Fidelity, surety' and guaranty bonds".

(2) By deleting the words "automobile and" contained in the fifth and last line of the seventh subparagraph thereof, and substituting therefor the following:
"motor".

Note: § 8463 is rewritten in footnote to L. 1947, c. 90 (C-142) ante.

Section 20. Constitutionality. If any section, subsection, subdivision, paragraph, sentence or clause of this Act is held invalid or unconstitutional, such decision shall not affect the remaining portions of this Act.

Section 21. Effective date. This Act shall take effect upon October 1, 1947.

(Approved May 8, 1947.) S.B. 276, Act 60.

[CHAPTER 161B. FIRE, MARINE INSURANCE; RATING ORGANIZATIONS.]

Series C-146: ACT 61

An Act Relative to the Regulation of Rates for Fire, Marine and Inland Marine Insurance, and to Rating Organizations, Repealing Sections 8517, 8518, 8519, 8521, 8522 and 8523, and All Other Laws Inconsistent with This Act, and Amending Sections 8463 and 8520 of the Revised Laws of Hawaii 1945.

Be it Enacted by the Legislature of the Territory of Hawaii:

[Sec. 8552.01.] **Section 1. Purpose of Act.** The purpose of this Act is to promote the public welfare by regulating insurance rates to the end that they shall not be excessive, inadequate or unfairly discriminatory, and to authorize and regulate cooperative action among insurers in rate making and in other matters within the scope of this Act. Nothing in this Act is intended (1) to prohibit or discourage reasonable competition, or (2) to prohibit, or encourage except to the extent necessary to accomplish the aforementioned purpose, uniformity in insurance rates, rating systems, rating plans or practices. This Act shall be liberally interpreted to carry into effect the provisions of this section. [L. 1947, c. 61, s. 1.]

[Sec. 8552.02.] **Section 2. Scope of Act.** This Act applies to fire, marine and inland marine insurance on risks located in this Territory. Inland marine insurance shall be deemed to include insurance now or hereafter defined by statute, or by interpretation thereof, or if not so defined or interpreted,

by ruling of the insurance commissioner, hereinafter referred to as commissioner, or as established by general custom of the business, as inland marine insurance. Inland marine insurance is used herein in its generally accepted trade sense. Marine insurance is used herein in its generally accepted trade sense.

This Act shall not apply:

(a) To reinsurance, other than joint reinsurance to the extent stated in section 11;

(b) To insurance of vessels or craft, their cargoes, marine builders' risks, marine protection and indemnity, or other risks commonly insured under marine, as distinguished from inland marine, insurance policies;

(c) To insurance of hulls of aircraft, including their accessories and equipment, or against liability arising out of the ownership, maintenance or use of aircraft;

(d) To motor vehicle insurance, nor to insurance against liability arising out of the ownership, maintenance or use of motor vehicles.

If any kind of insurance, subdivision or combination thereof, or type of coverage, subject to this Act, is also subject to regulation by another rate regulatory act of this Territory, an insurer to which both acts are otherwise applicable shall file with the commissioner, a designation as to which rate regulatory act shall be applicable to it with respect to such kind of insurance, subdivision or combination thereof, or type of coverage. [L. 1947, c. 61, s. 2.]

[Sec. 8552.03.] Section 3. **Making of rates.** (a) Rates shall be made in accordance with the following provisions:

1. Manual, minimum, class rates, rating schedules or rating plans, shall be made and adopted, except in the case of specific inland marine rates on risks specially rated.

2. Rates shall not be excessive, inadequate or unfairly discriminatory.

3. Due consideration shall be given to past and prospective loss experience within and outside this Territory, to the conflagration and catastrophe hazards, to a reasonable margin for underwriting profit and contingencies, to dividends, savings or unabsorbed premium deposits allowed or returned by insurer to their policyholders, members or subscribers, to past and prospective expenses both country-wide and those specially applicable to this Territory, and to all other relevant factors within and outside this Territory; and in the case of fire insurance rates consideration shall be given to the experience of the fire insurance business during a period of not less than the most recent five year period for which such experience is available.

(b) Except to the extent necessary to meet the provisions of subdivision 2 of subsection (a) of this section, uniformity among insurers in any matters within the scope of this section is neither required nor prohibited.

(c) Rates made in accordance with this section may be used subject to the provisions of this Act. [L. 1947, c. 61, s. 3.]

[Sec. 8552.04.] Section 4. **Rate filings.** (a) Every insurer shall file with the commissioner, except as to inland marine risks which by general custom of the business are not written according to manual rates or rating plans, every manual, minimum, class rate, rating schedule or rating plan and every other rating rule, and every modification of any of the foregoing which it proposes to use. Every such filing shall state the proposed effective date thereof, and shall indicate the character and extent of the coverage contemplated.

When a filing is not accompanied by the information upon which the insurer supports such filing, and the commissioner does not have sufficient information to determine whether such filing meets the requirements of the Act, he shall require such insurer to furnish the information upon which it supports such filing and in such event the waiting period shall commence as of the date such information is furnished. The information furnished in support of a filing may include (1) the experience or judgment of the insurer or rating organization making the filing, (2) its interpretation of any statistical data it relies upon, (3) the experience of other insurers or rating organizations, or (4) any other relevant factors. A filing and any supporting information shall be open to public inspection after the filing becomes effective. Specific inland marine rates on risks specially rated, made by a rating organization, shall be filed with the commissioner.

(b) An insurer may satisfy its obligation to make such filings by becoming a member of, or a subscriber to, a licensed rating organization which makes such filings, and by authorizing the commissioner to accept such filings on its behalf; provided, that nothing contained in this Act shall be construed as requiring any insurer to become a member of or a subscriber to any rating organization.

(c) The commissioner shall review filings as soon as reasonably possible after they have been made in order to determine whether they meet the requirements of this Act.

(d) Subject to the exception specified in subsection (e) of this section, each filing shall be on file for a waiting period of fifteen days before it becomes effective, which period may be extended by the commissioner for an additional period not to exceed fifteen days if he gives written notice within such wait-

ing period to the insurer or rating organization which made the filing that he needs such additional time for the consideration of such filing. Upon written application by such insurer or rating organization, the commissioner may authorize a filing which he has reviewed to become effective before the expiration of the waiting period or any extension thereof. A filing shall be deemed to meet the requirements of this Act unless disapproved by the commissioner within the waiting period of any extension thereof.

(e) Specific inland marine rates on risks specially rated by a rating organization shall become effective when filed and shall be deemed to meet the requirements of this Act until such time as the commissioner reviews the filing and so long thereafter as the filing remains in effect.

(f) Under such rules and regulations as he shall adopt the commissioner may, by written order, suspend or modify the requirement of filing as to any kind of insurance, subdivision or combination thereof, or as to classes of risks, the rates for which cannot practicably be filed before they are used. Such orders, rules and regulations shall be made known to insurers and rating organizations affected thereby. The commissioner may make such examination as he may deem advisable to ascertain whether any rates affected by such order meet the standards set forth in subdivision 2 of subsection (a) of Sec. 3.

(g) Upon the written application of the insured, stating his reasons therefor, filed with and approved by the commissioner, a rate in excess of that provided by a filing otherwise applicable may be used on any specific risk.

(h) Beginning ninety days after the effective date of this Act no insurer shall make or issue a contract or policy except in accordance with the filings which are in effect for said insurer as provided in this Act or in accordance with subsection (f) or (g) of this section. This subsection shall not apply to contracts or policies for inland marine risks as to which filings are not required. [L. 1947, c. 61, s. 4.]

[Sec. 8552.05.] Section 5. **Disapproval of filings.** (a) If within the waiting period or any extension thereof as provided in subsection (d) of section 4, the commissioner finds that a filing does not meet the requirements of this Act, he shall send to the insurer or rating organization which made such filing, written notice of disapproval of such filing specifying therein in what respects he finds that such filing fails to meet the requirements of this Act and stating that such filing shall not become effective.

(b) If within thirty days after a specific inland marine rate on a risk specially rated by a rating organization, subject to subsection (c) of section 4 has become effective, the commissioner finds that such filing does not meet the requirements of this Act, he shall send to the rating organization which made such filing written notice of disapproval of such filing specifying therein in what respects he finds that such filing fails to meet the requirements of this Act and stating when, within a reasonable period thereafter, such filing shall be deemed no longer effective. Said disapproval shall not affect any contract made or issued prior to the expiration of the period set forth in said notice.

(c) If at any time subsequent to the applicable review period provided for in subsection (a) or (b) of this section, the commissioner finds that a filing does not meet the requirements of this Act, he shall, after a hearing held upon not less than ten days' written notice, specifying the matters to be considered at such hearing, to every insurer and rating organization which made such filing, issue an order specifying in what respects he finds that such filing fails to meet the requirements of this Act, and stating when, within a reasonable period thereafter, such filing shall be deemed no longer effective. Copies of said order shall be sent to every such insurer and rating organization. Said order shall not affect any contract or policy made or issued prior to the expiration of the period set forth in said order.

(d) Any person or organization aggrieved with respect to any filing which is in effect may make written application to the commissioner for a hearing thereon, **provided**, however, that the insurer or rating organization that made the filing shall not be authorized to proceed under this subsection. Such application shall specify the grounds to be relied upon by the applicant. If the commissioner shall find that the application is made in good faith, that the applicant would be so aggrieved if his grounds are established, and that such grounds otherwise justify holding such a hearing, he shall, within thirty days after receipt of such application, hold a hearing upon not less than ten days' written notice to the applicant and to every insurer and rating organization which made such filing.

If, after such hearing, the commissioner finds that the filing does not meet the requirements of this Act, he shall issue an order specifying in what respects he finds that such filing fails to meet the requirements of this Act, and stating when, within a reasonable period thereafter, such filing shall be deemed no longer effective. Copies of such order shall be sent to the applicant and to every such insurer and rating organization. Said order shall not affect any contract or policy made or issued prior to the expiration of the period set forth in said order.

(e) No manual, minimum, class rate, rating schedule, rating plan, rating rule, or any modification of any of the foregoing which has been filed pursuant to the requirements of section 4 of this Act shall be disapproved if the rates thereby produced meet the requirements of this Act. [L. 1947, c. 61, s. 5.]

[Sec. 8552.06.] Section 6. **Rating organizations.** (a) A corporation, an unincorporated association, a partnership or an individual, whether located within or outside this Territory, may make application to the commissioner for license as a rating organization for such kinds of insurance, or subdivision or class of risk or a part or combination thereof as are specified in its application and shall file therewith (1) a copy of its constitution, its articles of agreement or association or its certificate of incorporation, and of its by-laws, rules and regulations governing the conduct of its business, (2) a list of its members and subscribers, (3) the name and address of a resident of this Territory upon whom notices or orders of the commissioner or process affecting such rating organization may be served and (4) a statement of its qualifications as a rating organization. If the commissioner finds that the applicant is competent, trustworthy and otherwise qualified to act as a rating organization and that its constitution, articles of agreement or association or certificate of incorporation, and its by-laws, rules and regulations governing the conduct of its business conform to the requirements of law, he shall issue a license specifying the kinds of insurance, or subdivision or class of risk or part or combination thereof for which the applicant is authorized to act as a rating organization. Every such application shall be granted or denied in whole or in part by the commissioner within sixty days of the date of its filing with him. Licenses issued pursuant to this section shall remain in effect for three years unless sooner suspended or revoked by the commissioner. The fee for said license shall be twenty-five dollars. Licenses issued pursuant to this section may be suspended or revoked by the commissioner, after hearing upon notice, in the event the rating organization ceases to meet the requirements of this subsection. Every rating organization shall notify the commissioner promptly of every change in (1) its constitution, its articles of agreement or association, or its certificate of incorporation, and its by-laws, rules and regulations governing the conduct of its business, (2) its list of members and subscribers and (3) the name and address of the resident of this Territory designated by it upon whom notices or orders of the commissioner or process affecting such rating organization may be served.

(b) Subject to rules and regulations which have been approved by the commissioner as reasonable, each rating organization shall permit any insurer, not a member, to be a subscriber to its rating services for any kind of insurance, subdivision, or class of risk or a part or combination thereof for which it is authorized to act as a rating organization. Notice of proposed changes in such rules and regulations shall be given to subscribers. Each rating organization shall furnish its rating services without discrimination to its members and subscribers. The reasonableness of any rule or regulation in its application to subscribers, or the refusal of any rating organization to admit an insurer as a subscriber, shall, at the request of any subscriber or any such insurer, be reviewed by the commissioner at a hearing held upon at least ten days' written notice to such rating organization and to such subscriber or insurer. If the commissioner finds that such rule or regulation is unreasonable in its application to subscribers, he shall order that such rule or regulation shall not be applicable to subscribers. If the rating organization fails to grant or reject an insurer's application for subscribership within thirty days after it was made, the insurer may request a review by the commissioner as if the application had been rejected. If the commissioner finds that the insurer has been refused admittance to the rating organization as a subscriber without justification, he shall order the rating organization to admit the insurer as a subscriber. If he finds that the action of the rating organization was justified, he shall make an order affirming its action.

(c) No rating organization shall adopt any rule the effect of which would be to prohibit or regulate the payment of dividends, savings or unabsorbed premium deposits allowed or returned by insurers to their policyholders, members or subscribers.

(d) Cooperation among rating organizations or among rating organizations and insurers in rate making or in other matters within the scope of this Act is hereby authorized, provided the filings resulting from such cooperation are subject to all the provisions of this Act which are applicable to filings generally. The commissioner may review such cooperative activities and practices and if, after a hearing, he finds that any such activity or practice is unfair or unreasonable or otherwise inconsistent with the provisions of this Act, he may issue a written order specifying in what respects such activity or practice is unfair or unreasonable or otherwise inconsistent with the provisions of this Act, and requiring the discontinuance of such activity or practice.

(e) Any rating organization may provide for the examination of policies, daily reports, binders, renewal certificates, endorsements or other evidences of insurance, or the cancellation thereof, and may make reasonable rules governing their submission. Such rules shall contain a provision that in the event any insurer does not within sixty days furnish satisfactory evidence to the rating organization of the correction of any error or omission previously called to its attention by the rating organization, it shall be the duty of the rating organization to notify the commissioner thereof. All information so submitted for examination shall be confidential.

(f) Any rating organization may subscribe for or purchase actuarial, technical or other services, and such services shall be available to all members and subscribers without discrimination. [L. 1947, c. 61, s. 6.]

[Sec. 8552.07.] Section 7. **Deviations.** Every member of or subscriber to a rating organization shall adhere to the filings made on its behalf by such organization except that any such insurer may make written application to the commissioner for permission to file a deviation from the class rates, schedules, rating plans or rules respecting any kind of insurance, or class of risk within a kind of insurance, or combination thereof. Such application shall specify the basis for the modification and a copy thereof shall also be sent simultaneously to such rating organization. The commissioner shall set a time and place for a hearing at which the insurer and such rating organization may be heard and shall give them not less than ten days' written notice thereof. In the event the commissioner is advised by the rating organization that it does not desire a hearing he may, upon the consent of the applicant waive such hearing. In considering the application for permission to file such deviation the commissioner shall give consideration to the available statistics and the principles for rate making as provided in Section 3 of this Act. The commissioner shall issue an order permitting the deviation for such insurer to be filed if he finds it to be justified and it shall thereupon become effective. He shall issue an order denying such application if he finds that the resulting premiums would be excessive, inadequate or unfairly discriminatory. Each deviation permitted to be filed shall be effective for a period of one year from the date of such permission unless terminated sooner with the approval of the commissioner. [L. 1947, c. 61, s. 7.]

[Sec. 8552.08.] Section 8. **Appeal by minority.** Any member of or subscriber to a rating organization may appeal to the commissioner from the action or decision of such

rating organization in approving or rejecting any proposed change in or addition to the filings of such rating organization and the commissioner shall, after a hearing held upon not less than ten days' written notice to the appellant and to such rating organization, issue an order approving the action or decision of such rating organization or directing it to give further consideration to such proposal, or, if such appeal is from the action or decision of the rating organization in rejecting a proposed addition to its filings, he may, in the event he finds that such action or decision was unreasonable, issue an order directing the rating organization to make an addition to its filings, on behalf of its members and subscribers, in a manner consistent with his findings, within a reasonable time after the issuance of such order. [L. 1947, c. 61, s. 8.]

[Sec. 8552.09.] **Section 9. Information to be furnished insureds: Hearings and appeals of insureds.** Every rating organization and every insurer which makes its own rates, shall, within a reasonable time after receiving written request therefor and upon payment of such reasonable charge as it may make, furnish to any insured affected by a rate made by it, or to the authorized representative of such insured, all pertinent information as to such rate. Every rating organization and every insurer which makes its own rates shall provide within this Territory reasonable means whereby any person aggrieved by the application of its rating system may be heard, in person or by his authorized representative, on his written request to review the manner in which such rating system has been applied in connection with the insurance afforded him. If the rating organization or insurer fails to grant or reject such request within thirty days after it is made, the applicant may proceed in the same manner as if his application had been rejected. Any party affected by the action of such rating organization or such insurer on such request may, within thirty days after written notice of such action, appeal to the commissioner, who, after a hearing held upon not less than ten days' written notice to the appellant and to such rating organization or insurer, may affirm or reverse such action. [L. 1947, c. 61, s. 9.]

[Sec. 8552.10.] **Section 10. Advisory organizations.** (a) Every group, association or other organization of insurers, whether located within or outside this Territory, which assists insurers which make their own filings or ratings organizations in rate making, by the collection and furnishing of loss or expense statistics, or by the submission of recommendations, but which does not make filings under this Act, shall be known as an advisory organization.

(b) Every advisory organization shall file with the commissioner (1) a copy of its constitution, its articles of agreement or association or its certificate of incorporation and of its by-laws, rules and regulations governing its activities, (2) a list of its members, (3) the name and address of a resident of this Territory upon whom notices or orders of the commissioner or process issued at his direction may be served, and (4) an agreement that the commissioner may examine such advisory organization in accordance with the provisions of Section 12 of this Act.

(c) If, after a hearing, the commissioner finds that the furnishing of such information or assistance involves an act or practice which is unfair or unreasonable or otherwise inconsistent with the provisions of this Act, he may issue a written order specifying in what respects such act or practice is unfair or unreasonable or otherwise inconsistent with the provisions of this Act, and requiring the discontinuance of such act or practice.

(d) No insurer which makes its own filings nor any rating organization shall support its filings by statistics or adopt rate making recommendations, furnished to it by an advisory organization which has not complied with this section or with an order of the commissioner involving such statistics or recommendations issued under subsection (c) of this section. If the commissioner finds such insurer or rating organization to be in violation of this subsection he may issue an order requiring the discontinuance of such violation. [L. 1947, c. 61, s. 10.]

[Sec. 8552.11.] Section 11. **Joint underwriting or joint reinsurance.** (a) Every group, association or other organization of insurers which engages in joint underwriting or joint reinsurance, shall be subject to regulation with respect thereto as herein provided, subject, however, with respect to joint underwriting to all other provisions of this Act and, with respect to joint reinsurance, to Sections 12 and 15 to 19 of this Act.

(b) If, after a hearing, the commissioner finds that any activity or practice of any such group, association or other organization is unfair or unreasonable or otherwise inconsistent with the provisions of this Act, he may issue a written order specifying in what respects such activity or practice is unfair or unreasonable or otherwise inconsistent with the provisions of this Act, and requiring the discontinuance of such activity or practice. [L. 1947, c. 61, s. 11.]

[Sec. 8552.12.] Section 12. **Examinations.** The commissioner shall, at least once in five years, make or cause to be made an examination of each rating organization licensed in this Territory as provided in Section 6 and he may, as often

as he may deem it expedient, make or cause to be made an examination of each advisory organization referred to in Section 10 and of each group, association or other organization referred to in Section 11. The reasonable costs of any such examination shall be paid by the rating organization, advisory organization, or group, association or other organization examined upon presentation to it of a detailed account of such costs. The officers, manager, agents and employees of such rating organization, advisory organization, or group, association or other organization may be examined at any time under oath and shall exhibit all books, records, accounts, documents, or agreements governing its method of operation. In lieu of any such examination the commissioner may accept the report of an examination made by the insurance supervisory official of any state, pursuant to the laws of such state. [L. 1947, c. 61, s. 12.]

[Sec. 8552.13.] Section 13. **Rate administration.** (a) Recording and reporting of loss and expense experience.

The commissioner shall promulgate reasonable rules and statistical plans, reasonably adapted to each of the rating systems on file with him, which may be modified from time to time and which shall be used thereafter by each insurer in the recording and reporting of its loss and countrywide expense experience, in order that the experience of all insurers may be made available at least annually in such form and detail as may be necessary to aid him in determining whether rating systems comply with the standards set forth in Section 3. Such rules and plans may also provide for the recording and reporting of expense experience items which are specially applicable to this Territory and are not susceptible of determination by a prorating of countrywide expense experience. In promulgating such rules and plans, the commissioner shall give due consideration to the rating systems on file with him and, in order that such rules and plans may be as uniform as is practicable among the several states and the Territory, to the rules and to the form of the plans used for such rating systems in the states. No insurer shall be required to record or report its loss experience on a classification basis that is inconsistent with the rating system filed by it. The commissioner may designate one or more rating organizations or other agencies to assist him in gathering such experience and making compilations thereof, and such compilations shall be made available, subject to reasonable rules promulgated by the commissioner to insurers and rating organizations.

(b) Interchange of rating plan data.

Reasonable rules and plans may be promulgated by the commissioner for the interchange of data necessary for the application of rating plans.

(c) Consultation with states.

In order to further uniform administration of rate regulatory laws, the commissioner and every insurer and rating organization may exchange information and experience data with insurance supervisory officials, insurers and rating organizations in any state and may consult with them with respect to rate making and the application of rating systems.

(d) Rules and regulations.

The commissioner may make reasonable rules and regulations necessary to effect the purposes of this Act. [L. 1947, c. 61, s. 13.]

[Sec. 8552.14.] **Section 14. False or misleading information.** No person or organization shall wilfully withhold information from, or knowingly give false or misleading information to, the commissioner, any statistical agency designated by the commissioner, any rating organization, or any insurer, which will affect the rates or premiums chargeable under this Act. A violation of this section shall subject the one guilty of such violation to the penalties provided in Section 15 of this Act. [L. 1947, c. 61, s. 14.]

[Sec. 8552.15.] **Section 15. Penalties.** The commissioner may, if he finds that any person or organization has violated any provision of this Act, impose a penalty of not more than fifty dollars (\$50.00) for each such violation, but if he finds such violation to be wilful he may impose a penalty of not more than five hundred dollars (\$500.00) for each such violation. Such penalties may be in addition to any other penalty provided by law.

The commissioner may suspend the license of any rating organization or insurer which fails to comply with an order of the commissioner within the time limited by such order, or any extension thereof which the commissioner may grant. The commissioner shall not suspend the license of any rating organization or insurer for failure to comply with an order until the time prescribed for an appeal therefrom has expired or if an appeal has been taken, until such order has been affirmed. The commissioner may determine when a suspension of license shall become effective and it shall remain in effect for the period fixed by him, unless he modifies or rescinds such suspension, or until the order upon which such suspension is based is modified, rescinded or reversed.

No penalty shall be imposed and no license shall be suspended or revoked except upon a written order of the commissioner, stating his findings, made after a hearing held upon not less than ten days' written notice to such person or organization specifying the alleged violation. The commissioner shall hear such party or parties within twenty days after receipt of such request and shall give not less than ten days' written notice of the time and place of the hearing. Within fifteen days after such hearing the commissioner shall affirm, reverse or modify his previous action, specifying his reasons therefor. Pending such hearing and decision thereon the commissioner may suspend or postpone the effective date of his previous action.

(b) Nothing contained in this Act shall require the observance at any hearing of formal rules of pleading or evidence.

(c) If application therefor be made within ten (10) days after the making of any order or decision of the commissioner, the same may be reviewed in the circuit court of the first circuit and an appeal from the decision of the court shall lie to the supreme court. The review shall be had upon the record and the evidence presented before the commissioner and no additional evidence shall be presented before the court. If either party on appeal shall offer to present material evidence different from or in addition to the evidence presented to the commissioner, the court shall continue the case and immediately return the record to the commissioner for further hearing or hearings at which either party may present additional evidence, and thereupon the commissioner shall make such further order as the case may require and make return of the evidence and order to the court.

The court shall determine whether the filing of the appeal shall operate as a stay of any such order or decision of the commissioner. Be it Enacted by the Legislature of the Territory of Hawaii:

Section 1. Section 8661 of the Revised Laws of Hawaii 1945 is hereby amended so that the same shall read as follows:

"Sec. 8661. Investments. (a) **Fiduciary accounts.** In acquiring, retaining, exchanging, selling, investing, reinvesting and managing property of another, including investments for account of their trusts by trust companies acting as trustees or guardians, a trust company shall exercise the judgment and care which, under the circumstances then prevailing, men of prudence, discretion and intelligence exercise in the management of their own affairs, not in regard to speculation but in regard to the permanent disposition of their funds and property considering both probable income and probable safety of capital. Within the limits of this standard, a trust company as fiduciary may acquire and retain every kind of property, real, personal or mixed and every kind of investment, specifically including, but without in any way limiting the generality of the foregoing, bonds, debentures and other corporate obligations, and corporate stocks, preferred or common, and may retain property properly acquired without limitation as to time and without regard to its suitability for original purchase. Nothing herein contained shall authorize a departure from, or variation of, the express terms or limitations set forth in the instrument creating the fiduciary relationship, but the terms 'legal investment' or 'authorized investment', or words of similar import, shall be construed to mean any investment conforming to the foregoing standard.

(b) **Depository.** Any trust company acting as trustee or guardian holding funds awaiting investment, distribution or other use may deposit such funds on either demand or time with any territorial or national bank which has been designated as a depository by the treasurer of the Territory.

(c) **Capital and surplus.** Except in so far as the bank examiner may permit, which permission may be granted upon application to the bank examiner, investments by trust companies of their capital and surplus shall be made

only as may be specifically permitted by other provisions of law, or in the following classes of securities or real property, viz:

1. In interest-bearing bonds, notes or obligations of the United States, or those for the payment of the principal and interest of which the faith of the United States is pledged;

3. In bonds secured by either real or personal property of any corporation which at the time of such investment is incorporated under the laws of the United States or any state or territory thereof or the district of Columbia; **provided** that for a period of five years next preceding the date of such investment, there has been no default in payment of principal or interest on any of the general obligations of such corporation which has not within a period of six months after default been cured to the satisfaction of the bank examiner of the Territory of Hawaii; and in the notes of any corporation, which notes are secured by bonds of such corporation, if the bonds are eligible for investment under the provisions of this paragraph and if the principal amount of the notes secured by such bonds does not at the time of acquisition exceed ninety per centum of the actual cash market value of such security;

4. In notes or bonds secured by a first mortgage or deed of trust upon either improved or productive real estate and improvements thereon, in the Territory, which improve-

ments may be or include those to be placed thereon by means of the loan; **provided** that in each case, except when such note or bond is taken for the purpose of facilitating the sale of property owned by the trust company, the total amount of the principal of the obligation secured by such mortgage or deed of trust shall not exceed sixty per centum of the appraised value of the security over and above all taxes due and assessments which are a lien upon the security or any part thereof; **provided**, further, that subsequent advances may be made for the payment of taxes, special assessments for public improvements, maintenance and repairs, to protect the security under the mortgage or trust deed notwithstanding that the total amount of such principal will thereby be made to exceed sixty per centum of such appraised value;

5. In the notes or other obligations of any individual, copartnership, association or corporation secured by a pledge of stocks (except the stock of the trust company or of any corporation more than fifty per centum of the capital stock of which is owned by such trust company), bonds, notes or other securities or leaseholds and the improvements thereon if the total amount of the principal of the notes or other obligations secured by such collateral does not exceed sixty per centum of the appraised value of the security over and above all taxes due and assessments which are a lien upon the security or any part thereof; and in the notes or other obligations of any individual, copartnership, association or corporation secured by a pledge of bonds, notes or obligations of the United States, if the total amount of the principal of the notes or other obligations secured by such bonds, notes or obligations does not exceed ninety per centum of the actual cash market value of such security, and in the notes or other obligations of any individual, copartnership, association or corporation secured by a pledge of mortgage notes which are in turn secured by first mortgages upon either improved or productive real estate, and improvements thereon, in the Territory, if the total amount of the principal of the notes and other obligations secured by such mortgage notes does not exceed ninety per centum of the aggregate basic value of each mortgage note being whichever is lower of the following: (a) the face amount of such mortgage note, or (b) sixty per centum of the appraised value of the security for such mortgage note over and above all taxes due and assessments which are a lien upon such security or any part thereof;

7. In the bonds of any foreign country or political subdivision thereof, **provided** investments therein shall have been approved by the bank examiner of the Territory, who, however, shall not approve investments in the bonds of any foreign country or political subdivision thereof which, to his knowledge, has been within a period of five years next preceding the date of the investment, in default in the payment of either principal or interest on any of its general obligations;

8. In promissory notes secured by the pledge and assignment of moneys deposited in any savings bank, or the savings department of any bank, in the Territory as collateral security for the payment thereof and of which pledge and assignment notice has been given to the bank and the assignment accepted by the bank. No such loan shall exceed ninety-five per centum of the balance due the depositor;

9. In promissory notes secured by life insurance policies up to the loan value of such policies;

10. In the purchase of certificate of deposit issued by any bank or in the deposit of funds on either demand or time in any savings bank or the savings department of any bank which has been designated as a depository by the treasurer of the Territory;

11. In the capital stock of other corporations, and in the land or lands and building or buildings in which the business of the trust company is carried on, including its trust company offices, other apartments in the same building to rent as a source of income, furniture and fixtures and safe deposit vaults and boxes and other personal property such as may be appropriate to carry on its business; **provided**, (a) that not more than twenty per centum of the capital and surplus of any trust company shall be invested in the stock of any one corporation; and (b) that the total amount of its capital and surplus invested in the stock of corporations and in the lands and buildings and other properties mentioned in this paragraph shall not exceed fifty per centum of such capital and surplus; **provided**, further, that any investment in excess of any of the limits fixed by the preceding proviso, held by a trust company on December 31, 1933, shall not be affected by said limita-

tions, but no increase in such investments shall thereafter be made, nor, if any such investments be thereafter decreased to an amount equal to or greater than such limit, shall such investments be thereafter increased.

(d) **Additional security and foreclosures.** A trust company may:

1. Include under and as additional security to a first mortgage or deed of trust on improved or productive real estate and the improvements thereon, furniture, fixtures, leaseholds and other personal property and other real property, improved or unimproved, and whether or not subject to a prior lien, which other property is incidental or closely related to or used in connection with the improved or productive real estate forming the principal security.

2. Take another immediately subsequent mortgage or trust deed as security for an additional loan on property already mortgaged or conveyed by trust deed as security for a loan of the funds of the trust company; **provided**, however, that the sum of the principal of both or all loans so made does not exceed sixty per centum of the appraised value of the improved or productive real estate and the improvements thereon.

3. Accept a subsequent lien on the same or any other property, real or personal, as additional security for a loan previously made in good faith.

4. (e) **Payment or advance of premiums.** Any trust company which is agent for any insurance company may, out of its capital and surplus, pay or advance premiums due and owing from any individual, firm, company or corporation to such insurance company, prior to the payment by said individual, firm, company or corporation; **provided** that the total amount of such payments and advances at any one time to any one individual, firm, company or corporation shall not exceed two per centum of the capital and surplus of the company, and to all such individuals, firms, companies or corporations shall not exceed fifteen per centum of the capital and surplus of the trust company.

[COMMON TRUST FUND ACT.]

"Sec. 8674. Establishment of common trust fund. Any trust company may establish one or more common trust funds for the collective investment and reinvestment of moneys contributed thereto by it as fiduciary, and by it and others as co-fiduciaries; and such trust company and its co-fiduciaries may invest funds held as trustee, guardian or in any other fiduciary capacity in which it or they shall be authorized to invest funds, in any such common trust fund, if such investment is not expressly forbidden by the instrument, decree or order creating the fiduciary relationship. [L. 1947, c. 130, pt. of s. 1.]

Sec. 8675. Investment of common trust funds. The funds of a common trust fund may be invested and reinvested in those investments in which trust companies are authorized to invest trust funds; provided that no investment for a common trust fund shall be made in real estate or in notes secured by real estate which would cause the total amount

of the investment for such fund in real estate and notes secured by real estate to exceed twenty-five per cent of the value of all assets comprising the fund at the time the investment is made. [L. 1947, c. 130, pt. of s. 1.]

Sec. 8676. Plan, approval, contents. Each common trust fund shall be established and maintained in accordance with a written plan approved by resolution of the board of directors of the trust company. The plan shall state the manner in which the fund is to be operated, the apportionment of income, capital gains and losses, the terms and conditions governing the admission and withdrawal of investments from or participation in such fund, the auditing and settlement of accounts with respect thereto, the basis and method of valuing assets therein, the basis upon which the fund may be terminated, and such other matters as may by said board of directors be deemed necessary to clearly define the rights of participants therein, or otherwise desirable. Such plan, or a copy thereof, shall be available at the principal office of the trust company during regular business hours for inspection by any person having an interest in a fiduciary account any funds of which are invested in the common trust fund. The trust company shall designate clearly upon its records the names of the fiduciary accounts on behalf of which the trust company, as fiduciary or co-fiduciary, owns a participation in the common trust fund and the extent of the interest of such fiduciary accounts therein [L. 1947, c. 130, pt. of s. 1.]

Sec. 8677. Participations. The following shall apply with respect to participations in a common trust fund:

1. Participations in a common trust fund shall be held only by fiduciary accounts of which the trust company is fiduciary or co-fiduciary and shall be nontransferable.

2. No funds of any trust shall be invested in a participation in a common trust fund if such investment would cause the interest of such trust at the time of such investment to be in excess of ten per cent of the value of the assets of the common trust fund as determined in accordance with the plan, or the sum of \$25,000.00, whichever is the less. In applying the limitations stated in the foregoing sentence, if two or more trusts are created by the same settlor or settlors, and as much as one-half of the income or principal, or both, of each trust is payable or applicable to the use of the same person or persons, such trusts shall be considered as one.

3. Not less frequently than once each calendar quarter the trust company administering a common trust fund shall determine the value of the assets therein upon such basis as the plan provides. No participation shall be admitted to or withdrawn from the common trust fund except on the valuation date. A reasonable period, not to exceed seven days, following each valuation date may be used to make the computations necessary to determine the value of the fund and the participations therein.

4. Upon the withdrawal of a participation the trust company may make distribution in cash or ratably in kind, or partly in cash and partly in kind, but all distributions made at any one time shall be made on the same basis. [L. 1947, c. 130, pt. of s. 1.]

Note: This Act supercedes § 8662 ?

Sec. 8678. Fiduciary not to participate. A trust company administering a common trust fund shall not invest any of its own funds therein and if, because of a creditor relationship or otherwise, it shall acquire an interest therein its participation shall be withdrawn on the first date on which a withdrawal can be effected in accordance with the plan. [L. 1947, c. 130, pt. of s. 1.]

Sec. 8679. Title to assets. No fiduciary account owning an interest in a common trust fund shall be deemed to have individual ownership of any asset thereof but only a proportionate undivided equitable interest in such fund. Sec. 8680. Mistakes. No mistakes made in good faith and in the exercise of care and prudence in connection with the administration of any common trust fund shall be held to exceed any power granted to or to violate any duty imposed upon a trust company as fiduciary if promptly after the discovery of the mistake the trust company takes such action as is practicable in the circumstances to remedy the mistake. [L. 1947, c. 130, pt. of s. 1.]

Sec. 8681. Accountings. A trust company maintaining any common trust fund shall be required to render only such accounts with respect thereto as may be required for the participating accounts. [L. 1947, c. 130, pt. of s. 1.]

Sec. 8682. Taxation. No common trust fund shall be subject to taxation as a corporation, association, partnership or individual but it shall be deemed an estate or trust within the meaning of section 5523, and the income therefrom and all capital gains or losses thereof shall be deemed to be income, gains or losses, respectively, of the fiduciary accounts participating in such fund in accordance with their ratable participations. [L. 1947, c. 130, pt. of s. 1.]

Sec. 8683. Management fees. No separate fee, commission or compensation for the management of a common trust fund shall be charged by the trust company, but the compensation of the trust company for such management shall be limited to the fees, commissions or compensation properly charged to the participating accounts. The trust company shall be entitled to charge against the fund the usual fee or commission for services rendered as a realtor or stock broker in connection with the sale or purchase of any assets by or for a common trust fund, unless the plan shall otherwise provide, and any expense incurred in the management thereof." [L. 1947, c. 130, pt. of s. 1.]

If the offense or offenses with reference to which such forfeiture is sought to be enforced, occurred in more than one county, such property may be forfeited to the county in which suit is first brought under this subtitle. [L. 1947, c. 188, pt. of s. 1.]

Any person interested may intervene at any time prior to the return day, and the court, for good cause shown, may allow intervention at any time prior to judgment. District and circuit courts of the Territory shall have concurrent jurisdiction to hear any information or suit under this section, except that, where it appears that the value of the property involved is more than one thousand dollars, the suit shall be heard in the circuit court, and, if originally filed in the district court, shall be transferred to the circuit court. Be it Enacted by the Legislature of the Territory of Hawaii:

Section 1. Section 12271 of the Revised Laws of Hawaii 1945 is hereby amended by deleting therefrom the phrase "not theirs by birth", appearing in the fifth line of said section on page 1551 of said Revised Laws, and by inserting, in lieu of said phrase, the phrase "toward whom he or they do not sustain the legal relationship of parent and child".

Section 2. **Section 12276** of the Revised Laws of Hawaii 1945, as amended in toto by Act 40 of the Session Laws of 1945, is hereby further amended by amending the last sentence of the second paragraph thereof, appearing on page 301 of said Session Laws, to read as follows:

"At any time within one year from the date of entry of any decree of adoption, the judge may, for good cause, set aside or modify such decree and, in connection therewith, may make appropriate orders concerning the custody of the minor child and the disposition and handling of the record of adoption by the bureau of vital statistics of the board of health. **Provided**, however, that the setting aside or modification of any decree of adoption shall not affect any property rights which have become vested between the date of the entry of such decree or the effective date of such decree and the effective date of any order setting aside or modifying such decree of adoption."

Section 3. **Section 12276.01** of the Revised Laws of Hawaii 1945, as enacted by Act 40 of the Session Laws of Hawaii 1945, is hereby amended by inserting, immediately after the comma following the word "Territory" in the ninth line of said section as set forth on page 302 of the Session Laws of Hawaii 1945, the phrase "or if the birth of the child has not been registered with the bureau of vital statistics,".

Section 4. This Act shall take effect upon its approval.

(Approved May 5, 1947.) **H.B. 503, Act 47.**

Note: As so amended, §§ 12271, 12276, and 12276.01 read:

Sec. 12271. Written consent when and by whom. Any proper person, not married, or married to the father or mother of a minor child, or a husband and wife jointly, may petition a judge of the circuit court of the circuit in which they reside, or a judge of the circuit court of the circuit in which the child resides for leave to adopt a minor child toward whom he or they do not sustain the legal relationship of parent and child, and for a change of the name of the child. If the child is adopted by a person married to the father or mother of the child the same reciprocal rights and duties which theretofore existed between such natural parent and child shall be and remain the same, subject, however, to the rights acquired by and the duties imposed upon the adoptive parent by reason of the adoption.

Written consent must be given to the adoption by the child, if of the age of sixteen years; and in all cases of adoption written consent shall be given by each of the living legal parents who is not hopelessly insane, habitually intemperate, or has not abandoned the child for a period of six months, or who has not voluntarily surrendered the care and custody of the child to another for a period of two years or over, which fact of such insanity, intemperance, abandonment or surrender shall be found by the judge at the time of hearing the petition and such finding noted in

the order. If the parents are unknown or have so abandoned or surrendered the child, the consent to adoption shall be signed by the legal guardian of the child; or if there be no legal guardian, then the court may appoint some suitable person to act in the proceedings as the next friend of the child; **provided**, however, that no hearing upon a petition for adoption, where the written consent of each of the living parents has not been obtained, shall be had until such non-consenting parent shall have had due notice, actual or constructive, as hereinafter provided, of the time and place of hearing. [L. 1915, c. 47, s. 1; am. L. 1919, c. 3, s. 1; am. L. 1921, c. 129, s. 1; R. L. 1925, s. 3034; R. L. 1935, s. 4520; R. L. 1945, s. 12271; am. L. 1947, c. 47, s. 1.]

(Note: The change of the word "of" to "by" in the first line of the second paragraph corrects a clerical error that has persisted through three revisions.)

Sec. 12276. Decree. After considering the petition and such evidence as the petitioners and any other properly interested person may wish to present, the judge may enter a decree of adoption if he is satisfied (a) that the minor child is physically, mentally and otherwise suitable for adoption by the petitioners, (b) that the petitioners are fit and proper persons and financially able to give the child a proper home and education, and (c) that the adoption will be for the best interests of the child, which decree shall take effect upon such date as may be fixed therein by the judge, such date to be not later than six months after the date of the entry of the decree; **provided**, however that, before entering such decree, the judge may, in his discretion, notify the director of the department of public welfare of the Territory or his agent of the pendency of such petition for adoption and allow a reasonable time for the director to make such investigation as he may deem proper as to the fitness of the petitioners to adopt the child, and as to whether the best interests of the child will be subserved by such adoption. The director shall make a report to the judge within the time so required, reporting the fact disclosed without recommendation. If the judge shall determine that such report discloses facts adverse to the petitioners or indicates that the best interests of the child will not be subserved by adoption, he shall thereupon give notice of the same to the petitioners and afford them a reasonable opportunity to rebut the report.

The decree may provide that, during the period between the entry thereof and the effective date of adoption, the care, custody and control of the child be given to the petitioners, who, in such event, shall be liable during such period for the care, maintenance and support of the child and for its torts in the same manner as parents, and may further provide for the supervision and visitation of the child by said director or his agent and for such reports in connection therewith as the judge may require. At any time within one year from the date of entry of any decree of adoption, the judge may, for good cause, set aside or modify such decree and, in connection therewith, may make appropriate orders concerning the custody of the minor child and the disposition and handling of the record of adoption by the bureau

of vital statistics of the board of health. **Provided**, however, that the setting aside or modification of any decree of adoption shall not affect any property rights which have become vested between the date of the entry of such decree or the effective date of such decree and the effective date of any order setting aside or modifying such decree of adoption.

The family name of the adoptive child shall be changed to that of the adoptive parents and the given name of the child may be fixed or changed at the same time. Such change of name shall not be recorded in the bureau of conveyances. [R. L. 1945, s. 12276; am. L. 1945, c. 40, s. 1; am. L. 1947, c. 47, s. 2.]

Sec. 12276.01. Record of adoption. A certified copy of the decree of adoption shall be sent to the bureau of vital statistics of the board of health. Such bureau shall cause to be made a new record of the birth in the new name of the child with the names of the adoptive parents, and shall then cause to be sealed and filed the original birth certificate of the child with the decree of the judge, and such sealed package shall be opened only by order of court. If the birth of the child occurred outside of the Territory, or if the birth of the child has not been registered with the bureau of vital statistics, the clerk of the court shall, upon request of the adoptive parents, furnish them with a certified copy of the decree of adoption. [L. 1945, c. 40, pt. of s. 2; am. L. 1947, c. 47, s. 3.]

If at the time of the preliminary examination as provided in section 12302, or prior or subsequent thereto, it shall appear to the satisfaction of the judge of the juvenile court that the accused is a minor, the judge shall cause notice of the pendency of the proceedings and copies of the pleadings on file to be served upon the legal parents or guardian of such minor and may appoint a guardian ad litem to represent the minor in the proceedings. If the legal parents or guardian of any such minor accused cannot be found, the notice above provided for may be served in such manner as the judge may direct, pursuant to the provisions of section 10058 to 10062 inclusive." "In the event that the child shall die before it reaches sixteen years of age, the judgment may include, or may be amended to include, reasonable funeral expenses not to exceed the sum of one hundred fifty dollars. The judgment may also include a reasonable fee for any guardian ad litem appointed under the provisions of section 12302.01."

Note: § 12304, amended L. 1945, c. 177 (D-195).

Section 4. Section 12306 of the Revised Laws of Hawaii 1945 is hereby amended to read as follows:

No application filed under the provisions of this chapter shall be withdrawn, dismissed, or settled by agreement with the putative father without the consent of the court, of the mother and of any person or persons who may have intervened under the provisions of section 12301, unless provision is made to the satisfaction of the court to relieve and indemnify any parent, guardian, county or the Territory from all costs and charges which have accrued or may accrue and which might have been ordered to be paid by the accused under the provisions of section 12303." [L. 1913, c. 101, s. 7; R. L. 1945, s. 12306; am. L. 1947, c. 57, s. 4.]

Section 5. Section 12308 of the Revised Laws of Hawaii 1945 is hereby amended to read as follows:

"Sec. 12308. Recovery by civil action. The mother of the child, and any parent, guardian or other person as the next friend of the child, county, or the Territory, respectively, may, at any time after the entry of a judgment or order pursuant to the provisions of section 12303, recover by civil action against the accused any amount of money for which the accused is liable to them respectively in pursuance of any such judgment or order of the court." [L. 1913, c. 101, s. 9; R. L. 1945, s. 12308; am. L. 1947, c. 57, s. 5.]

Section 6. Section 12310 of the Revised Laws of Hawaii 1945 is hereby amended by deleting the words "six months" appearing in the title and in the first line thereof, on page 1557 of said Revised Laws, and by inserting in lieu thereof the words "two years".

Section 7. This Act shall take effect upon its approval.

(Approved May 8, 1947.) H.B. 617, Act 57.

Note: As so amended §§ 12301, 12303 and 12310 read:

Sec. 12301. Application for arrest of alleged father; time limit; examination. Any unmarried woman or married woman, who has separated from and was not living with her husband prior to and at the time the child was conceived, when quick with child or within two years after the delivery thereof, may apply to the judge of the juvenile court of the circuit in which she or the alleged father of the child resides, or in which she was delivered of the child, for a warrant for the arrest of the person whom she accuses of being the father thereof.

The warrant may also be applied for by either of the parents or guardian of the mother, or by any person as the next friend of the child within two years after the date of its birth. If after the complaint has been made either by the mother or by any one as above specified, the mother dies or refuses or neglects to prosecute the same, any of such persons may prosecute the case to final judgment for the benefit of the parent, guardian or the child.

Before issuing the warrant, the judge shall examine the applicant under oath concerning the residence, the character and married or single condition of the mother when the child was begotten, the time and place where it was begotten, where and when it was born, if born, and such other circumstances as the judge shall deem necessary or proper for testing the truth of the accusation, and shall reduce the statement of the applicant to writing and sign the same.

The fact that a child shall be born dead or shall die at a later date prior to the filing of an application as above provided, or during the pendency of the proceedings, shall not operate as a bar to the issuance of a warrant and the entry of a judgment under the provisions of this chapter. [L. 1913, c. 101, s. 2; R. L. 1925, s. 3054; am. L. 1931, c. 14, s. 1; R. L. 1935, s. 4550; R. L. 1945, s. 12301; am. L. 1945, c. 177, s. 1; am. L. 1947, c. 57, s. 1.]

(See s. 12279, support, inheritance; s. 12280, legitimation; s. 12310, statute of limitations.)

Sec. 12303. Trial; judgment. If the accused shall fail to appear, the bond for his appearance as aforesaid shall be forfeited; but the trial of, or other proceedings in, the cause shall, nevertheless, proceed as though he were present; and the court shall upon the findings of the judge, or the verdict of the jury, make such orders as it shall deem proper as though the accused were in court.

If the accused acknowledges in open court the paternity of the child, or if at the trial the finding of the court or jury be against the accused, the court, in rendering judgment thereon, may make an order for the payment of the prenatal medical care and costs of the mother's confinement for the purpose of childbirth and the expenses of childbirth in such amount or amounts as may be deemed reasonable by the court, and shall make an order for the payment of keeping, maintenance and education of the child as may seem proper, until the child reaches sixteen years of age, unless the child, prior thereto, is adopted, emancipated or becomes self-supporting, of such sum of money, in such installments, and in such manner, as shall to the court seem best, taking into consideration the financial standing of the defendant, his income, earning capacity, and those of his family who are dependent upon him for their support, maintenance and education.

In the event that the child shall die before it reaches sixteen years of age, the judgment may include, or may be amended to include, reasonable funeral expenses not to exceed the sum of one hundred fifty dollars. The judgment may also include a reasonable fee for any guardian ad litem appointed under the provisions of section 12302.01.

In case of forfeiture of the appearance bond, the money collected upon the forfeiture shall be applied in payment of the judgment against the accused. [L. 1913, c. 101, s. 4; R. L. 1945, s. 12303; am. L. 1945, c. 177, s. 3; am. L. 1947, c. 57, s. 3.]

Sec. 12310. Prosecution within two years; county attorney to prosecute. No prosecution under this chapter shall be begun more than two years after the birth of the child; **provided** that the time during which the person alleged to be the father thereof shall be absent from the Territory shall not be computed.

It shall be the duty of the county attorney to prosecute all proceedings arising under this chapter. [L. 1913, c. 101, s. 11; R. L. 1925, s. 3063; am. L. 1931, c. 14, s. 5; R. L. 1935, s. 4559; R. L. 1945, s. 12310; am. L. 1947, c. 57, s. 6.]

Be it Enacted by the Legislature of the Territory of Hawaii:

Section 1. **Section 12321** of the Revised Laws of Hawaii 1945 is hereby amended by adding thereto, at the end thereof, a new sentence to read as follows:

"Provided, however, that no such criminal proceedings shall be instituted against any child under eighteen years of age without the consent of the judge of the juvenile court which would have jurisdiction over such child under the provisions of this chapter, and **provided**, further, that no criminal proceedings shall be instituted against any person eighteen years of age or over for any crime or misdemeanor for which proceedings shall previously have been instituted under the provisions of this chapter without the consent of the judge of the juvenile court in which such proceedings under the provisions of this chapter shall previously have been instituted."

Note: This section and following ones are rewritten, as amended, at the end of this Act. § 12322, amended L. 1947, c. 230 (D-178) post.

Section 2. **Section 12323** of the Revised Laws of Hawaii 1945 is hereby amended by adding thereto, at the end thereof, a new paragraph to read as follows:

"The records of the juvenile court and of any police department, or any juvenile crime prevention bureau thereof, relating to any proceedings under this chapter shall be confidential and shall be open to inspection only by persons whose official duties are concerned with the administration of the provisions of this chapter, except as otherwise ordered by the court. **Provided**, however, that the records of any police department, concerning traffic accidents in which any child subject to the provisions of this chapter shall be involved, shall be available for inspection under the same terms and conditions as are set forth in section 6651."

Section 3. **Section 12324** of the Revised Laws of Hawaii 1945 is hereby amended by adding thereto, at the end thereof, a new paragraph to read as follows:

"Provided, however, that the judge, if he shall determine that the best interests of the child so require, may cause any dependent child under twelve years of age who might otherwise be adjudged a delinquent child, as that term is defined in this chapter, to be examined by a psychiatrist or other physician duly qualified by special professional training and experience in the practice of child psychiatry, or a psychologist in the psychological clinic of the Territory, or a psychologist certified by said psychological clinic to be qualified in the practice of child psychology, and, if the written report of the results of such examination shall so recommend, may adjudge such child to be a delinquent child, notwithstanding the age of such child, and may thereafter deal with such child as a delinquent child under the provisions of this chapter."

Section 4. **Section 12329** of the Revised Laws of Hawaii 1945, as amended by Act 4 of the Session Laws of Hawaii 1945, is hereby further amended by adding thereto at the end thereof a new paragraph to read as follows:

"If the moneys appropriated for the purpose of paying expenses authorized under the provisions of this section shall at any time be insufficient to meet such expenses as they are incurred under the judge's orders, such expenses shall, upon certification thereof by the judge, be paid out of the public welfare fund existing under the provisions of chapter 98. **Provided**, however, that payments out of the public welfare fund hereunder, for any juvenile court, shall not, during any biennium, exceed an amount equal to fifty per centum of the amount appropriated for such court, for such purpose, for expenditure during such biennium."

Section 5. Chapter 300 of the Revised Laws of Hawaii 1945, as amended by Act 142 of the Session Laws of 1945, is hereby further amended by adding thereto a new section to be appropriately numbered by the Secretary of Hawaii, to read as follows:

"Sec. 12324.01. Age limits; determination of jurisdiction.
The provisions of this chapter shall apply to any such child who is within the above prescribed age limits at the time of his arrest or apprehension or at the time a petition is filed as provided in section 12324, whichever shall be the earlier, notwithstanding such child may be over eighteen years of age at the time of the hearing and determination of the matter as above provided."

Section 6. This Act shall take effect upon its approval.

(Approved May 8, 1947.) H.B. 598, Act 56.

Note: As so amended, §§ 12321, 12323, 12324 and 12329 read:

Sec. 12321. Dependents and delinquents. Evidence in proceedings inadmissible elsewhere. Proceedings not criminal. For the purpose of this chapter, the words "dependent child" shall mean any minor under eighteen years of age who, for any reason, is destitute or homeless or abandoned or dependent upon the public for support or who has no proper parental care or guardianship, or whose home, by reason of neglect, cruelty or depravity on the part of his parent, guardian, or other person in whose care he may be, is an unfit place for such child, and shall also mean any minor under twelve years of age who might otherwise be adjudged a delinquent child as that term is herein defined; and the words "delinquent child" shall mean any minor over twelve years of age and under eighteen years of age who violates any law of the Territory or any county ordinance or who is incorrigible, vicious or immoral, or who is growing up in idleness or crime or who is a habitual truant from school or who habitually wanders about the streets in public places during school hours without lawful occupation or employment. Any dependent or delinquent child may be proceeded against in the manner hereinafter provided. Any evidence given in any cause as hereinafter provided shall not in any civil, criminal or other cause in any court be lawful or proper evidence against such child for any purpose whatever except in subsequent cases against the same child under this chapter. Proceedings under this chapter shall not be deemed to be criminal proceedings and such proceedings shall not prevent the trial by criminal procedure in the proper courts of children over fourteen years of age charged with the commission of a felony. **Provided**, however, that no such criminal proceedings shall be instituted against any child under eighteen years of age without the consent of the judge of the juvenile court which would have jurisdiction over such child under the provisions of this chapter, and **provided**, further, that no criminal proceedings shall be instituted against any person eighteen years of age or over for any crime or misdemeanor for which proceedings shall previously have been instituted under the provisions of this chapter without the consent of the judge of the juvenile court in which such proceedings under the provisions of this chapter shall previously have been instituted. [L. 1909, c. 22, s. 1; R. L. 1925, s. 2260; am. L. 1931, c. 46, s. 1; R. L. 1945, s. 12321; am. L. 1947, c. 56, s. 1.] (See s. 12227, care, custody, etc., of children. 29 H. 835.)

Sec. 12323. Trial, record. All examinations or trials under this chapter shall be held in the court room or in chambers or in a room in the court house or in any suitable apartment. The proceedings and findings of the court shall be entered in a book or books to be kept for that purpose and to be known as the juvenile record. The judge shall try all persons under eighteen years of age at a time apart from that at which older offenders are tried, and may exclude any person whose presence he deems prejudicial to the interests of the child, when such person does not have an interest in the case.

The records of the juvenile court and of any police department, or any juvenile crime prevention bureau thereof, relating to any proceedings under this chapter shall be confidential and shall be open to inspection only by persons whose official duties are concerned with the administration of the provisions of this chapter, except as otherwise ordered by the court. **Provided**, however, that the records of any police department, concerning traffic accidents in which any child subject to the provisions of this chapter shall be involved, shall be available for inspection under the same terms and conditions as are set forth in section 6651. [L. 1905, c. 28, pt. of s. 4; L. 1909, c. 22, s. 3; R. L. 1945, s. 12323; am. L. 1947, c. 56, s. 2.]

Sec. 12324. Procedure; probation; commitment. Upon the filing with the judge of a sworn petition, setting forth upon knowledge or upon information and belief facts showing that any child under eighteen years of age resident within the circuit is a delinquent or dependent child the judge may, before further proceedings are had in the case, give notice thereof to a duly appointed probation officer who shall have opportunity allowed him to investigate the facts. In such case the probation officer shall immediately proceed to make a full examination of the parentage and surroundings of the child and all the facts of the case and report the same to the judge in writing and if after full investigation it shall appear to the judge that the public interest and the interest of the child will be best subserved thereby, a summons shall issue, reciting the substance of the petition and requiring the person having custody or control of the child, or with whom the child may be, to appear with the child at a place and time which shall be stated in the summons. If such person is other than the parent or guardian of such child, then such parent or guardian shall be notified of the pendency of the case, if he is a resident of the circuit and can be found. If any person summoned as herein provided shall fail, without reasonable cause, to appear with the child or to comply with the order of the judge, he may be proceeded against for contempt of court. In case the summons cannot be served or the parties summoned fail to obey the summons and in any case when it shall appear to the court that such summons might be ineffectual, upon complaint on oath in writing a similar summons as near as may be may issue to the child or a warrant of arrest may issue, reciting the substance of the complaint and requiring the officer to whom it is directed to bring such child before the judge to be dealt with according to law, and such child may be committed to a probation officer or such other person as the judge may designate, pending the final disposition of the case.

On the return of the summons or warrant, or as soon thereafter as may be, the judge shall proceed to hear and dispose of the case, and if the allegations against the child are proved, the court may adjudge the child a delinquent or dependent child as the case may be. If it shall appear to the judge that the public interests and the interests of such child will be best subserved thereby, he may order the return of the child to his parents or guardians or friends, or he may place him, if delinquent, under probation

as hereinafter provided and in all cases he may decree the child found delinquent or dependent to be the ward of the court as far as his person is concerned and in such cases, where any child has been decreed to be the ward of the court, the authority of the judge over his person shall continue until the judge shall otherwise decree

A child found delinquent may be placed on probation for such time during his minority and upon such conditions as the judge may determine and such child so released on probation may be furnished with a written statement of the terms and conditions of release. At any time during the probationary term of a child released on probation as aforesaid, the judge may, in his discretion, revoke or terminate the probation. If at any time before discharge the child be found to be wilfully wayward incorrigible or unmanageable and in any case upon an adjudication of delinquency, if in the opinion of the judge the welfare of the child and the public interests so require, the judge may cause him to be sent to the industrial school, or to any institution authorized by law to receive such child. And in such case, the report if any of the probation officer shall be attached to the mittimus and the child shall be placed in charge of some person designated by the judge to be conveyed to the institution **provided** that when a girl is to be conveyed to any institution the judge shall appoint a suitable woman to accompany such girl. No child who is adjudged a dependent child shall be committed to any industrial school.

Provided, however, that the judge, if he shall determine that the best interests of the child so require, may cause any dependent child under twelve years of age who might otherwise be adjudged a delinquent child, as that term is defined in this chapter to be examined by a psychiatrist or other physician duly qualified by special professional training and experience in the practice of child psychiatry, or a psychologist in the psychological clinic of the Territory or a psychologist certified by said psychological clinic to be qualified in the practice of child psychology, and if the written report of the results of such examination shall so recommend may adjudge such child to be a delinquent child, notwithstanding the age of such child, and may thereafter deal with such child as a delinquent child under the provisions of this chapter [L 1909 c 22 s 4, am L 1917, c 9 s 1 R L 1925, ss 2263 2264, am L 1931, c 46, s 2 L 1932, c 240, s 2 R L 1935 s 4613, R L 1945, s 12324, am L 1947, c 56, s 3]

Note § 12325.01, added L 1947, c 50 (D 179), post

Sec. 12329. Care and custody of dependent and delinquent children; expenses. A delinquent or dependent child while under the orders of the judge, shall be in the care and custody of the probation officer or such other person or institution as the judge may designate, and all necessary expenses incurred in the proper care of such child shall, if necessary, be paid out of such moneys as may be appropriated for the expenses of circuit courts, **provided**, however that the judge may, at any time or whenever any dependent or delinquent child has been committed to the care of any public or private institution or to the care of some reputable citizen, cite

the parent or parents of the child to appear before him to show cause why the parent or parents should not pay such sum or sums as may be in the discretion of the judge necessary for the maintenance and support of the child. The judge may make such orders for the maintenance and support of the child as the judge may deem just and reasonable, having regard to the financial ability of the parent or parents and all other circumstances of the case, and may enforce the orders by summary process; **provided**, further, that no judge or probation officer shall be entitled to receive any compensation for any services performed under this chapter, except as otherwise provided for by law.

If the moneys appropriated for the purpose of paying expenses authorized under the provisions of this section shall at any time be insufficient to meet such expenses as they are incurred under the judge's orders, such expenses shall, upon certification thereof by the judge, be paid out of the public welfare fund existing under the provisions of chapter 98. **Provided**, however, that payments out of the public welfare fund hereunder, for any juvenile court, shall not, during any biennium, exceed an amount equal to fifty per centum of the amount appropriated for such court, for such purpose, for expenditure during such biennium. Unless hearing be waived in writing by the attorney of the Veterans Administration, and by all other persons, if any, entitled to notice, the court shall fix a time and place for the hearing on the account, petition, motion or other pleading not less than fourteen days nor more than thirty days from the date same is filed, unless a different available date be stipulated in writing. Unless waived in writing, written notice of the time and place of hearing shall be given the Veterans Administration office concerned and the guardian and any others entitled to notice not less than fourteen days prior to the date fixed for the hearing. The notice may be given by mail in which event it shall be deposited in the mails not less than fourteen days prior to said date. The court, or clerk thereof, shall mail to said Veterans Administration office a copy of each order entered in any guardianship proceeding wherein the Administrator is an interested party.

(4) If the guardian is accountable for property derived from sources other than the Veterans Administration, he shall be accountable as is or may be required under the applicable law of this jurisdiction pertaining to the property of minors or persons of unsound mind who are not beneficiaries of the Veterans Administration, and as to such other property shall be entitled to the compensation provided by such law. The account for other property may be combined with the account filed in accordance with this section. [L. 1947, c. 202, s. 10.]

[Sec. 12561.11.] Section 11. **Penalty for failure to account.** If any guardian shall fail to file with the court any account as required by this Act, or by an order of the court, when any account is due or within thirty days after citation issues as provided by law, or shall fail to furnish the Veterans Administration a true copy of any account, petition or pleading as required by this Act, such failure may in the discretion of the court be ground for his removal. [L. 1947, c. 202, s. 11.]

[Sec. 12561.12.] Section 12. **Compensation of guardians.** Compensation payable to guardians shall be based upon services rendered and shall not exceed 5% of the amount of moneys received during the period covered by the account. In the event of extraordinary services by any guardian, the court, upon petition and hearing thereon may authorize reasonable additional compensation therefor. A copy of the petition and notice of hearing thereon shall be given the proper office of the Veterans Administration in the manner provided in the case of hearing on a guardian's account or other pleading. No commission or compensation shall be allowed on the moneys or other assets received from a prior guardian nor upon the amount received from liquidation of loans or other investments. [L. 1947, c. 202, s. 12.]

[Sec. 12561.13.] Section 13. **Investments.** Every guardian shall invest the surplus funds of his ward's estate in such securities or property as authorized under section 12576 but only upon prior order of the court; except that the funds may be invested, without prior court authorization, in direct unconditional interest-bearing obligations of this Territory or any county of this Territory or of the United States and in obligations the interest and principal of which are unconditionally guaranteed by the United States. A signed duplicate or certified copy of the petition for authority to invest shall be furnished the proper office of the Veterans Administration, and notice of hearing thereon shall be given said office as provided in the case of hearing on a guardian's account. [L. 1947, c. 202, s. 13.]

[Sec. 12561.14.] Section 14. **Maintenance and support.** A guardian shall not apply any portion of the income or the estate for the support or maintenance of any person other than the ward, the spouse and the minor children of the ward, except upon petition to and prior order of the court after a hearing. A signed duplicate or certified copy of said petition shall be furnished the proper office of the Veterans Administration and notice of hearing thereon shall be given said office as provided in the case of hearing on a guardian's account or other pleading. [L. 1947, c. 202, s. 14.]

[Sec. 12561.15.] Section 15. Purchase of Home for Ward.

(1) The court may authorize the purchase of the entire fee simple title to real estate in this Territory in which the guardian has no interest, but only as a home for the ward, or to protect his interest, or (if he is not a minor) as a home for his dependent family. Such purchase of real estate shall not be made except upon the entry of an order of the court after hearing upon verified petition. A copy of the petition shall be furnished the proper office of the Veterans Administration and notice of hearing thereon shall be given said office as provided in the case of hearing on a guardian's account.

(2) Before authorizing such investment the court shall require written evidence of value and of title and of the advisability of acquiring such real estate. Title shall be taken in the ward's name. This section does not limit the right of the guardian on behalf of his ward to bid and to become the purchaser of real estate at a sale thereof pursuant to decree of foreclosure of lien held by or for the ward, or at a trustee's sale, to protect the ward's right in the property so foreclosed or sold; nor does it limit the right of the guardian, if such be necessary to protect the ward's interest and upon prior order of the court in which the guardianship is pending, to agree with co-tenants of the ward for a partition in kind, or to purchase from co-tenants the entire undivided interests held by them, or to bid and purchase the same at a sale under a partition decree, or to compromise adverse claims of title to the ward's realty. [L. 1947, c. 202, s. 15.]

[Sec. 12561.16.] Section 16. Copies of public records to be furnished.

When a copy of any public record is required by the Veterans Administration to be used in determining the eligibility of any person to participate in benefits made available by the Veterans Administration, the official custodian of such public record shall without charge provide the applicant for such benefits or any person acting on his behalf or the authorized representative of the Veterans Administration with a certified copy of such record. [L. 1947, c. 202, s. 16.]

[Sec. 12561.17.] Section 17. Discharge of guardian and release of sureties.

(1) In addition to any other provisions of law relating to judicial restoration and discharge of guardian, a certificate by the Veterans Administration showing that a minor ward has attained majority, or that an incompetent ward has been rated competent by the Veterans Administration upon examination in accordance with law shall be prima facie evidence that the ward has attained majority, or has re-

covered his competency. Upon hearing after notice as provided by this Act and the determination by the court that the ward has attained majority or has recovered his competency, an order shall be entered to that effect, and the guardian shall file a final account. Upon hearing after notice to the former ward and to the Veterans Administration as in case of other accounts, upon approval of the final account, and upon delivery to the ward of the assets due him from the guardian, the guardian shall be discharged and his sureties released. [L. 1947, c. 202, s. 17.]

[Sec. 12561.18.] Section 18. **Liberal construction.** This Act shall be construed to make uniform the law of those states which enact it. [L. 1947, c. 202, s. 18.]

[Sec. 12561.19.] Section 19. **Short title.** This Act may be cited as the "Uniform Veterans' Guardianship Act." [L. 1947, c. 202, s. 19.]

[Sec. 12561.20.] Section 20. **Severability.** If any provision of this Act or application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable. [L. 1947, c. 202, s. 20.]

[Sec. 12561.21.] Section 21. **Modification of prior laws.** All Acts or parts of Acts relating to beneficiaries of the Veterans Administration inconsistent with this Act are hereby repealed. Except where inconsistent with this Act, the laws of this Territory relating to guardian and ward and the judicial practice relating thereto, including the right to trial by jury and the right of appeal, shall be applicable to such beneficiaries and their estates. [L. 1947, c. 202, s. 21.]

[Sec. 12561.22.] Section 22. **Application of Act.** The provisions of this Act relating to surety bonds and the administration of estates of wards shall apply to all "income" and "estate" as defined in section 1 of this Act whether the guardian shall have been appointed under this Act or under any other law of this Territory, special or general, prior or subsequent to the enactment hereof. [L. 1947, c. 202, s. 22.]

Such relocation shall be made within a reasonable time from the date of the order to be fixed by the board of supervisors, and at the expense of the city and county of Honolulu.

(g) Should the company fail or neglect to comply with any of the obligations of this section provided after written notice by the board of supervisors of such failure or neglect, or with any order of the board of supervisors made as in this section provided, the board of supervisors may by resolution find the company in default and at any time after five days after written notice of such finding of default shall have been given to the company by delivery of a copy of such resolution at the principal office of the company, the paving, alterations, relocations, repairs, changes or improvements required, may be made by the city and county of Honolulu and the cost thereof recovered from the company in the courts of the Territory.

(d) **Rules and regulations.** The company shall make just and reasonable regulations regarding the maintenance and operation of said railway on and through said streets and roads. All such rules and regulations shall be subject to the approval of the commission.

(e) **Special fares for children.** The company may, with the approval of the commission, fix special rates of fare for children, under such regulations as may be approved by the commission. [Am. L. 1933, c. 114.]

(f) **Free transportation.** There shall be no free transportation provided, except to officers and employees of the company and members of the Honolulu police and fire departments when on duty and in uniform and such free transportation shall be subject to regulation by the commission.

(g) **Passage refused certain persons.** The person or persons lawfully in charge of any car, bus or other vehicle of transportation may refuse passage to any person or persons who refuse to pay the lawful fare, or to carry drunk or disorderly persons or persons affected with infectious or contagious diseases, and may eject therefrom, forcibly if necessary, any such person or persons.

(h) **Right of way.** The cars lawfully occupying and using the railway shall have the right of way upon the tracks constructed in said streets, roads and places, except that such right shall yield to the police authorities of the said city and county of Honolulu and in case of fire to the apparatus of the fire department of the city and county of Honolulu.

(i) **Office in Honolulu; residence of officers.** The company shall at all times have and maintain an office for the transaction of the business of the railway at some place in Honolulu convenient of access to the public; and all persons, other than the directors, having charge, management and control thereof and a majority of the directors shall be residents of the city and county of Honolulu, and all of the directors shall be residents of the Territory of Hawaii.

Sec. 8. Rights to acquire franchises and property of other companies. Subject to the prior approval of the commission as to price, terms and in all other respects, the company shall have the right to take over, either by purchase or lease, all or any part of the property, real and personal, rights, privileges and franchises, of any other railway, or of any power company, or of any company having objects in whole or in part similar to those by this Act authorized, which said property, rights, privileges and franchises are required for the purposes of this Act, and when so acquired shall be held, maintained and operated under and in accordance with the provisions of this Act.

Sec. 9. Issue and sale of stock. The company may increase its capital stock by the issuance and sale of common stock upon terms approved by the commission; **provided**, however, that bonds or notes the proceeds of which have been used for capital expenditures may be redeemed by capital stock of the company, as approved by the commission, to the amount of the proceeds received by the company from the sale of such bonds or notes. [Am. L. 1933, c. 114.]

Sec. 10. Mortgages, bonds, notes and loans. The company, subject to prior approval of the commission, in furtherance of the objects by this Act authorized, shall have the power to and shall, when directed by the commission as hereinafter provided, for the purposes of additions, extensions, increases, betterments and improvements, borrow money and secure the payment thereof with interest by mortgages of all or any portion of its property, which may include the franchise of the company, and for such purpose mortgage bonds may be issued secured by trust deed of such property as aforesaid. Such mortgages or trust deeds may, in addition to the property named above cover also any property or property rights to be acquired after their several dates as well as the income and receipts of the property from whatsoever source derived and may contain such provisions as the commission may deem advisable and proper for the protection of all concerned, relative to payments of interest and principal, possession and operation of said railway or other property, default, remedies, foreclosures, powers of mortgages or trustees in all matters, and all and every other matter which it may deem wise and proper to insert therein. **Provided** that nothing in this section contained shall operate to prevent the company from obtaining the usual business credits or from making promissory notes without security.

The commission may authorize the issuance of temporary bonds or notes to provide operating funds and prescribe the terms and rate of interest thereof and also authorize a reserve or sinking fund from earnings for the payment of such bonds, notes or other debt on operating account.

FINANCING—UTILITIES COMMISSION

Sec. 11. Additions, extensions, increases, betterments and improvements. Additions, extensions, increases, betterments and improvements of the railway and the equipment and works connected therewith may be made or acquired by the company with the approval of the commission and shall be made whenever, after notice and an opportunity to be heard at a public hearing, it shall be directed so to do by the commission, and when so made or acquired, or when made or furnished by others, shall thereafter be maintained by it, except as herein provided; and increases and improvements in service to be rendered by the company shall likewise be made by it when directed so to do by the commission; **provided** that the commission shall not so direct unless it shall find after such hearing that the earnings of the company when maintaining and operating such additions, extensions, increases and improvements, whether of railway or service provided for in this section, together with the remainder of its railway and service and considering the possible increase in rate of fares, will be sufficient to meet all the reasonable costs of operation plus a fair return on the total property of the company including such additions, extensions, increases, betterments and improvements actually used for public utility purposes.

Additions and extensions or improvements made or furnished by others shall not be acquired unless the same shall be transferred to the company, and unless the commission shall upon application therefor and after notice to the company and a public hearing thereon, authorize the same, and unless the construction thereof accords with the general standard of construction of the railway.

The commission may require that any additions, extensions, betterments or improvements be constructed under contract for which public bids shall be called. [Am. L. 1933, c. 114.]

Note: **Sec. 12**, re "Annual payment to city and county", was **repealed** L. 1929, c. 253, s. 2. To avoid confusion the old section numbers are retained.

Sec. 13. Power of commission. The commission is hereby vested with power and jurisdiction by order to regulate, fix and change all rates, fares, charges, classifications, rules and practices made, charged or observed by the company, the manner in which the railway and all other property of the company is operated with reference to the safety or accommodation of the public, its form and method of keeping accounts, books and records, and its accounting system, the return upon its property, the incurring of indebtedness relating to its railway and the disposition of the proceeds thereof and of its railway income, and to regulate all of its financial transactions, its business relations with other persons, companies, or corporations, its compliance with all applicable territorial and federal laws and with the provisions of its franchise and articles of association, its classifications, rules, regulations, practices and service and all matters of every nature affecting the relations and transactions between it and the public and persons or corporations, and to do all things whether herein specifically designated or in addition thereto which are necessary and in the exercise of such power and jurisdiction, all of which as so ordered, regulated, fixed and changed shall be just and reasonable and

such as shall provide a fair return on the property of the company actually used for public utility purposes, and such orders may be made after a hearing upon its own motion or upon complaint. Provided, however, there shall be only one fare in the closely built up portion of the territorial limits of the franchise. [Am. L. 1947, c. 133.]

The company shall, if so required by the commission, and under such requirements as the commission shall designate, enter into agreements for mutual transfer privileges, joint track, switching, terminal or other agreements with companies or others carrying on a like business.

Should public convenience, public welfare, or public safety require, the commission may order the company to remove the railway from any street or streets, **provided**, however, that an alternate location shall be designated by the board of supervisors, and **provided** further that such removal shall not substantially lessen the income of the company, and **provided** further that the capital investment lost by such removal shall be replaced from earnings as fixed by the commission over a period not exceeding ten years during which time the value of the company's property for rate making purpose shall not be lessened by reason of such loss, and in event of purchase all of such loss not theretofore so recovered shall be added to and considered as part of the purchase price.

This section shall not be held or construed to be a limitation upon any power of the public utilities commission of the Territory of Hawaii under chapter 128 of the Revised Laws of Hawaii, 1915, creating a public utilities commission or any amendments thereto or any other laws relating to public utilities within the Territory of Hawaii.

Sec. 14. Appeal from commission. Every order, decision, approval or direction of the commission made under any of the provisions of this Act shall be made in writing and after notice and hearing and from every order, decision, approval or direction an appeal shall lie to the supreme court of the Territory of Hawaii, in like manner and with like effect as an appeal lies from an order or decision of a circuit judge at chambers. Such appeal shall not of itself stay the operation of the order, decision, approval or direction appealed from, but the supreme court may stay the same, after a hearing upon motion therefor, upon such conditions as it may deem proper.

This section shall not be construed as meaning that the decision of the supreme court of Hawaii shall be final, but either party may appeal in the proper manner from said supreme court in accordance with all general laws now or hereafter enacted relating to appeals in whatever form from the supreme court of Hawaii; **provided**, however, that no appeal shall lie beyond said supreme court solely upon the ground of construction of a statute of the United States.

Sec. 15. Penalties. If the company shall violate or neglect or fail in any particular to conform to or to comply with any of the provisions of this Act or any lawful order of the commission or of the board of supervisors, it shall be liable to a penalty of not less than one hundred dollars (\$100.00) nor more

APPEALS—PENALTIES—POLICE POWER

than one thousand dollars (\$1,000.00) for every such violation, neglect or failure, to be recovered by action brought by either the commission or the board of supervisors in the name of the Territory as the case may be. Any recovery under this section shall be a realization of the commission or the city and county of Honolulu as the case may be.

Sec. 16. Interfering with operations of railway unlawful. Any person willfully or maliciously doing any of the following acts, to-wit: obstructing the free passage of the cars along the railway; defacing, marring or injuring the posts, wires or other appliances used in operating the railway; defacing, marring or injuring the cars or other property of the company; using the posts, fences, houses or other property of the company without consent for advertising purposes; or in any other manner inflicting injury to the property or causing annoyance and embarrassment in the enjoyment of the property rights or franchise rights of the company, shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine not exceeding one hundred dollars (\$100.00) or by imprisonment not exceeding three months, or by both such fine and imprisonment.

Sec. 17. Should it become necessary in the prosecution of any public work, or desirable in the public interest, to temporarily stop or suspend operation of cars on any track or line of the company, it may be done on order of the commission and in such case the company shall not be liable for any claim for damages to personal property by reason of the suspension of cars, delay to business or service or otherwise during the period in which said operation is suspended as aforesaid; and the company shall likewise not be liable if operation is temporarily suspended by act of God or the public enemy, or strikes or accidents.

Sec. 18. Police power reserved. This Act shall not be construed to limit the Territory of Hawaii in the exercise of its police powers.

Sec. 19. Forfeiture. Whenever the company refuses, fails or neglects to do, perform, carry out or comply with any Act, matter or thing requisite or required to be done under the provisions of this Act, or any order, direction or regulation of the commission and shall continue so to refuse, fail or neglect to do, perform, carry out or comply therewith, after due notice by the commission, the commission may have the franchise granted by this Act, and all rights and privileges granted thereunder, forfeited and declared null and void by appropriate proceedings in the nature of quo warranto before the circuit court of the first judicial circuit at law without a jury.

Sec. 20. Purchase by city and county of Honolulu. City and county authorized to purchase and operate. At any time after authorization therefor by a majority of the registered voters of the city and county of Honolulu voting thereon at an election held in manner and form and under the terms and conditions as may be hereafter provided for by the legislature of Hawaii for this purpose, the city and county of Honolulu, or its successors, may, upon not less than six months' notice in writing to the company, acquire the prop-

erty of the company used and useful for public utility purposes by paying to it the amount hereinafter provided, and assuming the bonded and all other debts and liabilities of the company at the date of said purchase.

The amount to be paid to the company for such purchase shall be determined by the public utilities commission; but such amount shall in no case exceed the actual cost of the physical property thereof, or the actual value of the tangible property so purchased; in both cases, less its bonded and all other debts and liabilities. The value of the franchise or good will or any other intangible element shall not be considered in determining the amount to be paid.

The valuation for the purpose of purchase shall be determined by the commission on the request of the board of supervisors prior to the election, provided, however, that such valuation shall be increased or diminished to correspond to the actual physical changes in the property of the company between the date of the valuation and the date of the actual purchase, the same to be determined by the commission.

Either the company or the purchaser may appeal to the supreme court of Hawaii from the decision of the commission by filing a written notice of appeal with the commission within five days after the decision is rendered and served on the company and the city and county of Honolulu. It shall be the duty of the commission immediately to certify up to the supreme court the record of its proceedings showing in such certificate the valuation claimed by the company, the valuation claimed by the purchaser, and the valuation as determined by the commission. Such certificate shall be accompanied by copies of all papers, documents, and evidences upon which the decision was based and a copy of such decision. Upon such appeal the supreme court may in its behalf take or require further evidence to be introduced by either party.

Within six months after the determination of the purchase price the same shall be paid to the company, and thereupon the franchise granted hereby shall cease and determine, and all the property of the company so valued shall become the property of the purchaser without any further conveyance or assignment; but the company shall make all such further conveyances and assignments as may be desired by the purchaser and approved by the commission or the said court on appeal.

The city and county of Honolulu or its successors, is hereby given the right under the conditions aforesaid to purchase, hold and operate the street railway system or systems so purchased and said city and county and its successors shall have all powers incidental thereto.

The city and county of Honolulu may finance the purchase of the property of said company by issuing bonds secured by said property and said bonds shall be a first charge on the income therefrom. Said bonds may be issued prior to the time of purchase containing provisions that they will become secured as herein specified as of the date of payment of the purchase price but prior thereto shall be a lien upon the general revenues of the city and county. Said city and county may, at its option, make said bonds a lien on

PURCHASE BY CITY—AMENDMENTS

both the income of the railway and the general revenues of the city and county, notwithstanding any limitation as to amount of indebtedness now or hereafter existing and the amount of said bonds shall not be considered to limit the creation of other indebtedness by said city and county as now or hereinafter provided by law. **Provided**, however, that all revenues derived from time to time from said railway so purchased shall be paid into the treasury of said city and county and there held as a special fund for the following purposes for which alone it shall be expended:

1. The operation and maintenance of said railway.
2. Interest on the bonds issued for such purchase and bonded or other indebtedness of the company assumed by the city and county of Honolulu at the time of such purchase.
3. A sinking fund for the payment of said bonds and said assumed bonds and said other indebtedness for which purpose there shall be set aside each year not less than such a sum that the aggregate of the sums so set aside with interest thereon compounded annually at the rate of interest specified in the said bonds and said other indebtedness would amount to the par value of the said bonds and said other indebtedness at maturity nor more than such a sum that the aggregate of such sums with such interest would amount to the par value of the said bonds of said other indebtedness when redeemable.
4. The extension and improvement of said railway.

Sec. 21. Amendment, alterations or repeal. Congress, or the legislature of the Territory of Hawaii may at any time alter, amend, or repeal this act. [42 Sts. at L., p. 185, c. 81, s. 2.]

Sec. 22. Effective date. This Act shall take effect when the company shall notify the governor of the Territory of Hawaii in writing that it has accepted the terms hereof by an affirmative vote of the holders of two-thirds of the issued capital stock, **provided** such notice is so given within six months after the approval of this Act by Congress, otherwise this Act shall become null and void; such approval of Congress to be secured within two years from the approval of this Act by the governor of the Territory of Hawaii.

Approved the 26th day of April, A. D. 1921. [L. 1921, c. 186; ratified etc., August 24, 1921, 42 Sts. at L., p. 185, c. 81; R. L. 1925, Vol. II, p. 2082; am. L. 1925, c. 227; am. [L. 1947, c. 237, s. 3.]

Section 4. Use of streets. The methods by which the public roads and other places, specified in section 2 hereof, are to be used by the company shall be subject to the consent of the city and county of Honolulu with respect to city and county roads, and to the consent of the superintendent of public works of

the Territory of Hawaii with respect to territorial roads, and all instructions and directions made by said city and county or said superintendent of public works in connection with the use of such roads for the initial installation and subsequent replacement or repair of the company's equipment shall be strictly followed by the company to the end that the general public be inconvenienced as little as possible; and **provided** further, that whenever any road shall be excavated and holes or trenches made therein for laying, replacing or repairing the company's equipment, such holes or trenches shall be safeguarded and refilled as soon as possible, and the pavement, if any, of any such road shall be replaced in good order and condition; and **provided** that if such repair or restoration shall not be made to the satisfaction of said city and county or said superintendent of public works, within a reasonable time, said city and county, or superintendent of public works, may cause the work to be done at the expense of the company. [L. 1947, c. 237, s. 4.]

Section 5. Meters and rates. The company shall have the right to install, maintain, use and operate water meters and other means of measuring water supplied from time to time and to locate the same at such places as may be deemed by it necessary or desirable for their protection. The company shall have the right to charge, receive and collect from all consumers of water such reasonable rates for water, water service, and other services as may from time to time be fixed by order of the public utilities commission as provided in chapter 82 of the Revised Laws of Hawaii 1945, and all amendments thereof. [L. 1947, c. 237, s. 5.]

Section 6. Cutting off service. The company shall have the right to cut off the supply of water from any consumer who shall fail to comply with any rules or regulations of the company fixed or approved by the public utilities commission as provided for in section 11 hereof, or who shall refuse or fail to pay amounts due for water supplied by the company within such reasonable time as may be fixed for payment of the same, but such cutting off shall not prevent the company from using any remedies now or which may hereafter be authorized by law for collecting debts. [L. 1947, c. 237, s. 6.]

Section 7. Expense of connections. The company shall have the right to charge consumers or applicants for the use of water for the cost and expense of constructing connections between the main lines of its distribution system and the point where the water for each consumer is to be measured, such cost and expense to include the price of all materials and labor necessary to be used in constructing such connections; **provided**, however, that the company shall not be required to construct

said connections as aforesaid unless the applicant or applicants for water, if required, shall deposit in advance with the company a sum of money sufficient to pay the estimated cost and expense of constructing such connections. Costs or expense of constructing connections hereafter paid for by users of or applicants for water shall not be considered as part of the property of the company upon which a return shall be provided, or as part of the reasonable value of the property of the company under section 14 of this Act. [L. 1947, c. 237, s. 7.]

Section 8. Extensions of main lines. The public utilities commission is hereby granted the power to order the company to extend the main lines of its distribution system within the district whenever it finds that the extension is a public convenience and necessity and that (a) the cost and expense of constructing such extension will be assumed by the applicant or applicants for water, or (b) the public utilities commission shall have determined that the company will have reasonable assurance of adequate revenues from such extension to compensate it for its investment in making the extension. Costs or expenses of constructing extensions hereafter paid for by users of or applicants for water shall not be considered as part of the property of the company upon which a return shall be provided, or as part of the reasonable value of the property of the company under section 14 of this Act. [L. 1947, c. 237, s. 8.]

Section 9. Inspection of plant, books, etc. The entire plant, operation, books and accounts of the company shall at all times be subject to the inspection of the public utilities commission or other officer appointed by it for that purpose. [L. 1947, c. 237, s. 9.]

Section 10. Public utilities commission. The franchise granted by this Act and the person or corporation holding the same shall at all times be subject to all of the provisions of chapter 82 of the Revised Laws of Hawaii 1945, and all amendments thereof. [L. 1947, c. 237, s. 10.]

Section 11. Rules and regulations. The company may from time to time issue such reasonable rules and regulations covering the furnishing of water, water service, and other services by it, as may be fixed or approved by the public utilities commission as provided in chapter 82 of the Revised Laws of Hawaii 1945, and all amendments thereof, and such rules and regulations shall be followed by consumers. [L. 1947, c. 237, s. 11.]

Section 12. Acquisition and disposition of property. The company shall have the right to acquire, hold or take over, either by purchase, lease or otherwise, property, both real, personal or mixed, as may be necessary or useful in the conduct of its business; and the company shall also have the right to sell or otherwise dispose of any of such property no longer neces-

sary or useful in connection with its public utility business. [L. 1947, c. 237, s. 12.]

Section 13. **Eminent domain.** The company shall have the right and shall be vested with the power and authority to acquire by the exercise of the right of eminent domain such real property, rights of way and interest in, over, across, under and through any real property which may be necessary for the purposes of the company, in accordance with provisions of the laws of the Territory of Hawaii. [L. 1947, c. 237, s. 13.]

Section 14. **Public purchase.** The Territory of Hawaii, the city and county of Honolulu, or any political subdivision thereof, or the board of water supply of the city and county of Honolulu may at any time upon six months' notice in writing to the company, given pursuant to proper authority, acquire all the property of the company used or useful for public utility purposes by paying to it the amount hereafter provided and assuming the bonded and all other debts and liabilities of the company at the date of said purchase.

The amount to be paid to the company for such purchase shall be the reasonable value of the property. The reasonable value shall be determined by the public utilities commission, but such amount shall in no case exceed the cost of reproduction or replacement of the property, less depreciation and less the bonded and all other debts and liabilities of the company. The value of the franchise or good will shall not be considered in determining the amount to be paid.

Either the company or the purchaser may appeal to the supreme court of Hawaii from the decision of the public utilities commission by filing a written notice of appeal with the commission within fifteen days after the decision is rendered and served on the company. It shall thereupon be the duty of the public utilities commission immediately to certify up to the supreme court the record of its proceedings, showing in such certificate the valuation claimed by the company, the valuation claimed by the purchaser, and the valuation as determined by the commission. Such certificate shall be accompanied by copies of all papers, documents and evidences upon which the decision of the public utilities commission was based and a copy of such decision. Upon any such appeal the supreme court may, in its behalf, take or require further evidence to be introduced by either party.

Within six months after the determination of the purchase price by the public utilities commission, or by the supreme court if an appeal is taken, the same shall be paid to the company and thereupon the franchise granted hereby shall cease and determine and all the property of the company so valued shall become the property of the purchaser without any further

conveyance or assignment; but the company shall make all such further conveyances and assignments as may be desired by the purchaser and approved by the public utilities commission or by the supreme court in case of appeal.

In addition to the foregoing method of acquiring the property, the Territory, the city and county of Honolulu, or any political subdivision thereof, or the board of water supply of the city and county of Honolulu is hereby authorized to acquire the property by negotiation with the company and is also authorized to acquire the property by eminent domain proceedings pursuant to chapter 8 of the Revised Laws of Hawaii 1945, and all amendments thereto. In such proceedings it shall not be necessary to allege or prove that the use to which the Territory, the city and county of Honolulu, or any political subdivision thereof, or the board of water supply of the city and county of Honolulu will put the property in a more necessary public use than that to which it may already have been appropriated. [L. 1947, c. 237, s. 14.]

Section 15. Mortgage and assignment. The company, whenever from time to time it shall deem it expedient in the furtherance of its purposes, shall have the power to borrow money and to secure the payment thereof, with interest, by mortgage or conveyance of all or any portion of its property, including the franchise and privileges granted or obtained by virtue hereof, or if it deem it advisable bonds may be issued, secured by deed of trust of such property, franchise and privileges, together with all future acquired property, as well as the income and receipts of the property from whatever source derived, and in such form and on such terms as the company may deem advisable; **provided** that nothing in this section contained shall operate to prevent the company from obtaining the usual business credits and from making promissory notes without security. This franchise may be assigned by the company to any person, corporation or association succeeding to or acquiring its public utility business. The provisions of this section shall be subject to the requirements of chapter 82 of the Revised Laws of Hawaii 1945, and all amendments thereof, requiring prior approval of the public utilities commission for any borrowing and for any assignment, mortgage, encumbrance or other disposition of the company's public utility property, or franchise. [L. 1947, c. 237, s. 15.]

Section 16. Franchise subject to amendment or repeal. Congress, or the legislature of the Territory of Hawaii, may at any time alter, amend or repeal this franchise. [L. 1947, c. 237, s. 16.]

Section 17. Effective date. This Act shall take effect upon its approval by the Congress of the United States.

JOINT RESOLUTIONS.

J. R. 1

Joint Resolution Memorializing Congress to Authorize the Issuance of Public Improvement Bonds of the Territory During the Years 1947 to 1951 Inclusive Without Regard to the Limitations Imposed by the Hawaiian Organic Act.

WHEREAS, the public improvement program of the Territory was interrupted by the war; and

WHEREAS, no improvements have been financed by territorial bond issues for many years, the last such issue having been September 1, 1939; and

WHEREAS, during said period the Territory of Hawaii not only has sold no new issues of bonds for public improvements, but also has reduced its bonded indebtedness from the amount of \$38,966,000, the amount of said bonded indebtedness as the same stood after the issuance of said public improvement bonds of September 1, 1939, to \$11,076,000 as of March 1, 1947, the legislature having appropriated for the reduction of said bonded indebtedness the sum of \$5,850,000, in addition to the regular appropriations for the sinking fund, by Act 8 of the Session Laws of Hawaii 1945; and

WHEREAS, the postwar requirements of the Territory for public improvements far exceed the amount obtainable from current taxes, and the limitations imposed by section 55 of the Hawaiian Organic Act would unreasonably defer the accomplishment of such improvements, which the necessities of war have already too long deferred; and

WHEREAS, it is the desire of the Legislature of the Territory of Hawaii to issue, over a five-year period, public improvement bonds of the Territory for necessary projects, without regard to the limits imposed by section 55 of the Hawaiian Organic Act, provided the total indebtedness of the Territory is not extended beyond \$35,000,000; now, therefore,

Be it Enacted by the Legislature of the Territory of Hawaii:

Section 1. HAWAII HOUSING.

J. R. 4

Joint Resolution Relating to Housing; Declaring a Public Emergency; Authorizing the Hawaii Housing Authority to Plan, Acquire, Own, Develop, Administer and Provide Housing and Other Facilities, to Borrow Money and Accept Assistance, and to Cooperate With the Federal Government; Transferring Certain Housing and Facilities to the Hawaii Housing Authority and Providing for Their Development and Administration; Conferring Certain Rights, Powers, Privileges and Immunities; Validating All Prior Actions Relating to the Development and Administration of Housing and Other Facilities; Creating a Revolving Fund; Making Appropriations; and Limiting the Application and Providing for the Suspension of Certain Statutes, Ordinances, Resolutions and Regulations.

Be it Enacted by the Legislature of the Territory of Hawaii:

Section 1. Findings and declaration. It is hereby found and declared that there is an acute shortage of housing within many areas of the territory; that, with a greatly increased and growing population and severe limitation upon land-use in such areas, many persons, including veterans, families of veterans and families of servicemen, are unable to obtain housing, and that, as a consequence, it is imperative that action be taken immediately to assure the continued availability of housing developed and administered under chapter 324 of the Revised Laws of Hawaii 1945, and other territorial and federal laws, and to assure the development and administration of other housing necessary to remedy the above mentioned conditions; that the provisions hereinafter enacted are necessary to assure the availability, development and administration of such housing which otherwise would not be provided at this time. It is further declared to be the purpose of this Act to authorize the Hawaii Housing Authority to do any and all things necessary or desirable to develop and administer the housing now being developed or now administered under said chapter 324 or any other territorial or federal laws, to develop and administer other housing necessary or desirable to remedy the conditions above mentioned, and to secure the financial aid and other assistance of the federal government in the expeditious development and the administration of such housing. [L. 1947, J. R. 4, s. 1.]

Section 3. Housing authority, powers. For the purpose of making housing available in those areas of the Territory where the authority finds (which finding shall be final in any suit, action or proceeding) that sufficient housing accommodations are not available and private enterprise is not providing an adequate supply of such housing, the authority may:

(a) Acquire by purchase, gift, grant, lease, license, permit, bailment, or otherwise, under the limitation of section 17 hereof, any property real or personal, or any interest therein for housing;

(b) Develop any property for the purposes of this Act;

(c) Administer any property for the purposes of this Act;

(d) Develop and administer housing for the purposes of this Act;

(e) Lease or rent structures or facilities, which have been acquired for housing but which have been found to be unsuitable for housing, for commercial purposes;

(f) Borrow money and accept grants and other assistance from governments or from local agencies or other sources;

(g) Cooperate with, or act as agent for, the federal government in the development or administration of housing;

(h) Comply with such terms and conditions as may be prescribed by the federal government in obtaining assistance from it for the purposes of this Act;

Section 4. Housing authority, extension of powers. In the ownership, development or administration of housing under this Act, the authority shall have all of the rights, powers, privileges and immunities that such authority has under chapter 61 and any law in amendment thereof or in addition thereto, except the power of eminent domain save as hereinafter expressly granted (including, without limitation to the generality of the foregoing, the power to make and execute contracts, to issue bonds and other obligations and give security therefor, and to

do any and all things necessary or convenient to develop and administer housing), in the same manner as though all the provisions of law applicable to slum clearance and housing projects were applicable to housing developed or administered under this Act; **provided**, however, that section 3519 of chapter 61 shall not apply to housing developed or administered by the authority under this Act; and, **provided**, further, that housing developed or administered by the authority under this Act shall not be subject to the limitations provided in sections 3531 and 3532 of chapter 61; and, **provided**, further, that the authority may make payments, in such amounts as it finds necessary or desirable, for any services, facilities, works, privileges or improvements furnished for or in connection with such housing. [L. 1947, J. R. 4, s. 4.]

Section 5. Housing authority, aid from federal government. The authority may borrow money or accept financial or other assistance from the federal government to assist in its developing and administering housing under this Act. The authority may do any and all things necessary or desirable to secure such assistance (including obligating itself in any contract with the federal government for loans or contributions to convey to the federal government the project to which said contract relates upon the occurrence of a substantial default thereunder), in the same manner as it may do to secure such aid in connection with slum clearance and housing projects under the provisions of chapter 61. [L. 1947, J. R. 4, s. 5.]

Section 6. Housing, government aid, political subdivisions. Any political subdivision may appropriate money for the purposes of meeting any local participation in housing costs or expenses required in order to obtain assistance from the federal government in the development and administration of housing under this Act, or of providing funds for use by the authority in developing and administering housing. [L. 1947, J. R. 4, s. 6.]

Section 7. Housing, government aid, extension of powers. The Territory, its political subdivisions and agencies, to the extent permitted by the Organic Act and other federal laws, shall have the same rights and powers to cooperate with and aid the authority with respect to the development and administration of housing under this Act that the Territory, its political subdivisions and agencies respectively have under and pursuant to chapter 63 for the purposes of aiding and cooperating in the planning, construction and operation of slum clearance and housing projects. [L. 1947, J. R. 4, s. 7.]

Section 8. **Housing, temporary, application or suspension of other laws, ordinances, etc.** Housing of a temporary character heretofore developed, or hereafter developed and administered under the provisions of this Act, and the authority in respect thereof, shall not be subject to the provisions of any statute, ordinance, resolution, or other regulation relating to city planning; zoning; utilities and services; the subdivision and use of land; fire limits; or the construction, erection, repair, moving, placing, maintenance, use and operation of buildings and other structures; **provided**, however, that such housing of a temporary character (1), if developed or administered with assistance from the federal government and required to be removed, by federal law or regulation, shall be removed within the period required by such federal law or regulation, or (2), if developed or administered with such assistance and not required to be so removed, shall be transferred or disposed of as required by the federal government, or (3), if developed or administered without such assistance, shall be removed upon a determination by the governor that the need for such housing for the purposes of this Act no longer exists, and, in any event, within a reasonable period after this Act expires. [L. 1947, J. R. 4, s. 8.]

Section 9. **Housing, permanent, disposition.** Any housing of a permanent character, which is administered under the provisions of this Act, shall, when it is determined by the governor that the need for such housing for the purposes of this Act no longer exists or, in any event, upon the expiration of this Act, becomes subject to and shall be administered by the authority under chapter 61; **provided**, that, if any such housing is developed or administered with assistance from the federal government, such transfer and administration is permitted by federal law or regulation. [L. 1947, J. R. 4, s. 9.]

Section 10. **Housing, tenant selection.** The authority may limit and may obligate the Territory or itself to the federal government to limit, the tenants of any housing developed or administered under this Act to veterans, families of veterans, families of servicemen, or to classes of persons who are unable to secure housing at rents within the financial reach of such persons, or, when required by federal law or regulation as a term or condition to obtaining assistance from the federal government, to other classes of persons. The authority may also give preference, and may obligate the Territory or itself to the federal government to give preference, in the selection of tenants for any such housing to veterans, families of veterans, families of servicemen, or to classes of persons who are unable to secure housing at rents within the financial reach of such persons, or, when required by federal law or regulation as a term

or condition to obtaining assistance from the federal government, to other classes of persons. Subject to such limitations and preferences, the authority shall select tenants upon the basis of those in greatest need for such housing. [L. 1947, J. R. 4, s. 10.]

Section 11. Housing, existing housing, continuance, transfer, validation. (a) All housing now being developed, or heretofore developed and now being administered, by the Territory or the authority, or by the federal government pursuant to contract between the federal government and the Territory or the authority, shall hereafter be developed and administered under and pursuant to this Act; **provided**, however, that this Act shall not apply to housing projects now or hereafter constructed and operated under chapter 61; and, **provided**, further, that, in regard to housing now or hereafter developed by the federal government and administered by the authority pursuant to contract between the federal government and the Territory or the authority, or developed or administered with assistance from the federal government, this Act shall apply to such housing only to the extent permitted by federal law or regulation. All such housing is hereby transferred to the jurisdiction of the authority, together with all assets, contracts, funds and property relating to or used in connection with such housing.

(b) The authority shall continue to develop and administer any and all such housing pursuant to the provisions of this Act, and shall observe and perform the terms and conditions, on the part of the Territory or the authority to be observed or performed, as the same may exist from time to time of all leases, permits, contracts and obligations heretofore made or entered into by the Territory or the authority with the federal government or with persons, firms, associations or corporations. All notes, contracts, obligations and other actions of the Territory or the authority heretofore issued, entered into or done relating to (including cooperating with or acting as agent of the federal government) in the development or administration of any such housing (including housing developed or administered under any federal law or regulation) are hereby ratified, validated and declared legal in all respects, notwithstanding any defect or irregularity therein or want of statutory authority therefor. Any balance of moneys required to be reimbursed out of net realizations from housing developed from the expenditure of territorial funds, by any rule or order of the governor made under chapter 324 or which pursuant to said chapter would have been reimbursed to the appropriations made for the purposes of said chapter out of such realizations, shall be transferred to the housing revolving fund created by this Act.

(c) All such housing which is located on real property of the Territory or of any political subdivision shall continue to be developed or administered upon such property under this Act. [L. 1947, J. R. 4, s. 11.]

Section 12. Housing authority, revolving fund. The treasurer is hereby authorized and directed to set up, out of any moneys heretofore or hereafter appropriated for the purposes of this Act, a revolving fund to be known as "The Housing Revolving Fund". All unexpended balances of appropriations, allocations, allotments, special revolving funds, or other funds heretofore created and made available for the purposes of developing or administering any housing subject to the provisions of this Act, or for the purposes of developing or administering any housing under chapter 324, shall be transferred to the housing revolving fund and are hereby appropriated for the purposes of this Act; **provided**, however, that any unexpended balances in any special revolving funds or other funds created and made available for housing developed, in whole or in part, with federal funds or with assistance from the federal government or for housing undertaken pursuant to contract between the federal government and the Territory or the authority under Title V of Public Law 849 of the 76th Congress, as amended, shall be segregated from other funds and shall be deposited and maintained as required by the federal government. There shall further be deposited in said housing revolving fund, on or after the date of expiration or repeal of the Hawaii Defense Act (subject, however, to the provisions of the second proviso of section 13139 of the Revised Laws of Hawaii 1945, and the provisions of any act of the Twenty-fourth Legislature making other disposition of funds in specific instances), all unexpended moneys appropriated for the purposes of said Hawaii Defense Act by Act 24 of the Special Session Laws of 1941 and Act 96 of the Session Laws of 1943, and all funds collected, reimbursed, or otherwise realized under the provisions of the Hawaii Defense Act which, were it not for the expiration or repeal of said Hawaii Defense Act, would have been available for the purposes of said Act, the sums so deposited being hereby appropriated for the purposes of this Act.

All moneys received by the authority under or pursuant to the provisions of this Act, including refunds, reimbursements, and rentals received from tenants, shall be deposited in the housing revolving fund, to the extent permitted by federal law or regulation, and are hereby appropriated for the purposes of this Act. Except as otherwise provided herein, the housing revolving fund may be expended by the authority for any and all of the purposes of this Act, including, without prejudice to the generality of the foregoing, the acquisition, clearance and

improvement of property; the construction and reconstruction of building sites; the construction, reconstruction, repair, remodeling, extension, equipment and furnishing of housing; the development and administration of housing; the payment of rentals; and administration and other expenses. The provisions of this section shall be subject to applicable federal law and regulation, to any contracts between the federal government and the Territory or the authority relating to housing subject to this Act, and to the terms and conditions of contributions or other assistance from the federal government. [L. 1947, J. R. 4, s. 12.]

Section 13. Conformity with federal law. In carrying out this Act the Territory and the authority shall cooperate, to the fullest extent consistent with the provisions of this Act, with the federal government, and are respectively authorized and directed to take such action, through the adoption of appropriate rules, regulations, administrative methods and standards, as may be necessary to secure to this Territory all advantages available under the provisions of any federal law or regulation. [L. 1947, J. R. 4, s. 13.]

Section 14. Existing obligations, no impairment. Nothing contained in this Act shall impair or affect any outstanding notes, contracts or obligations of the government of the Territory or of the authority. [L. 1947, J. R. 4, s. 14.]

Section 15. Powers in addition to other powers. The powers conferred by this Act shall be in addition and supplemental to the powers conferred by any other law, and nothing contained herein shall be construed as limiting any other powers of the authority. [L. 1947, J. R. 4, s. 15.]

Section 16. Development of housing, termination of powers, expiration of Act. The power of the authority to develop and administer housing for the purposes of this Act shall terminate and this Act shall cease to be in effect on June 30, 1953; **provided**, however, that notwithstanding the foregoing, this Act shall remain and continue in force with respect to any housing, and with respect to all contracts and obligations made and entered into for or in connection with such housing, if the federal government, as a condition to obtaining assistance from it for such housing, requires such housing to be developed or administered and such contracts and obligations to continue in force after June 30, 1953, and until such requirements and such contracts and obligations are no longer in force and effect; and, **provided**, further, that the powers of the authority under this Act in respect to housing of a temporary character, which is required to be removed, or housing of a permanent character which is not transferred under section 9 of this Act, shall continue for the purpose of accomplishing the removal or other disposition of such housing. [L. 1947, J. R. 4, s. 16.]

Section 17. The authority shall not expend any moneys appropriated or made available by Parts I and II of this Act to develop or administer any housing project except (1) for housing projects being developed or administered on the date of the enactment of this Act, and (2) for other housing projects which can be developed and administered without the exercise of the power of eminent domain.

The authority shall have the right to exercise the power of eminent domain for the purposes of this Act, subject to the limitations herein contained relating to the expenditure of moneys appropriated or made available by Parts I and II of this Act. [L. 1947, J. R. 4, s. 17.]

PART II.

Section 18. There is hereby appropriated out of the general fund of the Territory, the sum of \$5,000,000, to be paid from time to time by way of advancement to the Hawaii Housing Authority, and to be repaid as provided by section 20 of this Act.

If the moneys in the general fund are at any time insufficient for the purposes of this Act, and there are moneys in the special or revolving funds which, in the treasurer's judgment, are in excess of the amounts necessary for the immediate requirements of the said funds, the treasurer is authorized to make temporary transfers of such excess moneys to the general fund if in his judgment such action will not impede or hamper the necessary financial operations of the Territory.

Section 19. Said appropriation shall be expended, subject to the provisions of section 17 hereof, for the development of housing. Part I hereof shall apply to such housing. The terms "housing", "develop" and "administer", as used in this Act, shall have the respective meanings set forth for such terms in Part I.

The moneys appropriated by this Act may be expended for the improvement of land and structures owned by the United States, which under and pursuant to Part I, have been or hereafter shall be placed under the administration of the Hawaii Housing Authority for housing by virtue of a lease, license or permit from, contract with, or other instrument from the federal government, irrespective of the duration of such lease, license, permit, contract, or other instrument; or may be expended for other housing.

Section 20. All of the net revenues (after payment by the Hawaii Housing Authority of all expenses of management, operation, maintenance and administration, including cost of insurance and administrative expenses of the Hawaii Housing Authority, and after setting up and maintaining such reserves as the Hawaii Housing Authority deems necessary for management, operation, maintenance, administration and betterments) of all housing developed from moneys appropriated by this Act shall, notwithstanding the provisions of Part I and any other territorial law, be deposited in the general fund of the Territory to the extent permitted by the terms of any contract hereafter made between the federal government and the Territory or the Hawaii Housing Authority relating to such housing. The provisions of this section shall be subject to federal law or regulation, when applicable, to any contracts now or hereafter made between the federal government and the Territory or the Hawaii Housing Authority relating to such housing, and to the terms and conditions of contributions and other assistance from the federal government.

Section 21. All housing developed from moneys appropriated by this Act shall continue to be administered by the Hawaii Housing Authority under Part I hereof and, with respect to all such housing, Part I, any provisions thereof to the contrary notwithstanding, shall remain and continue in force and effect after June 30, 1953.

Section 22. Saving clause. If any phrase, clause, sentence, subsection, section, provision or part of this Act, or its application to any person or circumstances, is for any reason held to be unconstitutional or invalid, the remaining portions of this Act, or the application of this Act to other persons or circumstances shall not be affected, and such remaining portions of this Act shall remain in full force and effect thereafter. The legislature hereby declares that it would have passed this Act, and each phrase, clause, sentence, subsection, section, provision or part thereof, irrespective of the fact that any one or more of the phrases, clauses, sentences, subsections, sections, provisions or parts be declared unconstitutional or invalid.

Section 23. Effective date. This Act shall take effect upon its approval.

Joint Resolution Creating a Commission to Study the Compensation and Classification of All Territorial and County Employees.

WHEREAS, under existing laws, the compensation of territorial and county employees, except those excluded therefrom or whose compensation is specifically fixed by other statutes, is determined in accordance with the provisions of the classification act of 1941, as amended, being chapter 3, Revised Laws of Hawaii 1945; and

WHEREAS, under existing law the compensation of school teachers, principals and other officers, except those excluded therefrom, is determined in accordance with the provisions of the single salary schedule act of 1941, as amended, being a part of chapter 28, Revised Laws of Hawaii 1945; and

WHEREAS, it appears that the compensation schedules therein contained have become obsolete and no longer adequately serve the purpose for which they were enacted because of the great increase in the cost of living since the original adoption of said schedules by the legislature, with the result that bonuses and other expedencies have had to be resorted to in order to attempt to provide adequate compensation for the employees whose compensation is determined by said schedules; and

WHEREAS, it also appears that certain abuses may have crept into the administration of the classification law in the classification and reclassification of positions thereunder, with the result that the purpose of classification is being defeated; and

WHEREAS, it is believed in view of the foregoing, that a study of classification in the public service of the Territory and the several counties should be conducted; now, therefore,

Be it Enacted by the Legislature of the Territory of Hawaii:

Section 1. There is hereby created a classification study commission for the purposes hereinafter stated. The commission shall consist of seven (7) members who shall be appointed in the manner prescribed in section 80 of the Organic Act, one of which members shall be named by the governor in his appointment as chairman. Any vacancy in the membership of said commission shall be filled in the same manner as the original appointment was made. The commission may make such rules for the conduct of its proceedings as it may deem necessary or appropriate. No member of the commission shall forfeit any other office or employment or be precluded from accepting any

other office or employment by reason of his appointment as a member of said commission. The members shall serve without pay but shall receive their reasonable traveling and other necessary expenses.

Section 2. The commission shall conduct a thorough comparative study of salaries and wages of public officers and employees in the Territory of Hawaii, including those of the federal, territorial and county governments, and of salaries and wages of comparable positions in private industries and shall make a study and analysis of the existing classification laws, the compensation schedules therein contained and the administration of said laws in the government of the Territory and the several counties. The commission shall also make a study of the effects and desirability of establishing a single classification government agency for administering the law for the Territory, all political subdivisions and agencies thereof. The commission shall obtain such factual data as will enable it to draft, and the commission is hereby directed to draft such amendments to the classification laws as it may find to be necessary and desirable. The study of any subject relevant to the proper classification of positions in the public service and the proper compensation thereof shall be deemed within the scope of the commission's work hereunder.

Section 3. The commission and each commissioner may hold public hearings at any place in the Territory and shall have power to administer oaths, take testimony, issue subpoenas and compel the attendance of witnesses and the production of books and papers so far as may be necessary for the performance of its duties. The commission shall have access to the books, papers, records and documents of each and every office, officer, board, bureau, body, department, division, authority, district or other agency of the Territory or any of the several counties or any political subdivision thereof. The commission shall receive such assistance from such territorial or county officer or employee without extra compensation as it may request to carry out its function notwithstanding any provision of the law to the contrary. The commission shall have power to appoint and at its pleasure remove such assistants, employees and experts as it shall deem necessary, and to fix their compensation.

Section 4. The report of the commission covering any recommended amendments and a statement of its findings concerning the administration of the classification laws shall be submitted to the next regular session of the legislature at which time the terms of office of the members shall expire.

Section 5. There is hereby appropriated from the general revenues of the Territory for the purpose of defraying the expenses of the commission, the sum of twenty-five thousand dollars (\$25,000.00), or so much thereof as may be necessary, said funds to be paid out of the treasury of the Territory on vouchers signed by the chairman of the commission on the warrant of the auditor of the Territory.

In addition to such moneys, said fund, with the approval of the governor, may be supplemented by transfers made on a loan basis from the home-loan fund. The amounts of all such transfers shall be repaid into the home-loan fund in not exceeding ten annual installments, and the aggregate amount of such transfers outstanding at any one time shall not exceed five hundred thousand dollars (\$500,000). No projects or activities shall be undertaken hereunder except as authorized by sections 220 and 221 or the other provisions of this Act.

(f) **Hawaiian home-administration account.** The entire receipts derived from any leasing of the available lands defined in section 204 shall be deposited into the Hawaiian home-administration account. The moneys in said account shall be expended by the commission for salaries and all other administration expenses of the commission, not including structures and other permanent improvements, subject, however, to the following conditions and requirements:

(1) The commission shall, at such time as the governor may prescribe, but not later than November 15 preceding each biennial session of the legislature, submit to the territorial director of the bureau of the budget its budget estimates of expenditures for the next ensuing biennium in the manner and form and as required by territorial law of territorial departments and establishments.

(2) The commission's budget, if it meets with the approval of the governor, shall be included in the governor's budget report and shall be transmitted to the legislature for its approval.

(3) Upon approval by the legislature of the commission's budget estimate of expenditures for the ensuing biennium, the amount thereof shall be available to the commission for said biennium and shall be expendable by the commission for the expenses hereinabove provided, or, if no action on the budget is taken by the legislature prior to adjournment, the amount submitted to the legislature, but not in excess of two hundred thousand dollars (\$200,000), shall be available for such expenditures; any amount of money in said account in excess of the amount approved by the legislature for the biennium or so made available shall be transferred to the general fund of the treasury of the Territory, such transfer to be made immediately after the amount of moneys deposited in said administration account shall equal the amount approved by the legislature or so made available.

(4) The money in said administration account shall be expended by the commission in accordance with territorial laws, rules and regulations and practices.'

Section 4. **Section 215 (1)** of the Hawaiian Homes Commission Act, 1920, as last amended by the Act of November 26, 1941, 55 Statutes at Large, page 785, is hereby fur-

ther amended by deleting from the first sentence the figures '\$3,000' and inserting in lieu thereof '\$5,000', and by deleting from the first sentence the figures '\$1,000' and inserting in lieu thereof '\$3,000', so as to cause the portion of the first sentence following the colon and preceding the proviso to read as follows:

'The amount of loans at any one time to any lessee, or successor or successors in interest, of a tract of agricultural or pastoral land shall not exceed \$5,000 and to any lessee or successor or successors in interest, of a residence lot shall not exceed \$3,000:'.

Section 5. **Section 215 (2)** of the Hawaiian Homes Commission Act, 1920, as amended, is hereby further amended to read as follows:

'(2) The loans shall be repaid in periodic installments, such installments to be monthly, quarterly, semi-annual or annual as may be determined by the commission in each case. The term of the loan shall not exceed thirty years, provided that payments in any sum in addition to the required installments, or payment of the entire amount of the loan, may be made at any time within the term of the loan. All unpaid balances of principal shall bear interest at the rate of three per centum per annum, payable periodically or upon demand by the commission, as the commission may determine. The payment of any installment due shall, with the concurrence therein of at least three of the five members of the commission, be postponed in whole or in part by the commission for such reasons as it deems good and sufficient and until such later date as it deems advisable. Such postponed payments shall continue to bear interest at the rate of three per centum per annum on the unpaid principal.'

Section 6. **Section 216** of the Hawaiian Homes Commission Act, 1920, as amended, is hereby further amended to read as follows:

'Sec. 216. Insurance by borrowers; acceleration of loans; lien, and enforcement thereof. The commission may require the borrower to insure, in such amount as the commission may by regulation prescribe, all livestock and dwellings and other permanent improvements upon his tract, purchased or constructed out of any moneys loaned from the fund; or in lieu thereof

the commission may directly take out such insurance and add the cost thereof to the amount of principal payable under the loan. Whenever the commission has reason to believe that the borrower has violated any condition enumerated in paragraphs (2), (4), (5) or (6) of section 215 of this title, the commission shall give due notice and afford opportunity for a hearing to the borrower or the successor or successors to his interest in the tract as the case demands. If upon such hearing the commission finds that the borrower has violated the condition the commission may declare all principal and interest of the loan immediately due and payable, notwithstanding any provision in the contract of loan to the contrary. The commission shall have a first lien upon the borrower's or lessee's interest in his tract, growing crops, either on the tract or in any collective contract or program, dwellings, or other permanent improvements thereon, and his livestock, to the amount of all principal and interest due and unpaid and of all taxes and insurance upon such tract and improvements paid by the commission, and of all indebtedness of the lessee, the payment of which has been assured by the commission. Such lien shall have priority over any other obligation for which the tract, said growing crops, dwellings, other improvements, or livestock may be security.

The commission may, at such times as it deems advisable enforce any such lien by declaring the borrower's interest in his tract, or his successor's interest therein, as the case may be, together with the said growing crops, dwellings, and other permanent improvements thereon, and the livestock, to be forfeited, the lease in respect to such tract cancelled, and shall thereupon order the tract to be vacated and the livestock surrendered within a reasonable time. The right to the use and occupancy of the Hawaiian home lands contained in such tract shall thereupon revert in the commission, and the commission may take possession of the tract and the improvements and growing crops thereon; provided that the commission shall pay to the borrower any difference which may be due him after the appraisal provided for in paragraph (1) of section 209 of this title has been made.

Section 7. Section 220 of the Hawaiian Homes Commission Act, 1920, as amended, is hereby further amended to read as follows:

'Sec. 220. Development projects; appropriations by territorial legislature; bonds issued by legislature. The commission is authorized directly to undertake and carry on general water and other development projects in respect to Hawaiian home lands and to undertake other activities having to do with the economic and social welfare of the homesteaders, including the authority to derive revenue from the sale, to others than homesteaders, of water and other products of such projects or activities, or from the enjoyment thereof by others than homesteaders, where such sale of products or enjoyment of projects or activities by others does not interfere with the proper performance of the duties of the commission; **provided**, however, that roads through or over Hawaiian home lands, other than federal-aid highways and roads, shall be maintained by the county or city and county in which said particular road or roads to be maintained are located. The legislature of the Territory is authorized to appropriate out of the treasury of the Territory such sums as it deems necessary to augment the Hawaiian home-loan fund, the Hawaiian home-development fund, the Hawaiian home-operating fund, and the Hawaiian home-administration account, and to provide the commission with funds sufficient to execute and carry on such projects and activities. The legislature is further authorized to issue bonds to the extent required to yield the amount of any sums so appropriated for the payment of which, if issued for revenue producing improvements, the commission shall provide, as set forth in section 213 (d).'

Section 8. **Section 222** of the Hawaiian Homes Commission Act, 1920, as last amended by the Act of November 26, 1941, 55 Statutes at Large, page 787, is hereby further amended by amending the second sentence thereof to read as follows:

'All expenditures of the commission, as herein provided out of the Hawaiian home-administration account, the Hawaiian home-development fund, or the Hawaiian home-operating fund, and all moneys necessary for loans made by the commission, in accordance with the provisions of this chapter, from the Hawaiian home-loan fund, shall be allowed and paid upon the presentation of itemized vouchers therefor, approved by the chairman of the commission.'

Section 9. Section 225 of the Hawaiian Homes Commission Act, 1920, as amended, is hereby further amended to read as follows:

'Sec. 225. Investment of loan funds; disposition. The commission shall have the power and authority to invest and reinvest any of the moneys in the loan fund, not otherwise immediately needed for the purposes of the fund, in such bonds and securities as authorized by territorial law for the investment of territorial sinking fund moneys. Any interest or other earnings arising out of such investments shall be credited to and deposited in the Hawaiian home-operating fund and shall be considered a deposit therein from the other sources mentioned in section 213 (d).'

Section 10. This Act shall take effect on and after the date of its approval."

Section 2. This Joint Resolution, upon its approval, shall be forwarded to the President of the United States, to the President of the Senate of the United States, to the Speaker of the House of Representatives of the United States and to the Delegate to Congress from the Territory of Hawaii.

Section 3. This Joint Resolution shall take effect upon its approval.

Joint Resolution Suspending a Portion of Section 6709, Revised Laws of Hawaii 1945, Relating to Improvements in the City and County of Honolulu on the Petition of 100% of the Owners in the Proposed Improvement District.

WHEREAS, the insufficiency of building lots in the city and county of Honolulu impedes the provision of adequate housing through private construction, and places an undue burden on public housing projects; and

WHEREAS, additional building lots could be provided by improvements by the city and county of Honolulu under chapter 129, Revised Laws of Hawaii 1945, on the petition of 100% of the owners in the proposed improvement district, were it not for the provisions of the second paragraph of section 6709, Revised Laws of Hawaii 1945, that : "No such improvement shall be approved by the board unless the assessed valuation for taxation purposes of the land to be so improved is twice the cost of the proposed improvement"; and

WHEREAS, the above quoted provision is detrimental to the efficient discharge of functions of the city and county of Honolulu under said chapter 129, and this comes about by reason of the present emergency conditions which have caused a great disparity between the assessed value of land and the cost of the improvements necessary to open such land for residential construction; and

WHEREAS, in many cases, the board of supervisors of the city and county of Honolulu would find that a proposed improvement project was prudent and in the best interests of the public in securing adequate housing, if said board possessed discretion in the matter; now, therefore,

Be it Enacted by the Legislature of the Territory of Hawaii:

Section 1. The second paragraph of section 6709 of the Revised Laws of Hawaii 1945 is hereby suspended in its application to such proposed improvement projects not conforming thereto as the board of supervisors of the city and county of Honolulu, by resolution, shall find to be prudent and in the best interests of the public in securing adequate housing, but only with respect to improvement projects so approved by the board.

Section 2. Rule number 153, issued by the governor on August 29, 1946 under the authority of the Hawaii Defense Act, and all action taken thereunder and pursuant thereto are hereby ratified, validated and confirmed.

Section 3. This Joint Resolution shall take effect upon its approval, and shall remain in effect until June 30, 1951, on which date it shall cease to be effective.

WHEREAS, it is fitting that a suitable memorial should be erected in Honolulu, Territory of Hawaii, to commemorate the sacrifices of our heroic dead of World War II, and

WHEREAS, a living memorial devised both to keep alive the memories of these, our glorious dead, and also to serve the future needs of those yet living and for whose freedom the war was fought is more to be desired than an inert monument lacking a continuing service to mankind, and

WHEREAS, there is now a great national foundation known as the Pacific War Memorial, Incorporated, duly endorsed by the appropriate departments of our federal government, which

is seeking to raise the sum of ten million dollars, (\$10,000,000.00) from all over America to establish and maintain such a living war memorial as a service to mankind, and this Pacific War Memorial, Incorporated, is contemplating establishing in Honolulu an operating base for a scientific survey and study of the Pacific Ocean and its islands and their peoples, thus increasing understanding, health, prosperity, and harmony among the peoples of the Pacific, and

WHEREAS, there now exists in Honolulu with a charter of the Territory of Hawaii a local organization known as the Pacific Memorial Foundation, whose objective is to promote in Hawaii the establishment of a suitable living memorial to our dead heroes of World War II, and

WHEREAS, it would be of great benefit to have the Pacific Memorial Foundation recognized as the official agency to study all the various proposals for war memorials advocated for the Territory and to determine upon and recommend the most fitting and suitable of these for adoption and establishment, and also to promote and insure the cooperation of the local agency with the national agency known as the Pacific War Memorial, Incorporated, and

WHEREAS, it is understood and hereby provided that such cooperation and/or affiliation between the Pacific War Memorial Foundation, Incorporated, and the Pacific Memorial Foundation will in no way prevent local groups or communities from developing their own preference in memorials, but rather shall tend to insure a more effective and fitting memorial, combining some or all of the several choices for suitable memorials, and

WHEREAS, it is fitting that (1) the memorial projects of local groups, including those of the Pacific Memorial Foundation for a living memorial, and (2) the plan of the Pacific War Memorial, Incorporated, for an operating base in Honolulu for a scientific study of the Pacific as a living memorial shall, insofar as practicable, be combined and provided a site together in Honolulu, now, therefore,

Be it Enacted by the Legislature of the Territory of Hawaii:

Be it Enacted by the Legislature of the Territory of Hawaii:

Section 1. The Congress of the United States is hereby requested to amend the act entitled: "An Act to provide a government for the Territory of Hawaii", approved April 30, 1900, as amended, known as the Hawaiian Organic Act, and to approve the amendments of chapter 78 of the Revised Laws of Hawaii 1945 made by section 2 of this Joint Resolution, substantially as set forth in the following form of bill:

"A BILL

To amend 'An Act to provide a government for the Territory of Hawaii', approved April 30, 1900, as amended, known as the Hawaiian Organic Act, by amending section 73 thereof; and to approve amendments of chapter 78 of the Revised Laws of Hawaii 1945.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That section 73 of the act entitled 'An Act to provide a government for the Territory of Hawaii', approved April 30, 1900, as amended, is hereby further amended as follows:

(1) By amending subsection (f) thereof to read as follows:

'(f) No person shall be entitled to receive any certificate of occupation, right of purchase lease, cash freehold agreement, or special homestead agreement who, or whose husband or wife, has previously taken or held more than ten acres of land under any such certificate, lease, or agreement made or issued after May 27, 1910, or under any homestead lease or patent based thereon; or who is an alien, unless

he has declared his intention to become a citizen of the United States as provided by law, and no person who has so declared his intention and taken or held under any such certificate, lease or agreement shall continue so to hold or become entitled to a homestead lease or patent of the land, unless he becomes a citizen within five years after so taking. No person shall be entitled to receive any homestead agreement for a house lot who, or whose husband or wife, or both of them owns other land in the Territory, except that the ownership of land which, in the opinion of the commissioner, is not suitable for residence purposes, because of its small size, its location, the unavailability of utilities, or similar factors, or because the interest therein of the applicant, or whose husband or wife, or both of them, as the case may be, is insufficient to make such land available to the applicant for residence purposes, shall not be a disqualification. No person shall be entitled to receive any certificate, lease or agreement for any other type of homestead who, or whose husband or wife, or both of them, owns other land in the Territory, the combined area of which and the land in question exceeds eighty acres.'

(NOTE: The word "whose" in the twenty-first line of subsection (f) above was changed from the word "his" which appears in the original: obvious clerical error.)

(2) By amending subsection (i) thereof by inserting a new sentence therein after the first sentence and preceding the second sentence, to read as follows:

'If, among the qualified applicants, there are one or more veterans of World War II (being persons who served in the military or naval forces of the United States during World War II and who have been discharged or released therefrom under conditions other than dishonorable), such veterans shall have priority in the allotment of house lots, the order in which such veterans shall be entitled to take, as between themselves, to be determined by lot.'

(3) By amending subsection (1) thereof by amending the first proviso of said subsection so as to delete therefrom the provisions for sale of lots for residence purposes, said proviso to be amended to read as follows:

Provided, however, That sales of government lands may be made upon the approval of the land board whenever necessary to locate thereon railroad rights of way, railroad tracks, side tracks, depot grounds, pipe lines, irrigation ditches, pumping stations, reservoirs, factories, and mills and appurtenances thereto, including houses for employees, mercantile establishments, hotels, churches, and private schools;

and all such sales shall be limited to the amount actually necessary for the economical conduct of such business or undertaking.'

(4) By amending subsection (m) thereof to read as follows:

'(m) Whenever twenty-five or more persons each having the qualifications to receive a houselot, who have not theretofore made application for a homestead under this Act, shall make written application to the commissioner of public lands for the opening of lands for settlement in any locality or district, it shall be the duty of the commissioner to proceed expeditiously to survey and open for entry suitable houselots, whether unoccupied or under lease with the right of withdrawal, sufficient in area to provide houselots for all such persons, together with all persons of like qualification who shall have filed with the commissioner prior to the survey of such lands written applications for such houselots in the district designated in the applications. The lands to be so opened for settlement by the commissioner shall be either the specific tract or tracts applied for or other suitable and available lands in the same geographical district and, as far as possible, in the immediate locality of and as nearly equal to that applied for as may be available. **Provided**, however, That no leased land, under cultivation, shall be taken for homesteading until any crops growing thereon shall have been harvested.'

(5) By amending subsection (n) thereof to read as follows:

'(n) In laying out any homestead the commissioner shall obtain the approval of the land board as to the class and area of land included therein. The land included therein may be limited to the amount needed for a houselot; the term "houselot" as used in this part shall mean a homestead not exceeding one-third of an acre in area. If intended for cultivation or pasturage the land included in the homestead may exceed one-third of an acre but shall not exceed eighty acres of agricultural lands and two hundred and fifty acres of first-class pastoral lands or five hundred acres of second-class pastoral lands; or in case of a homestead including pastoral lands only, not exceeding five hundred acres of first-class pastoral lands or one thousand acres of second-class pastoral lands. All necessary expenses for surveying and opening any such lands for homesteads shall be paid for out of any funds in the territorial treasury derived from the sale or lease of the public lands, which funds are hereby made available for such purposes.'

(6) By amending subsection (p) thereof to read as follows:

'(p) Nothing herein contained shall be construed to prevent the commissioner from surveying and opening for homestead purposes and as a single homestead entry public lands suitable for both agricultural and pastoral purposes, whether such lands be situated in one body or detached tracts, to the end that homesteaders may be provided with both agricultural and pastoral lands, or from including in such homestead entry a detached lot for residence purposes, or a detached lot of wet land. Wherever in this chapter provision is made for the homesteading of a lot such provision shall be deemed to apply also to such detached lots or tracts included in a single homestead entry.

All houselots offered for homesteading shall be offered on special homestead agreements. Other types of homesteads may be offered on certificates of occupation, right of purchase leases, special homestead agreements, or cash freehold agreements.'

Section 2. This Act shall take effect upon its approval."

Section 2. Effective upon the approval by the Congress of the United States, chapter 78 of the Revised Laws of Hawaii 1945 is amended in the following respects:

(1) By amending section 4560 thereof to read as follows:

"Sec. 4560. Form of declaration on application for homestead lease, right of purchase lease, or special homestead agreement. Form of declaration on application for homestead leases, right of purchase leases, or special homestead agreements.

'I-----being sworn, say that I am over eighteen years old; that I am a citizen of the United States (or that I have declared my intention to become a citizen of the United States, as provided by law); that I am under no civil disability for any offence; that I am not delinquent in the payment of taxes; that I have made no false declaration in applying for land under the laws relating to public lands in the Territory; that I am married (or unmarried); that I have not previously taken or held more than ten acres of land under a certificate of occupation, right of purchase lease, cash freehold agreement or special homestead agreement, made or issued after May 27, 1910, or under any homestead lease or patent based

thereon (and if married that wife or husband has not so taken or held any lands); that I do not own other land in the Territory (if married, that neither I nor my wife or husband, or both of us, as the case may be, owns other land in the Territory), except as follows:
; that besides the land now applied for I am not an applicant for any public land or interest therein in the Territory (and if married that wife or husband is not such an applicant); and that I am applying for the said land solely for my own use and benefit, and not for the benefit of any other person.' "

(NOTE: The first word "am" in the tenth line of Sec. 4560 above was changed from "an" which appears in the original: obvious clerical error.)

(2) By inserting therein a new section to be numbered 4565.01 and to read as follows:

"Sec. 4565.01. Loans onouselots. As used in this section 'qualified institution' means any corporation or company subject to the supervision of the federal government or the Territory, and authorized by the laws of the United States or the Territory to make loans on the security of real estate, also any department or agency of the United States or the Territory authorized to make loans on the security of real estate.

In case any loan is made by a qualified institution to a person holding aouselot on a special homestead agreement, and such loan is approved by the commissioner and the governor, then notwithstanding any provision of law for forfeiture of such special homestead agreement the commissioner shall, upon rehomesteading of such lot, set apart in a special deposit in the treasury the proceeds of the improvements on suchouselot, and the treasurer shall pay the same over to such qualified institution in such amount as is required to satisfy the loan, the remainder, if any, to be paid to the retiring homesteader if the agreement was surrendered and all the conditions of the surrendered agreement, to be performed by the homesteader up to the time of the surrender, shall have been substantially performed. It shall be the duty of the commissioner, in case of default by any person in the performance of any obligation so approved, and he shall have the right, to take possession of the premises and thereby determine the estate of such person, the same as if he had defaulted in the performance of a condition of the special homestead agreement. It further shall be the duty of the commissioner to reallot anyouselot in his possession, the proceeds of which are applicable to the

satisfaction of an approved loan, if there is a qualified applicant for such house lot. In case of a default on an approved loan the institution concerned may bring proceedings in its own name to enforce the return of the land to the commissioner.

Loans, to be eligible for such approval, shall be only for the purpose of making improvements on the house lot concerned. The commissioner, before approving such loans, may impose such terms and conditions as he considers necessary, including without prejudice to the generality of the foregoing, requirements as to the types of improvements to be made and as to the submission of the plans and specifications therefor for his approval.

In addition to the provisions hereinabove made for satisfaction of such an approved loan from the proceeds of improvements, it is further provided that the commissioner and governor may agree that there shall be paid to the qualified institution making the loan from the payments made by the new homesteader on account of the purchase price of the land, upon rehomesteading thereof, such amount, required to satisfy the loan, as shall not exceed the payments of principal made to the commissioner by the retiring homesteader.

For the purposes of any law of the Territory with respect to loans and investments, such an approved loan shall be deemed secured by real estate of the value of the improvements, to which value shall be added the amount, if any, payable by the commissioner from the proceeds of the land upon the rehomesteading thereof."

Section 3. The Congress of the United States is hereby requested to enact legislation authorizing the administrator of veteran's affairs and all other officers and agencies of the United States, and all institutions subject to the supervision of the federal government, which are empowered by law to make, insure or guarantee loans on the security of real estate, to make, insure, or guarantee, as the case may be, loans secured in the manner provided by section 4565.01 of the Revised Laws of Hawaii 1945, as and when made effective through the approval by the Congress of the United States of the provisions of Senate Joint Resolution 8 of the Twenty-fourth Legislature of the Territory of Hawaii. The legislature hereby declares its intention and desire to provide a means whereby qualified applicants may obtain house lots from the public lands, and may finance the building of homes thereon. In the event that the Congress does not approve the making, insuring or

guaranteeing of loans to holders of houselots on special homestead agreements, as requested by this joint resolution, then it is the intention and desire of the legislature that the provisions of section 73 (1) of the Hawaiian Organic Act, whereby lots may be purchased for residence purposes without homesteading thereon, be continued in effect.

Section 4. Certified copies of this Joint Resolution shall, upon its approval, be forwarded to the Secretary of the Interior, the Delegate to Congress from Hawaii, the President of the Senate of the United States, and the Speaker of the House of Representatives of the United States.

Section 5. This Joint Resolution shall take effect upon its approval.

Sec. 703. Membership. 1. Except as otherwise provided in this section, all employees of the Territory or any county on July 1, 1945, shall be members of the system on such date, and all persons who shall thereafter enter or re-enter the service of the Territory or any county shall become members at the time of their entry or re-entry. No member shall receive any pension or retirement allowance from any other pension or retirement system supported wholly or in part by the Territory or any county.

2. An employee whose membership in the system was contingent in his own election and who elected not to become a member shall apply for and be admitted to membership before April 1, 1946.

3. The board may deny the right to become members to any class of elected officials or to any class of part time employees, or it may, in its discretion, make optional with persons in any such classes their individual entrance into membership; **provided**, that no officer or employee entering service after January 1, 1928, who is entitled to become a member of any pension fund under the provisions of chapter 121, part I, shall be entitled to become a member of the system.

4. Should any member having less than five years of creditable service be absent from service more than five years, or should any member withdraw

his accumulated contributions, or should he become a beneficiary or die, he shall thereupon cease to be a member.

5. It shall be the duty of the head of each department of the territorial government and of the payroll officers or similar officials of each county to submit to the board a statement showing the name, title, compensation, duties, date of birth and length of service of each member and such information regarding other employees as the board may require. The board shall classify each member in one of the following groups:

Group 1. General employees, including administrative, clerical, professional and technical workers; mechanics, laborers and all others not otherwise classified.

Group 2. Teachers, including all teachers regularly engaged in the public schools whose salaries are wholly or partly paid by the Territory.

Or in any other group of not less than two hundred fifty members which may be recommended by the actuary on the basis of the service and mortality experience and approved by the board, to cover part of any group or groups previously created or any additional classes of employees. L. 1947, c. 103, s. 1.]

Sec. 703.01. Salary partly from federal funds. Where any territorial employee, subject to the classification law, has a portion of his or her salary paid from federal funds but is not subject to the federal retirement system, such employee shall be entitled to all benefits and be required to make all employee contributions under the Employees' Retirement System of the Territory of Hawaii based upon the full salary received by such employee, including that portion of the salary paid from federal funds. [L. 1945, c. 25, s. 1.]

Sec. 704. Service creditable. 1. Under such rules and regulations as the board may adopt and subject to such exceptions as the board may provide, each employee who on July 1, 1945, is a member, or thereafter shall become a member prior to July 1, 1947, shall file, on or before July 1, 1947, a detailed statement of all service as an employee rendered by him prior to the filing thereof for which he claims credit. Service credit may be claimed for membership service and prior service, or membership service only.

2. Prior service shall include (a) service as an employee rendered (1) by an employee of the Territory prior to January 1, 1926, or (2) by an employee of any county prior to January 1, 1928, (b) service in a similar capacity paid for by the Republic of Hawaii or by the preceding provisional or monarchical governments, (c) all service creditable to him under any other retirement system supported wholly or in part by the Territory at the time he became a member of this system, (d) periods of honorable service in the army, navy, marine corps, coast guard and public health service of the United States at any time between the dates of April 5, 1917, and July 2, 1920, which service necessitated separation at the time of its inception from existing territorial or county employment, and (e) service as an employee during the period from January 1, 1926, to December 31, 1927, in the case of a member who became an employee of the Territory during said period, was in the regular employ

of any county immediately prior and up to the time he became a territorial employee and was an employee of the Territory on January 1, 1928.

3. Membership service shall include (a) service as an employee rendered since becoming a member and (b) service rendered prior to becoming a member but (1) subsequent to January 1, 1926, by an employee of the Territory or (2) subsequent to January 1, 1928, by an employee of any county; **provided**, however, that service credited or creditable as prior service shall not be included; and **provided**, further, that membership service shall not be credited for any period which is not covered by the contributions of the member to the annuity savings fund as provided by section 712, except as otherwise provided in subsection 5 of this section.

4. The board shall fix and determine by appropriate rules and regulations how much service in any year is equivalent to a year of service but in no case shall more than one year of service be credited for all service in one calendar year, nor shall the board allow credit as service for any period of more than one month's duration during which the employee was absent without pay.

5. Subject to the above restrictions and to such other rules and regulations as it may adopt, the board shall verify, as soon as practicable after the filing of such statements of service, the service therein claimed. If membership service shall be claimed in such statement for service by a member rendered prior to his becoming a member, or in the case of a member who was separated from service after having become a member, rendered prior to his last entry into service, the board shall cause to be determined (a) the amount which should be in the annuity savings fund to the credit of the individual account of the member on the date of such statement to cover the period or periods of service claimed as membership service, excluding interest for any period during which he was separated from service, (b) the amount of accumulated contributions actually to his credit on such date, and (c) the difference between the two amounts, and shall thereupon credit him with membership service for such period or periods of service on condition that within thirty days after notification of the amount of the deficiency in his contributions, or prior to July 1, 1947, whichever is later, but in no event later than December 31, 1947, he shall notify the board in writing of his election to pay such deficiency, and thereafter make payment of the amount of the deficiency in his accumulated contributions. Upon the payment of such deficiency, in a lump sum or in installments in such amounts and on such terms as the board may provide, such service shall constitute creditable membership service at retirement or death; **provided**, however, that if such deficiency is not paid up in full at the time of retirement or death, credit shall be allowed in the same proportion that the amount paid-in bears to the amount payable on account of such deficiency.

6. Creditable service at retirement on which the retirement allowance of a member shall be based shall consist of his membership service and his prior service, if any, as provided in this section, except that the cost of benefits arising from the crediting of prior service and membership service which was not creditable prior to July 1, 1945, and for which no provision is made in the regular normal and deficiency contributions to the pension

accumulation fund, shall be covered by special contributions by the Territory and benefits payable on account of such credits shall be limited to the amounts received therefor. Where any territorial or county employee subject to the classification law takes leave of absence to be employed by the legislature during any legislative session, such employee shall be entitled to all benefits and required to make all employee contributions under the employees' retirement system of the Territory of Hawaii for the period during which such employee worked for the legislature. [L. 1947, c. 58, s. 1.]

Sec. 705. Membership certificate. 1. Upon verification of the statement of service filed in accordance with the provisions of section 704, the board shall issue a membership certificate which shall consist of (a) a statement of the length of (1) prior service and (2) membership service rendered prior to the date thereof by the member to whom it is issued and (b) a certificate of participation as evidence of his contract with the system, and of his right in the reserves created and held by the trustees as a result of his own contribution and the contribution of his employer, on his account, which reserves and the interest thereon, shall only become payable to him to the extent and under the conditions set forth in this chapter at the time such certificate is issued. So long as membership continues such membership certificate shall be final and conclusive for retirement purposes as to such service; **provided**, however, that any member may, within one year from the date of issuance, request the board to modify or correct the same. When membership ceases such membership certificate shall become void.

2. Any prior service certificate or membership certificate issued prior to July 1, 1945 and in full force and effect on such date shall remain in full force and effect, subject, however, to the provisions and conditions thereof and to the provisions and conditions set forth in this chapter as it existed at the time such certificate was issued; **provided**, further, that the board, in its discretion, may replace any such certificates by requiring the surrender thereof and issuing in place thereof membership certificates as provided for by subsection 1 of this section; **provided**, further, that upon the issuance of a membership certificate in accordance with the provisions of subsection 1 of this section, the member to whom such new certificate is issued shall surrender any prior service certificate or membership certificate issued theretofore; and **provided**, further, that the prior service credit certified in any valid prior service certificate shall not in any case be reduced upon the replacement of such certificate. Sec. 706. Evidence of age of members required. Upon an employee first becoming a member of the system, he shall present evidence of his age in the form of a public record of his birth or church baptismal record or such

affidavits by the member and other persons as the board may require to show that such records are not available and to show the date upon which the member was born.

No statement or record of age or birth made or presented by a member of the system may be impeached by such member or his successors in interest. [L. 1941, c. 225, s. 1; R. L. 1945, s. 706.]

Sec. 707. Administration; appointment of board, etc. 1. The general administration and the responsibility for the proper operation of the system and for making effective the provisions of this chapter are vested in a board of trustees.

2. The board shall consist of five trustees as follows: (a) the treasurer of the Territory, ex-officio; (b) two members of the system to be elected by the members of the system, under such rules and regulations as may be adopted by the board to govern such election, to serve for terms of four years each, one of such terms to expire on January 1 of each fourth year commencing January 1, 1948 and the other to expire on January 1 of each fourth year commencing January 1, 1950, or until their successors are elected and qualified; **provided**, however, that at the first election held in 1947, the member receiving the highest number of votes at such election shall serve for a term to expire January 1, 1952, and the member receiving the second highest number of votes at such election shall serve for a term to expire January 1, 1950; and (c) two citizens of the Territory who are not employees, one of whom shall be a responsible officer of a bank authorized to do business within the Territory, or a person with similar experience, to be appointed by the governor to serve for terms of four years each, one of such terms to expire January 1 of each fourth year commencing with January 1, 1927, and the other to expire each fourth year commencing with January 1, 1929, such trustees to take office at appointment.

4. **Expenses of trustees.** The trustees shall serve without compensation, but they shall be reimbursed from the expense fund for all necessary expenses and for any loss of salary or wages they may suffer through serving the board.

5. **Oath of trustees.** Each trustee shall, within ten days after his appointment or election, take an oath of office that, so far as it devolves upon him, he will diligently and honestly administer the affairs of the board, and that he will not knowingly violate or willingly permit to be violated any of the provisions of law applicable to the system. Such oath shall be subscribed to by the member making it, and certified by the officer before whom it is taken, and shall be immediately filed in the office of the secretary of the Territory.

6. **Three votes necessary.** Each trustee shall be entitled to one vote in the board. Three votes shall be necessary for a decision by the trustees at any meeting of the board.

7. **Rules.** Subject to the limitations of this chapter the board shall, from time to time, establish rules and regulations for the administration of the funds of the system and for the transaction of its business.

It shall engage such actuarial and other service as shall be required to transact the business of the system. The compensation of all persons engaged by the board, and all other expenses of the board necessary for operation of the system shall be paid at such rates and in such amounts as the board shall approve.

It shall publish annually on or before January 1 a report showing in detail the fiscal transactions of the system for the year ending on the preceding June 30th, the amount of the accumulated cash and securities of the system and the last balance sheet showing the financial condition of the system by means of an actuarial valuation of the assets and liabilities of the system. The board shall submit such report to the governor and shall furnish copies thereof to the heads of the various departments of the Territory and counties for their use and the use of the members employed therein.

11. **Legal adviser.** The attorney general shall be the legal adviser of the board.

12. **Medical board.** The board shall designate a medical board to be composed of three physicians not eligible to participate in the system. 14. At least once in each five-year period, commencing with the year 1929, the actuary shall make an actuarial investigation into the mortality, service and compensation experience of the members and beneficiaries of the system and shall make a valuation of the assets and liabilities of the funds of the system and, taking into account the result of such investigation and valuation, the board shall: (a) adopt for the system such mortality, service and other tables as shall be deemed necessary; (b) certify the rates of contribution payable by members; and (c) certify the rates of contribution payable by each county and the Territory, respectively, on account of new entrants at various ages who are employees of such county or the Territory.

Sec. 708. Benefits. 1. **Service retirement benefit.** Retirement of a member on a service retirement allowance shall be made by the board as follows: (a) any member may retire upon his written application to the board setting forth at what time, not less than thirty days nor more than ninety days subsequent to the execution and filing thereof, he desires to be retired; **provided** that such member at the time so specified for his retirement shall have attained the age of sixty years, and notwithstanding that, during such period of notification, he may have been separated from service; **provided, further,** that a member who has attained the age of fifty-five years or has had thirty years of creditable service, even though separated from service, may at their election retire and receive a retirement allowance consisting of his annuity, computed as provided in subsection 2 (a) of this section, and a pension and additional pension, if entitled thereto, having a value equal to the present worth of a deferred pension beginning at the age of sixty years computed as provided in subsections 2 (b) and (c) of this section; (b) each member who attains the age of seventy years, shall be retired on the first day of the calendar month next succeeding that in which he shall have attained such age.

2. **Allowance on service retirement.** Except as otherwise provided in subsection (a) of this section, upon retirement for service a member shall receive a service retirement allowance which shall consist of: (a) an annuity which shall be the actuarial equivalent of his accumulated contributions at the time of his retirement; and (b) a pension, in addition to his annuity, which shall be equal to one one-hundred fortieth of his average final compensation multiplied by the number of years of his membership service; and (c) if he has a prior service certificate in full force and effect, an additional pension which shall be equal to one-seventieth of his average final compensation multiplied by the number of years of service certified to him on his prior service certificate.

3. **Ordinary disability retirement benefit.** Upon the application of a member or of the head of his department, any member who has had ten or more years of creditable service shall be retired by the board, not less than thirty and not more than ninety days next following the date of filing such application, on an ordinary disability retirement allowance; **provided** that the medical board after a medical examination of such member shall certify that he is mentally or physically incapacitated for the further performance of duty, that such incapacity is likely to be permanent, and that such member should be retired.

4. **Allowance on disability retirement.** Upon retirement for disability a member shall receive a service retirement allowance if he has attained the age of sixty years; otherwise he shall receive a disability retirement allowance which shall consist of (a) an annuity which shall be the actuarial equivalent of his accumulated contributions at the time of retirement; and (b) a pension which together with his annuity, shall be equal to ninety per centum of one-

seventieth of his average final compensation multiplied by the number of years allowable to him (1) for the total service actually rendered by him if such retirement allowance exceeds one-quarter of his average final compensation, otherwise, (2) for the total service which would be rendered by him were his service to continue until attainment of the age of sixty years, so far as the resulting total retirement allowance shall not exceed one-quarter of his average final compensation.

5. Accidental disability benefit. Upon application of a member, or of the head of his department, any member who has been totally and permanently incapacitated for duty as the natural and proximate result of an accident occurring while in the actual performance of duty at some definite time and place, through no negligence on his part, shall be retired by the board; **provided** that the medical board shall certify that such member is mentally or physically incapacitated for the further performance of duty, that such incapacity is likely to be permanent, and that such member should be retired.

7. Re-examination of beneficiaries retired on account of disability. Once each year during the first five years following the retirement of a member on a disability retirement allowance and once in every three-year period thereafter, the board may, and upon his application shall, require any disability beneficiary who has not yet attained the age of sixty years to undergo a medical examination, such examination to be made at the place of residence of the beneficiary or other place mutually agreed upon, by a physician or physicians designated by the medical board. Should any disability beneficiary who has not yet attained the age of sixty years refuse to submit to at least one medical examination in any year by a physician or physicians designated by the medical board, his allowance may be discontinued until his withdrawal of such refusal, and should his refusal continue for one year, all his rights in and to such retirement allowance may be revoked by the board.

(a) Should the medical board report and certify to the board that such disability beneficiary is engaged or is able to engage in a gainful occupation paying more than the difference between his retirement allowance and his average final compensation and should the board concur in such report, then the amount of his pension shall be reduced to an amount which, together with his annuity and the amount earnable by him, shall equal the amount of his average final compensation. Should his earning capacity be later changed the amount of his pension may be further modified; **provided** that the new pension shall not exceed the amount of the pension originally granted nor an amount, which, when added to the amount earnable by the beneficiary together with his annuity, equals the amount of his average final compensa-

tion. A beneficiary restored to active service at a salary less than the average final compensation upon the basis of which he was retired shall not become a member of the system.

(b) Should a disability beneficiary be restored to active service at a compensation not less than his average final compensation, his retirement allowance shall cease, he shall again become a member of the system, and he shall contribute to the fund thereafter at the same rate he paid prior to disability. Any prior service certificate on the basis of which his service was computed at the time of his retirement shall be restored to full force and effect, and in addition upon his subsequent retirement he shall be credited with all his service as a member.

8. **Ordinary death benefit.** Upon the receipt of proper proofs of the death of a member there shall be paid to his estate or to such person having an insurable interest in his life as he shall have nominated by written designation duly executed and filed with the board: (a) his accumulated contribution and, if the member has had one or more years of creditable service, and no pension be payable under the provisions of subsection 9 of this section, in addition thereto, (b) an amount equal to fifty per centum of the compensation earnable by him during the year immediately preceding his death.

9. **Accidental death benefit.** Upon the receipt of proper proofs of the death of a member by the board there shall be paid to the member's designated beneficiary or to his estate the amount of his accumulated contributions and if, upon the receipt of evidence or proofs that such death was the natural and proximate result of an accident occurring at some definite time and place while the member was in the actual performance of duty, the board shall decide that the death was the result of an accident in the performance of duty and not caused by negligence on the part of the member, there shall be paid in lieu of the ordinary death benefit provided by the contributions of the Territory or county, a pension of one-half of the average final compensation of such employee, (a) to his widow, to continue during her widowhood; or (b) if there be no widow, or if the widow dies or remarries before any child of such deceased member shall have attained the age of eighteen years, then to his child or children under said age, divided in such manner as the board in its discretion shall determine, to continue as a joint and survivor pension of one-half his final compensation until every child dies, or attains said age; or (c) if there be no widow or child under the age of eighteen years surviving such deceased member, then to his dependent father or dependent mother, as the deceased member shall have nominated by written designation duly acknowledged and filed with the board, or if there be no such nomination, then to his dependent father or to his dependent mother as the board in its discretion shall direct, to continue for life.

10. **Return of accumulated contributions.** (a) Any member who shall cease to be an employee, except by death or retirement, upon demand made in writing within five years from the time he ceases to be an employee, shall be paid all his accumulated contributions. (b) Any member who shall cease to be a member by reason of his absence from service for more than five years and who has less than five years of creditable service, shall thereupon be paid

all his accumulated contributions. (c) In case of the death of any member after termination of service, his accumulated contributions shall be payable to his estate or to such person as he shall have nominated by written designation duly executed and filed with the board.

11. Optional allowances. With the provision that no optional selection shall be effective in case a beneficiary dies within thirty days after retirement, and that such a beneficiary shall be considered as an active member at the time of death, until the first payment on account of any benefit becomes normally due, any member may elect to receive his benefit in a retirement allowance payable throughout life or he may elect to receive the actuarial equivalent, at that time, of his retirement allowance in a lesser retirement allowance, payable throughout life with the provision that:

Option 1. If he dies before he has received in payments the present value of his retirement allowance as it was at the time of his retirement, the balance shall be paid to his legal representatives or to such person as he shall nominate by written designation duly acknowledged and filed with the board.

Option 2. Upon his death, his retirement allowance shall be continued throughout the life of and be paid to such person as he shall nominate by written designation duly acknowledged and filed with the board at the time of his retirement

Option 3. Upon his death, one-half of his retirement allowance shall be continued throughout the life of and be paid to such person as he shall nominate by written designation duly acknowledged and filed with the board at the time of his retirement.

Option 4. Some other benefit or benefits shall be paid either to the member or to such person or persons as he shall nominate, provided such other benefit or benefits, together with the lesser retirement allowance, shall be certified by the actuary to be of equivalent actuarial value to his retirement allowance and shall be approved by the board.

12. Pensions offset by compensation benefits. Any amounts which may be paid or payable by the Territory or any county under the provisions of any workmen's compensation or similar law to a member or to the dependents of a member on account of any disability or death shall be offset against and payable in lieu of any benefits payable out of funds provided by the Territory or county under the provisions of this chapter on account of the same disability or death. In case the present value of the total commuted benefits under any workmen's compensation or similar law is less than the pension reserve on the benefits otherwise payable from funds provided by the Territory or county under this chapter, then the present value of the commuted payments shall be deducted from the pension reserve and such benefits as may be provided by the pension reserve so reduced shall be payable under the provisions of this chapter.

13. Any member whose membership shall continue notwithstanding his separation from service shall be eligible for the service retirement benefit only, which shall be payable only in accordance with the provisions relating thereto. (b) **Secured bonds.** Bonds and notes secured by first mortgages or deeds of trust on unencumbered improved real estate owned in fee simple worth at least sixty-five per centum more than the respective amount of the first mortgages or deeds of trust; **provided** that no building shall be included in such value beyond the amount of the insurance thereon for which a policy shall have been transferred to the board, such policy to be kept in force as long as the loan continues.

(c) **Government obligations.** Bonds and other direct obligations of the United States or of the Territory or any political or municipal subdivision thereof, or of any state, county, city, town, township or school district within the United States, either having a population of fifty thousand inhabitants or over, or whose indebtedness, deducting sinking funds available for the payment thereof, does not exceed ten per centum of the valuation of property therein as assessed next preceding the date of the investment; or in any such securities which are guaranteed as to principal and interest by the United States, by the Territory or by any state within the United States.

(k) Any bonds made eligible by law for purchase in the open market by the federal reserve banks of the United States.

3. **Service charges.** The board may pay out of any of the several funds held for investments a reasonable amount to any person, firm or corporation for the servicing and handling of eligible mortgages purchased by the board.

4. **Power to make agreements to protect securities on reorganization or otherwise.** Any thing contained in this chapter to the contrary notwithstanding, the board shall have full power and authority to enter into an agreement or agreements for the purpose of protecting the interests of the system in securities held by the system, or for the purpose of reorganization of a corporation which issued securities so held, and deposit such securities with a committee or depositories appointed under such agreement; but such agreement and deposit of securities thereunder must first be approved in writing by a majority of the members of the board with a statement of their reasons for such approval. The board is fully authorized and empowered to accept corporate stock or bonds or other securities, which may be distributed pursuant to any such agreement approved as aforesaid or to any plan of reorganization approved in writing by a majority of the members of the board with a statement of their reasons for such approval. But if any securities so received shall consist in whole or in part of stock in any corporation or of bonds or obligations which shall not be secured by adequate collateral security or where less than two-thirds of the total value of the required collateral security therefor shall consist of collateral other than stock, then any stock and any such bond or obligation so received shall be disposed of within five years from the time of their acquisition or before the expiration of such further period or periods of time as may be fixed in writing for that purpose by the governor. [*am. by L. 1947, c. 111, s. 4.]

The budget so prepared shall be approved by a resolution of the board of supervisors adopted in the manner provided by law relating to resolutions involving the expenditure of public money, except that such budget may, but need not, be published in a newspaper before final adoption in order to be valid. No such publication shall be made in any newspaper except a daily newspaper published in the county, unless no daily newspaper is published in such county, in which event such publication may be made in any newspaper published in such county. If the budget is submitted earlier than March 31 (or the date provided in the next section), the same may be amended from time to time by resolution similarly adopted and filed with the treasurer on or before such date.

The treasurer shall, on or before May 10 (except as provided in the next section), determine the rate per centum at which the taxable real property in the taxation division in which the county is situated shall be taxed in order to yield the amount set forth in item (10) under column III.

If, however, the amount shown in item (10) under column III of the budget for a county shall exceed, in the case of:

The county of Hawaii, the sum of \$1,200,000

The county of Kauai, the sum of..... 600,000

the amount shown by the item shall be reduced to the amount last hereinabove stated for such county. No deduction shall be made by the treasurer from any item of such budget.

In determining the real property tax rate the aggregate value of real property as assessed for the purposes of the tax for the current year, with calculations made as of April 20 of assessed values of the current year, shall be taken as a basis. In all cases where appeals are unsettled, the values used shall be the lowest claimed by the taxpayer in each case, plus fifty per centum of the value in dispute.

The rate determined shall forthwith be communicated to the tax commissioner and shall be the rate at which such real property shall be taxed for such calendar year under section 5139 in the taxation division in which is included the county for which the budget is submitted.

In so far as the validity of any tax rate shall be concerned, the provisions of this subsection shall be deemed directory, and no informality and no other defect whatsoever, whether in form or substance, in such budget, shall invalidate or be deemed to invalidate said budget or any tax rate based thereon, so long as the rate fixed pursuant to such budget shall be based on an amount not exceeding the amount set forth hereinabove or otherwise provided by law, as the tax rate limit for such county for real property taxes.

If the board of supervisors shall fail to transmit a budget within the time hereinabove required, the treasurer shall adopt, as a basis for fixing the real property tax rate for the county, a figure equal to ten per centum less than the amount stated in this section as the limit of the amount to be raised for such county by real property taxation.

Any information or estimates necessary to be given to any board of supervisors by any officers either county or territorial, or by any other persons in order to enable the board to prepare the budget or any item thereof for any calendar year, shall be submitted by such officers or persons to the board not later than January 31 of such year, any other law to the contrary notwithstanding.

(b) In the city and county of Honolulu and the county of Maui the rate at which real property shall be taxed for each calendar year under section 5139 shall be fixed on or before May 15 of each year by resolution of the board of supervisors adopted in the manner provided by law relating to resolutions involving the expenditure of public money, provided that the date prescribed for 1947 shall be May 21 instead of May 15. The provisions of this paragraph as to the date for fixing said tax rate shall be deemed directory and failure to adopt such resolution on or before the date hereinabove prescribed shall not invalidate the tax rate. The rate so determined by the board shall forthwith be communicated to the tax commissioner and shall be the rate at which real property shall be taxed for such calendar year under section 5139 in the county concerned **provided**, that if such rate, applied to the assessed value of the taxable real property in the county for the current year computed according to the provisions of subsection (a) with respect to the basis for determination of real property tax rates is calculated to yield for said year more than the amount hereinafter set forth, the tax commissioner shall reduce the rate to such rate as will yield the amount hereinafter set forth and shall apply the reduced rate. Such amounts are as follows:

For 1947

In the city and county of Honolulu.....	\$6,000,000
In the county of Maui.....	850,000

For 1948 and later years

In the city and county of Honolulu.....	\$8,000,000
In the county of Maui.....	900,000

The board of supervisors of the city and county of Honolulu and the county of Maui shall not be required to submit to the treasurer the complete budget required by subsection (a), but shall, on or before the date required by law for other counties, submit to the treasurer a budget, approved by a resolution of the board of supervisors adopted in the manner provided by law relating to resolutions involving the expenditure of public money, showing the estimated requirements of the county during and for such year for or on account of items (1) to (6) inclusive of the form of county budget prescribed by subsection (a), containing all of the information there required under columns I, II and III for said items (1) to (6) inclusive.

Any information or estimates necessary to be given to the board of supervisors by any officers, either county or territorial, or by any other persons in order to enable the board to prepare the foregoing statement, shall be submitted by such officers or persons to the board not later than January 31 of such year, any other law to the contrary notwithstanding. [R. L. 1945, s. 5252; am. L. 1945, c. 82, s. 3; am. in toto L. 1947, c. 111, ss. 1, 4].

Sec. 5253. Submission of budgets during years legislature meets. The time for the submission of county budgets for taxation purposes as required by section 5252, or section 5255, is hereby extended, for every year in which the legislature meets in regular session, from March 31 to May 15, and any county budget submitted before May 15 in such years may be amended on or before said date in the manner provided by said section 5252. Any act required by said sections 5252 and 5255 to be performed on or before any specified date prior to June 20 in each of said years by any officer or other person specified in said sections 5252 and 5255 shall be valid if performed after such specified date but before June 20 in any such year, any other provisions to the contrary in said sections 5252 and 5255, or in any other law, to the contrary notwithstanding.

In each year in which the legislature meets in regular session, each county shall submit to the legislature, by filing with the director of the bureau of the budget at least twenty days before the convening of the legislature, for transmission by said director to the legislature, the budget of said county for the current calendar year and the next succeeding calendar year. Such budgets shall show estimated receipts as well as estimated expenditures. The form in which such budgets shall be submitted and the itemization thereof shall be as prescribed by the director of the bureau of the budget, who may require the inclusion therein of relevant information concerning the last two completed calendar years. [L. 1941, c. 236, s. 1; R. L. 1945, s. 5253; am. L. 1947, c. 111, s. 2.]

Sec. 5254. Property taxes, disposition of proceeds; county's share of general excise tax. All property taxes (including real and personal* property taxes for any year, whether before or after 1933) shall be paid into the territorial treasury each month within ten days after collection. Out of such taxes paid into the territorial treasury from each county, the treasurer shall retain from time to time in special accounts sufficient amounts for the purposes specified in items (1) and (5), under column III, respectively, of the budget provided for in section 5252, and shall pay the balance thereof to the treasurer of such county, as soon as possible after the same have been paid into the territorial treasury, or after the disposition of any tax appeal, as the case may be, for the purposes specified in items (2), (3), (4) and (6) under column III of the budget, and for the purposes of meeting the other requirements of the county for the year. The county treasurer shall, from time to time, allot from the balance, or from the county's share of the general excise tax when received by the county, sufficient for the purposes specified in items (2), (3), (4) and (6), respectively, and shall keep such allotments in special accounts for use for such purposes only and shall under no circumstances allow any part thereof to be used for any other purpose, nor shall the territorial treasurer allow any moneys so retained for the purposes specified in items (1) and (5) to be used for any other purpose, **provided**, however, that if any amount included in item (6) shall, by law, be required to be retained by the territorial treasurer for any purpose specified by law, such amount shall be so retained by the treasurer and applied to such purpose. If at any time there shall be insufficient moneys for the purposes of any special account, moneys in the general account of the Territory or county, as the case may be, may be used for such purposes, in which case the general account may later be reimbursed by transfers from such special account.

Each county shall receive a share of the general excise tax, consumption tax, and compensating tax (hereinbefore and hereinafter called the county's share of the general excise tax), as follows. The treasurer of the Territory, in quarterly installments, on or about the last days of March, June, September and December, in each such calendar year, shall pay to the county treasurer of each county, to become a general fund realization of said county, expendable as such, except as otherwise provided by law, the county's share of the general excise tax for such year, determined as hereinafter provided. Each such quarterly payment shall be an estimated amount, which shall be adjusted by the treasurer in making the succeeding quarterly payment. The county's share of the general excise tax shall be determined as follows: the total of the distributions so made to the counties from the collections of general excise tax, consumption tax and compensating tax shall be in an amount determined by crediting to the counties (in the aggregate, irrespective of where the collections are made), one per centum of the tax base of all collections of said taxes which have been made at the rate of two and one half per centum. Said total credit shall be divided among the counties so that each county shall receive the percentage of the total hereinafter stated, that is

In the case of the city and county of Honolulu	55%
In the case of the county of Maui	15%
In the case of the county of Hawaii	20%
In the case of the county of Kauai	10%

All property taxes (including real and personal* taxes for any year, whether before or after 1933, and delinquent taxes and taxes collected by reason of assessments of omitted property, additional assessments or the settlement of tax appeals) collected during any calendar year in any county shall (except as otherwise provided by law) be applied on account of the requirements of such county for such year, **provided**, however, that in the counties of Hawaii and Kauai the amount of taxes so distributed shall not exceed in the aggregate, a maximum amount equal to the sum of (a) the amount set forth under column III of the budget for such county, or the amount prescribed by law as the limit of the amount to be raised by property taxes for such county, whichever is the smaller, and (b) the amount of any deficiency in meeting the requirements of such county for such preceding calendar year as set forth in its budget for such year, caused by insufficient property tax collections during such year, **provided**, that in case there was such deficiency in meeting the requirements of such county for such preceding calendar year, then any delinquent tax collections made during the current year of taxes assessed in prior years shall be expendable forthwith by the county on account of any obligations incurred or commitments made during such preceding year and not paid or met because of such deficiency in collections

Any real or personal* property taxes collected during any year in the county of Hawaii or county of Kauai, in excess of said maximum amount, shall be retained by the treasurer and applied to meet the requirements of such county for the succeeding calendar year and shall by him be deducted from the amount (item (10) under column III of the budget) which would otherwise be used by him in fixing the real property tax rate for the county for the succeeding calendar year pursuant to section 5252, thereby reducing the tax rate. If the amount of the county requirements set forth in item (10) under column III of the budget shall be in excess of the county's maximum limit fixed by section 5252, to be raised by real property taxes, the treasurer shall first reduce said requirements to the amount of said tax rate limit as provided by section 5252, and shall then deduct from said reduced amount the amount of such excess collections pursuant to this paragraph. Such excess collections shall not be taken into consideration by the board of supervisors in fixing and submitting to the treasurer its budget for the succeeding calendar year pursuant to section 5252.

All payments to be made by the territorial treasurer as aforesaid shall be made upon warrants issued by the territorial auditor, **provided**, however, that nothing in this subtitle contained shall be construed as in any way amending

*Note Repeal of personal property tax effective January 1, 1948, L. 1947, c 111 s 7.

or repealing the provisions of any law authorizing the withholding, by the territorial treasurer or the territorial auditor, of moneys in the territorial treasury belonging or due to any county for the payment of principal or interest for territorial bonds, or any other charges [R L 1945, s 5254, am L 1945, c 82, s 4, am in toto L 1947, c 111, ss 3, 11]

Sec. 5258. Special provisions, Honolulu. Of the general fund realizations made available for the city and county of Honolulu the board of supervisors shall appropriate and make available for expenditures by the Honolulu police department such an amount which, together with all other amounts required to be made available for said department by said board, shall aggregate not less than one million two hundred eighty nine thousand one hundred ten dollars per annum plus the amounts necessary to meet all of the salary increases provided for by section 6550, subsection (1), and section 6551, from and after December 31, 1944 This provision shall not restrict the authority of the board of supervisors to appropriate additional moneys for use by the police department

Any balance of general fund realizations made available to the city and county of Honolulu for any year, not expended during such year, shall be carried forward and expended during any subsequent year, any other provision of the law to the contrary notwithstanding [L Sp 1941, c 29, s 2, am L 1943, c 152 ss 4, 5, R L 1945, s 5258 am L 1947, c 111, ss 6, 12]

§ 5259. Repealed, L. 1947, c 212 (B 106), s 2

Sec. 5260. Special funds in treasury of Territory. (a) There are created in the treasury of the Territory two special funds to be known, respectively, as territorial highway fund and territorial airport fund.* All taxes collected under chapter 100 in each calendar year, except the "city and county of Honolulu extra tax," "county of Maui extra tax," and "county of Kauai extra tax," shall be deposited in the territorial highway fund; **provided**, however, that all taxes collected under chapter 100 in respect to gasoline sold for use in or used for airplanes shall be set aside in the territorial airport fund.

(b) **Territorial highway fund.** (1) From the moneys in the territorial highway fund the treasurer of the Territory shall pay to each county treasurer each year, when and as required by such county treasurer, the amount needed by such county for the payment of the interest on term and serial bonds, sinking fund charges on term bonds due during such year, and payments of principal of serial bonds which are due during the following year, on all bonds issued by such county for highway purposes prior to January 1, 1945, including bonds the payment of the principal and interest of which is required by law to be made out of the permanent improvement fund of the county, and including bonds issued for the refunding of any of the foregoing. Each county treasurer shall hold and use such funds for the aforesaid purposes only, and shall under no circumstances allow any part thereof to be used for any other purpose.

(2) The remaining moneys in the territorial highway fund shall be expendable by the territorial highway department for the design, construction, reconstruction, repair, and maintenance of, and for engineering and acquisition of rights of way for highways in the Territory upon which federal moneys are expendable or have been expended, pursuant to the provisions of chapter 89, and the Federal Highway Act and legislation supplementary thereto; **provided**, that the expenditures from such fund for new construction work, including acquisition of rights of way, shall be so apportioned to the counties by the territorial highway engineer that, as nearly as practicable and to the extent allowable under the Federal Highway Act and other federal legislation, there shall be expended for each county the estimated amount of its share of the collections in said fund remaining after the deduction of charges for bonds and maintenance, such estimate to be made by the territorial highway engineer except as hereinafter stated, and to be computed on the following basis: there shall be credited to each county the amount of the collections made each year for deposit in said fund, for fuel sold or used within such county; **provided**, that fuel intended for ultimate use in another county shall be credited to the county in which the same is to be so used; **provided**, further, that the county of Hawaii extra tax shall be credited directly to the share of said county and shall not be subject to deduction for bonds issued by counties or for repairs or maintenance. The tax commissioner shall estimate the amount of the said collections for each county for the year. There shall be charged against the total of such collections for the entire Territory for the year (except as hereinbefore provided) the amount

of the bond requirements of the several counties for the year pursuant to paragraph (1) of this subsection, as determined by the respective county treasurers. The tax commissioner and the county treasurers shall certify such amounts to the territorial highway engineer and the territorial treasurer on or before January 31 of each year. There further shall be charged against the total of such collections for the entire Territory for the year (except as herein-before provided) the cost for the year of repairs and maintenance of federal aid highways, including the cost of equipment and general administrative overhead. The balance remaining after the deduction of charges for bonds and maintenance shall be divided among the several counties in proportion to their credits for collections (not including in the credit for Hawaii, for said purpose, the county of Hawaii extra tax), and the amount so determined for each county shall be deemed its share of the collections in said fund remaining after the deduction of charges for bonds and maintenance, **provided**, that there shall be additionally credited to the county of Hawaii's share the county of Hawaii extra tax. If the actual share of any county for the year, as determined at the close of the calendar year upon the basis of actual collections, repairs and maintenance, exceeds or is less than the expenditure for such county for such year for new construction, such excess shall be added or such deficiency deducted in determining the share of such county for the following year.

Provided, that there shall be expended from the territorial highway fund for new construction in West Hawaii, and charged against the county of Hawaii's share of the collections, an amount at least equal to ten per cent of the principal of any territorial bonds issued on or after January 1, 1947 for new construction for the county of Hawaii; **provided**, further, that there shall be paid from the territorial highway fund and charged against the county of Hawaii's share of the collections, the same as if expended directly for new construction, the following requirements for territorial bonds issued on or after January 1, 1947 for new construction for the county of Hawaii, to wit: the interest on such bonds and the principal of all serial bonds maturing the following year, such payments to be made by the territorial treasurer, who shall certify the amount thereof to the territorial highway engineer, from time to time.

As used in this subsection the term "new construction" includes the items enumerated in the first sentence hereof, except repairs and maintenance. [R. L. 1945, s. 5260; am. L. 1945, c. 82, s. 5; am. L. 1947, c. 32, s. 5 and c. 196, s. 1; see L. 1947, c. 36, s. 1.]

(b) Any such compensation (1) paid out of funds appropriated by, or furnished, pursuant to the provisions of any statute of the Territory or of the United States, solely for the relief of unemployment, or (2) paid out of any fund created by this chapter or by chapters 84 or 85 in the form of public assistance or compensation paid by the department of public welfare to blind persons and other persons for work performed in their homes or in work-shops, or (3) paid to employees of the Territory employed in the county of Kalawao, or (4) paid as a pension for past services, shall be exempt from the tax imposed by this section.

There shall be assessed, levied, collected and paid for each month a tax of two per cent upon the amount of all dividends paid during the month by any local company, or received during the month from any company, local or foreign; provided that the tax shall be paid only once with respect to the same dividend.

Dividends paid to a blind person in an amount which, together with compensation exempted from taxation under section 5344 of this chapter shall not exceed \$2,000.00 per annum, shall be exempt from the tax imposed by this section. CHAPTER 98.01. COMPENSATING TAX LAW

Sec. 5370.01. Definitions. "Commissioner", "person", "business", "engaging in business", "retailer", "wholesaler", "jobber", and "contractor" have the meanings defined by chapter 101.

"Property" means tangible personal property.

"Purchase" and "sale" mean and refer to any transfer, exchange or barter, conditional or otherwise, in any manner or by any means, wheresoever consummated, of tangible personal property for a consideration.

"Purchaser" means any person or government or agency thereof purchasing property; **provided**, that the United States, its departments and agencies to the extent immune from the tax imposed by this chapter under the constitution and laws of the United States, shall not be deemed a purchaser.

"Price" means the total amount for which tangible personal property is sold, valued in money, whether paid in money or otherwise, and wheresoever paid, provided that cash discounts allowed and taken on sales shall not be included.

"Seller" means any person engaged in the business of selling tangible personal property, wheresoever engaged, but does not include the United States or any of its departments or wholly owned agencies, the Territory of Hawaii or any county thereof, or agency of the Territory or a county. Any person who has in his possession, for sale in the Territory, the property of a non-resident owner, other than as an employee of such owner, shall be deemed the seller of such property, when sold.

"Unlicensed seller" means any seller who, with respect to the particular sale, is not subject to the tax imposed by chapter 101, whether or not he holds a license under said chapter, but shall not include any seller with respect to any sale which is expressly exempted from the tax imposed by chapter 101 by section 5459 or 5460 thereof, or by section 5444.01 added thereto by Act 243 of the Session Laws of 1945, or by an act of the twenty-fourth legislature or later enactment.

"Purchasing agent" means any person who, as an agent and not a seller, for a consideration, is engaged in the Territory in the business of purchasing for his principal or principals from an unlicensed seller or sellers property for use by such principals in the Territory, for example, by forwarding orders for such purchases, in behalf of such principals, it being immaterial whether he is compensated for his services by the seller or by the purchaser; but the term "purchasing agent" shall not include an employee of the purchaser.

"Representative" means any salesman, commission agent, manufacturer's representative, broker, or other person who is authorized or employed by an unlicensed seller to assist such seller in selling property for use in the Terri-

tory, by procuring orders for such sales or otherwise, and who carries on such activities in the Territory, it being immaterial whether such activities are regular or intermittent. Any unlicensed seller who in person carries on any such activity in the Territory shall also be classed as a representative.

"Use" (and any verbal, adjective, adverbial and other equivalent form of any of said terms), herein used interchangeably, means any use, whether such use is of such nature as to cause the property to be appreciably consumed or not, or the keeping of such property for such use or for sale, and shall include the exercise of any right or power over tangible personal property incident to the ownership of that property. [L. 1947, c. 113, pt. of s. 1.]

Sec. 5370.02. Imposition of tax; exemptions. There is hereby levied an excise tax on the use in this Territory of tangible personal property which, on or after July 1, 1947, is purchased from an unlicensed seller for use in this Territory, through the activity or with the assistance of a purchasing agent or representative, it being immaterial whether such purchase is induced or brought about wholly or only partly through such activity or assistance. The tax imposed by this chapter shall accrue when such property is acquired by the purchaser and becomes subject to the taxing jurisdiction of the Territory, and shall be paid only once upon or in respect of the same property. The tax imposed by this chapter shall be in addition to any other taxes imposed by any other laws of the Territory. The rates of the tax hereby imposed and the exemptions therefrom are as follows:

(a) If the purchaser is licensed under chapter 101 and is (1) a wholesaler or jobber purchasing for purposes of resale, or (2) a manufacturer purchasing material or commodities which are to be incorporated by such manufacturer into a finished or saleable product (including the container or package in which the product is contained) wherein it will remain in such form as to be perceptible to the senses, and which finished or saleable product is to be sold in such manner as to result in a further tax on the activity of the manufacturer as such manufacturer and not as a retailer, there shall be no tax, **provided**, that if such wholesaler, jobber, or manufacturer is also engaged in business as a retailer (so classed under chapter 101), paragraph (b) shall apply to him, but the commissioner shall refund to him, from the fund created by section 5468, such amount of tax as he shall, to the satisfaction of the commissioner, establish to have been paid by him to the commissioner or to a person required or authorized to collect such tax, with respect to property which has been used by him for the purposes stated in this paragraph.

(b) If the purchaser is licensed under chapter 101 and is (1) a retailer or other person purchasing for purposes of resale, not exempted by paragraph (a), or (2) a manufacturer purchasing material or commodities which are to be incorporated by such manufacturer into a finished or saleable product (including the container or package in which the product is contained) wherein it will remain in such form as to be perceptible to the senses, and which finished or saleable product is to be sold at retail in this Territory, in such manner as to result in a further tax on the activity of the manufacturer in

selling such products at retail, or (3) a contractor purchasing material or commodities which are to be incorporated by such contractor into the finished work or project required by the contract and which will remain in such finished work or project in such form as to be perceptible to the senses, the tax shall be one per cent of the purchase price of such property.

In all other cases, two and one-half per cent of the purchase price of such property. [L. 1947, c. 113, pt. of s. 1.]

Sec. 5370.03. Collection of tax by representative or purchasing agent.

(a) Every representative and purchasing agent shall collect the tax imposed by this chapter from the purchaser not later than the time of accrual of said tax, and shall give to the purchaser a receipt therefor in the manner and form prescribed by the commissioner.

(b) The tax commissioner, in his discretion, upon application therefor and under terms and conditions prescribed by him may relieve any representative or purchasing agent of the duty of collecting and paying over the tax imposed by this chapter, if he is satisfied that the tax can be effectively collected by other means. Such exemption from the duty of collecting the tax may be cancelled at any time when the commissioner finds that the tax cannot be effectively collected by other means.

(c) The tax commissioner, in his discretion, upon application therefor and under terms and conditions prescribed by him, may authorize the collection of the tax imposed by this chapter by a seller not otherwise required to collect the tax. Such seller, when so authorized, shall have the duty of collecting and paying over the tax in the same manner and subject to the same requirements as set out in subsection (a). Such authority may be cancelled at any time when, in the judgment of the commissioner, the tax can more effectively be collected by other means.

(d) In case any representative, purchasing agent, or seller required or authorized to collect the tax under this chapter fails to collect the same, or having collected the tax fails to pay over the same as provided by this chapter, whether such failure be the result of his own acts or the result of acts or conditions beyond his control, he shall nevertheless be personally liable to the Territory for the amount of such tax. In the case of a representative so failing to collect or pay over the tax, if such representative is an employee of the seller, the seller likewise shall be personally liable to the Territory for the amount of such tax, whether or not the seller has assumed the duty of collecting the tax pursuant to subsection (c).

(e) Every representative, purchasing agent or seller required or authorized to collect the tax shall make returns and payments of the tax at the same time and in the same manner as is provided with respect to purchasers. All of the provisions of this chapter with respect to returns, reports, records, payments, penalties and interest, appeals, investigations and audits, assessments, tax collection procedure, criminal offenses, and the general administrative powers and duties of the tax commissioner, shall apply to such representatives, purchasing agents and sellers the same as to purchasers.

(f) The tax collected pursuant to this section shall be held in trust for the Territory and for the payment of the same to the proper collecting officer in the manner and at the time required by this chapter. Any person collecting such tax who shall appropriate or convert the same to his own use or to any use other than the payment of the tax as herein provided, and who shall fail to pay over the amount of tax so collected at the time required by this chapter, shall be deemed guilty of an embezzlement of property of the Territory and upon conviction thereof shall be punished at hard labor for a period of not to exceed ten years or by fine not to exceed five times the amount of money so embezzled, and any failure by the person so collecting the tax to pay the same over within the time provided by this chapter, after demand therefor, shall be taken and held to be prima facie evidence of the embezzlement. [L. 1947, c. 113, pt. of s. 1.]

Sec. 5370.04. Returns. On or before the twentieth day of each calendar month, any person who has become liable to the payment of a tax under this chapter during the preceding calendar month in respect of any property or the use thereof, shall file a return with the assessor of the taxation division in which such property was held when such tax first became payable, or with the commissioner at Honolulu, setting forth a description of the property and the character and quantity thereof in sufficient detail to identify the same or otherwise in such reasonable detail as the commissioner by regulations shall require, and the purchase price thereof. Such return shall be accompanied by a remittance in full of the tax, computed at the rate specified in section 5370.02 upon the price so returned. Any such tax remaining unpaid after said twentieth day following the end of the calendar month during which the same first became payable shall become delinquent. The commissioner for good cause may extend the time for making any return required by this Act, and may grant such reasonable additional time within which to make such return as he may deem proper, but the time for filing such return shall not be extended beyond the twentieth day of the second month next succeeding the regular due date of such return. **Provided**, that a receipt from a representative, purchasing agent or seller required or authorized to collect the tax, given to a purchaser in accordance with the provisions of section 5370.03, shall be sufficient tax to which such receipt may refer, or for the return to relieve such purchaser from further liability for the return thereof.

On or before March 20 in each year every representative, purchasing agent or seller required or authorized to collect the tax during the preceding year, and any purchaser who has become liable to the payment of taxes both under this chapter and also under chapter 101 during the preceding calendar year (or during the preceding tax year if such purchaser has established a tax year other than the calendar year), shall file a return summarizing his liability under this chapter for such year, in such form as the commissioner shall prescribe. [L. 1947, c. 113, pt. of s. 1.]

Sec. 5370.05. Audits; additional assessment; refunds. All of the provisions of sections 5467-5471 of chapter 101 are hereby made applicable to the taxes imposed by this chapter, to the refunding of overpayments thereof, and to assessments, investigations and audits in connection therewith, for which pur-

pose any references therein to "gross income" or "gross proceeds of sale" shall be deemed to refer to the purchase price subject to tax under this chapter, and any references to the "annual return" shall, if the taxpayer is not required to file an annual return under this chapter, be deemed to refer to the monthly return mentioned in the first paragraph of section 5370.04. [L. 1947, c. 113, pt. of s. 1.]

Sec. 5370.06. Appeal; correction of assessment. If any person having made the return and paid the tax as provided by this chapter feels aggrieved by the assessment so made upon him by the tax commissioner, he may appeal from said assessment in the manner and within the time and in all other respects as provided in section 5535, for which purpose the word "income" shall be deemed to refer to purchase price. The hearing and disposition of such appeal, including the distribution of costs and of taxes paid pending the appeal, shall be as provided in chapter 95. [L. 1947, c. 113, pt. of s. 1.]

Sec. 5370.07. Records. It shall be the duty of every person who is engaged in any business in the Territory and who is required under this chapter to make returns, to keep in the English language in the Territory and preserve for a period of five years, books of account or other records in sufficient detail to enable the commissioner, as far as reasonably practicable, to determine whether or not any taxes imposed by this chapter are payable in respect of the property concerned, and if so payable, the amount thereof. [L. 1947, c. 113, pt. of s. 1.]

Sec. 5370.08. Penalty for delinquency. A penalty of ten per centum shall be added to and become a part of any tax or portion thereof becoming delinquent, and in addition thereto said tax as so increased shall bear interest at the rate of two-thirds of one per centum for each month or fraction thereof from the expiration of fifteen days from the date of delinquency until paid, which interest shall be added to and become a part of such tax. [L. 1947, c. 113, pt. of s. 1.]

Sec. 5370.09. Collection of taxes by assumpsit or distraint; concurrent jurisdiction of district magistrates. Any tax which is delinquent under this chapter may be collected:

(a) By action in the name of the commissioner or any collector or deputy collector of taxes, in assumpsit, with or without attachment of the real or personal property of the person liable, and it shall be unnecessary, in order to secure the issuance of the writ of attachment, for the officer bringing such action to file any affidavit, other than the usual sworn complaint in ordinary assumpsit actions where no attachment is sought, with a prayer for such writ; in all such actions the several district magistrates shall have concurrent jurisdiction with the circuit courts, irrespective of the amount claimed.

(b) By distraint in the manner provided by section 5480 of chapter 101 which is hereby made applicable to taxes due under this chapter in the same manner, as nearly as may be, as to taxes due under said law. [L. 1947, c. 113, pt. of s. 1.]

Sec. 5370.10. Offenses, penalties; fines territorial realizations. It shall be unlawful for any person to fail or refuse to make any return or keep any records required under this chapter. Any person violating the provisions of

this section shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not more than \$1,000 or imprisonment for a term of not more than one year, or both, in the discretion of the court.

Notwithstanding any other laws to the contrary, the proceeds of all fines (exclusive of costs) imposed for conviction under this chapter shall be territorial realizations and shall be paid into the general fund of the Territory. [L. 1947, c. 113, pt. of s. 1.]

Sec. 5370.11. Other provisions of chapter 101 applicable. In respect of (a) the examination of books and records and of taxpayers and other persons, (b) procedure and powers upon failure or refusal to make a return or a proper return, and (c) the general administration of this chapter, the commissioner shall have all the rights and powers conferred upon him by chapter 101 with respect to taxes thereby or thereunder imposed; and, without restriction upon the aforesaid rights and powers, sections 5450 and 5467-5472 are hereby made applicable to and with respect to the taxes and the taxpayers, tax officers and other persons, and the matters and things affected or covered by this chapter, in so far as not inconsistent with the provisions of this chapter, in the same manner, as nearly as may be, as in similar cases covered by chapter 101. [L. 1947, c. 113, pt. of s. 1.]

Sec. 5370.12. Notification to purchaser. Every representative and purchasing agent who receives, procures, induces, or assists in bringing about any order for the sale of property by an unlicensed seller for use in the Territory shall, before the property is ordered, inform the purchaser in writing of his liability under this chapter, unless the tax has already been collected from the purchaser. Any person who violates the provisions of this section is guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not more than five times the amount of the tax or \$1,000, whichever is larger. [L. 1947, c. 113, pt. of s. 1.]

Sec. 5370.13. Taxes, territorial realizations. All taxes collected under this chapter shall be territorial realizations. [L. 1947, c. 113, pt. of s. 1.]

Sec. 5370.14. Short title. This chapter may be cited, as "the compensating tax law". [L. 1947, c. 113, pt. of s. 1.]

Chapter 99: (Consumption Tax)

Sec. 5372. Same; use, consumption, defined. Wherever used in this chapter, unless otherwise required by the context, "use" or "consumption" (and any verbal, adjective, adverbial and other equivalent form of any of said terms), herein used interchangeably, means any use, whether such use is of such nature as to cause the property to be appreciably consumed or not, or the keeping of such property for such use or consumption; but shall not include:

(a) The sale or the keeping solely for sale of such property; (b) the use or keeping for use of property as material which is or is to be incorporated by the taxpayer into a finished or saleable product, including the container or package in which the product is contained, during the course of its preservation, manufacture or processing, including preparation for market, and which remains or will remain in such finished or saleable product in such form as to be perceptible to the senses, and which finished or saleable product is or is to be sold and not otherwise used by the taxpayer; (c)

temporary use of property, not of a perishable or quickly consumable nature, where such property is imported into the Territory for temporary use (not sale) therein by the person importing the same and is not intended to be, and is not, kept permanently in the Territory (as for example without limiting the generality of the foregoing language (i) in the case of a contractor importing permanent equipment for the performance of a construction contract, with intent to remove, and who does remove, such equipment out of the Territory upon completing the contract, (ii) in the case of moving picture films imported for use in theaters in the Territory with intent or under contract to transport the same out of the Territory after completion of such use, (iii) in the case of a transient visitor importing an automobile or other belongings into the Territory to be used by him while therein but which are to be and are removed upon his departure from the Territory), (d) use by the taxpayer of property acquired by him solely by way of gift, (e) use which is limited to the receipt of articles and the return thereof, to the person from whom acquired, immediately or within a reasonable time either after temporary trial or without such trial, (f) use of goods imported into the Territory by the owner of a vessel or vessels engaged in interstate or foreign commerce and held for and used only as ship stores for such vessels, (g) the use or keeping for use of materials or commodities which are to be incorporated by a contractor into the finished work or project required by the contract and which will remain in such finished work or project in such form as to be perceptible to the senses [L 1935, c 160, pt of s 1 R L 1945, s 5372, am L 1947, c 113, s 2]

Sec. 5374. Rate of tax. The rate of the tax hereby imposed shall be two and one-half per centum [R L 1945, s 5374, am L 1945, c 100, am L 1947, c 111, s 8 (effective July 1, 1947)]

Sec. 5375. Persons taxable; computation of tax; payable when. Every person who imports into the Territory, or acquires in the Territory from any other person not taxable under the general excise tax law in respect of the transaction by which the former acquired the same, and without himself being liable in respect of said transaction under the compensating tax law, any property for his use or consumption, shall be subject to a tax in respect of such use or consumption at the rate in this chapter provided, measured by the value of such property, which tax shall be payable

(a) In the case of property imported in foreign commerce, at the time such property loses its character as an import and its immunity as such from taxation by the Territory,

(b) In the case of property imported in interstate commerce, at the time such property comes to rest in the Territory and ceases its character as an article in interstate commerce and

(c) In the case of property acquired otherwise than through importation into the Territory by the taxpayer in foreign or interstate commerce, at the time of such acquisition,

Provided that in the event that such tax may not legally be levied in respect of the property concerned at the time and under the circumstances provided

in paragraphs (a), (b) or (c) of this section, then such tax shall be levied and become payable at the commencement by the taxpayer of any use or consumption of said property which is taxable by the Territory.

The value of the property at the time the tax first becomes payable in respect thereof, shall be the value used for the computation of such tax. [L. 1935, c. 160, s. 4; R. L. 1945, s. 5375; am. L. 1947, c. 113, s. 3 (b).]

Sec. 5376. Exemptions. The tax imposed by this chapter shall not apply:

Any diesel oil acquired by a person who has in his ownership, possession or control any vehicle in which diesel oil may be used on the highways, shall be presumed to have been entirely used by such person upon the highways, unless upon proper records and from such other evidence as the commissioner may require it shall be proved to the satisfaction of the commissioner that such diesel oil has not been used by such person on the highways. The rates of the additional tax hereby imposed are as follows

(2) In addition to the foregoing, every person who shall purchase, manufacture, import into the Territory, or otherwise acquire in the Territory, any diesel oil, shall keep in the Territory and preserve for three years records in such form and detail as the commissioner shall prescribe, showing the quantity of diesel oil purchased, imported, manufactured, or acquired, and the type of use, or the disposition, of such diesel oil, including the names and addresses of persons to whom any of such oil shall have been sold or delivered, and the amount so sold or delivered to each. Upon the request of the commissioner there shall be furnished to the commissioner sworn statements containing such information, so required to be kept available, as the commissioner may require.

(3) **Provided**, that any responsible person buying diesel oil solely for purposes other than resale, may, upon application to the commissioner, and furnishing such information under oath as shall be satisfactory to him for such purpose, be exempted in whole or in part from the requirements of this section as to keeping of records with respect to such diesel oil, upon such conditions as the commissioner may prescribe; this proviso shall be administered in such manner as to prevent as far as reasonably possible undue hardship upon persons purchasing diesel oil solely for purposes other than resale. All such taxes payable for any month shall be and become delinquent after the expiration of thirty days immediately following the end of the month, and shall thereupon bear a penalty of ten per centum of the amount so delinquent and, in addition thereto, interest on such delinquent amount at the rate of two-thirds of one per centum per month or any fraction thereof until paid. § 5454. **Repealed**, L. 1945, c. 100 (A-103).

Sec. 5455. Imposition of tax. There is hereby levied and shall be assessed and collected annually privilege taxes against the persons on account of their business and other activities in this Territory measured by the application of rates against values, gross proceeds of sales or gross income, as the case may be, as follows:

A. Tax on manufacturers. (1) Upon every person engaging or continuing within this Territory in the business of manufacturing, compounding, canning, preserving, packing, milling, processing, refining or preparing for sale, profit or commercial use, either directly or through the activity of others, in whole or in part, any article or articles, substance or substances, commodity or commodities, the amount of such tax to be equal to the value of the articles, substances or commodities, manufactured, compounded, canned, preserved, packed, milled, processed, refined or prepared, for sale, as shown by the gross proceeds derived from the sale thereof by the manufacturer or person compounding or preparing the same (except as hereinafter provided), multiplied by the respective rates as follows:

Millers or processors of sugar, raw or refined, two and one-half per cent; canneries, two and one-half per cent; all manufacturers on whose gross income a tax is not otherwise levied in this chapter, one and one-half per cent.

(2) The measure of the tax on manufacturers is the value of the entire product manufactured, compounded, canned, preserved, packed, milled, processed, refined or prepared, in this Territory, for sale, profit or commercial use, regardless of the place of sale or the fact that deliveries may be made to points outside the Territory.

(3) If any person liable for the tax on manufacturers shall ship or transport his products, or any part thereof, out of this Territory without making sale of such products, the value of the products in the condition or form in which they existed immediately before entering interstate or foreign commerce shall be the basis for the assessment of the tax imposed in this section. The commissioner shall prescribe equitable and uniform rules for ascertaining such value; and the tax imposed on manufacturers shall be due and payable as of the date of such entry into interstate or foreign commerce, whether said products have been sold or not. If any person liable for the tax on manufacturers shall ship or transport his products, or any part thereof, outside of the Territory in an unfinished condition, the value of the products or articles in the condition or form in which they existed when shipped or transported out of the Territory and before they entered interstate or foreign

commerce shall be the basis of assessment of the tax imposed on manufacturers and the commissioner shall prescribe equitable and uniform rules for ascertaining such value.

(4) In computing the tax levied on manufacturers where the gross proceeds of sales of such manufactured products are taken as the measure of the value of such products for the purpose of computing the tax, if such products shall have been sold on a delivered price, the actual transportation charges prepaid by the taxpayer or included in the invoice price on such manufactured products, to the place of delivery shall be deducted from the gross proceeds of sales used in determining the amount of the tax.

(5) **Provided**, however, that any person engaging or continuing in the business of refining sugar in the Territory, who purchases raw sugar for such refining, the seller of which raw sugar is taxable in respect to such sale under this subsection A, will be entitled to deduct from the amount of the value used for computing the tax, the amount paid by him for such raw sugar. The refiner shall show in his return the amounts of his purchase of such raw sugar and from whom purchased.

(6) In computing the tax levied under this subsection A, any person who by reason of the agricultural adjustment Act, or other Acts of Congress of the United States, includes as a part of his gross income a processing tax, or other similar tax, paid either to the federal or territorial governments, shall be entitled to deduct from the amount of the value used for computing the tax payable under this subsection A, the amount of the processing tax, or other similar tax, paid by him to the federal government; **provided**, however, that this paragraph shall not be construed to entitle the taxpayer to deduct any sums that may be returned and retained as a benefit payment so-called or a like payment by virtue of the agricultural adjustment Act or other Acts passed by the Congress of the United States relating thereto.

B. Tax on business of selling tangible personal property; producing. (1) Upon every person engaging or continuing within this Territory in the business of selling any tangible personal property whatsoever (not including, however, bonds or other evidence of indebtedness, or stocks), there is likewise hereby levied, and shall be assessed and collected, a tax equivalent to two and one-half per cent of the gross proceeds of sales of the business; **provided**, however, that in the case of a wholesaler, the tax shall be equal to one per cent of the gross proceeds of sales of the business, and in the case of a producer, the tax shall be equal to one and one-half per cent of the gross proceeds of sales of the business.

(2) **Provided**, that gross proceeds of sales of tangible property in interstate and foreign commerce shall constitute a part of the measure of the tax imposed on persons in the business of selling tangible personal property, to the extent, under the conditions and in accordance with the provisions of the Constitution of the United States and the Acts of the Congress of the United States which may be now in force or may be hereafter adopted.

(3) **Provided**, however, that any person engaging or continuing in business as a retailer and a wholesaler or as a retailer and a producer shall pay the

tax required on the gross proceeds of sales of each such business at the rates specified, when his books are kept so as to show separately the gross proceeds of sales of each business; and when his books are not so kept he shall pay the tax as a retailer.

(4) A **manufacturer or producer** engaging in the business of selling his manufactured products at retail in this Territory shall be required to make returns of the gross proceeds of such retail sales and pay the tax imposed in this chapter, for the privilege of engaging in the business of selling such products at retail in this Territory; and the value, or gross proceeds of sales, of such products, thus sold by the manufacturer or producer at retail and included in the measure of the tax imposed in this chapter, shall be deducted from the gross income, or gross proceeds of sales, used in determining the measure of the tax imposed upon such manufacturer or producer as such.

(5) But a **manufacturer or producer** engaging in the business of selling his products to manufacturers, wholesalers, or licensed retailers, shall not be required to pay the tax imposed in this chapter for the privilege of selling such products at wholesale. Nor shall any such manufacturer or producer be required to pay the tax imposed in this chapter for the privilege of selling products for delivery outside of this Territory. But the gross income derived from the sale of such products to manufacturers, wholesalers, or licensed retailers, and the gross income derived from all sales of such products, for delivery outside of this Territory, shall be included in determining the measure of the tax imposed upon such manufacturer or producer as such.

(6) A taxpayer **selling to a federal cost-plus contractor** may make the election provided for by paragraph (3) of subsection C, and in any such case the tax shall be computed pursuant to the election, notwithstanding any provision of this subsection or subsection A to the contrary.

C. Tax upon contractors. (1) Upon every person engaging or continuing within this Territory in the business of contracting, the tax shall be equal to two and one-half per cent of the gross income of the business. **Provided**, however, that the rate of tax levied upon any such person measured by gross income received on account of uncompleted contracts, entered into prior to May 14th, 1947 shall be one and one-half per cent.* All contracts shall be prima facie presumed to have been entered into subsequent to said date.*

* [See L. 1947, c. 111 (A-81) s. 9 (c).]

(2) **Provided**, however, that in computing the tax levied under this subsection C, there shall be deducted from the gross income of the taxpayer so much thereof as has been included in the measure of the tax levied under subsection C (1) on another taxpayer, if the tax on the amount so deducted has been paid by such other person, or has been withheld by the taxpayer and shall be paid over by him to the assessor at the time of filing the return, such withholding being hereby authorized; but any person claiming a deduction under this paragraph shall be required to show in his return the name of the person paying the tax on the amount deducted by him or from whom such tax was withheld, and shall issue a receipt for any amount of tax with-

held, which upon filing by such other taxpayer with his return, shall relieve such other taxpayer of liability for the amount of tax withheld

(3) **Provided**, further, that in computing the tax levied under this subsection C against any federal cost plus contractor, there shall be excluded from the gross income of the contractor so much thereof as fulfills the following requirements

(a) The gross income exempted shall constitute reimbursement of costs incurred for materials, plant or equipment purchased from a taxpayer licensed under this chapter, not exceeding the gross proceeds of sale of such taxpayer on account of the transaction

(b) The taxpayer making the sale shall have certified to the commissioner that he is taxable with respect to the gross proceeds of the sale, and that he elects to have the tax on such gross income computed as if the sale were made to the federal government direct

Tax upon theaters, amusements, radio, broadcasting stations, etc. Upon every person engaging or continuing within this Territory in the business of operating a theater, opera house, moving picture show, vaudeville, amusement park, dance hall, skating rink, radio broadcasting station or any other place at which amusements are offered to the public, the tax shall be equal to two and one half per cent of the gross income of the business

Sec. 5508. Gross income; deductions from. In computing net income there shall be allowed as deductions:

(a) **Bad debts.** Debts ascertained to be worthless and charged off on the books of the taxpayer within the taxable year (or in the discretion of the commissioner a reasonable addition to a reserve for bad debts); **provided** that when satisfied that a debt is recoverable only in part, the commissioner may allow such debt to be charged off in part;

(b) **Charitable and other contributions.** Contributions or gifts made within the taxable year by an individual or corporation to or for the use of the United States, the Territory, or any political subdivision thereof for exclusively public purposes, or to any corporation, company, association or trust,

community chest fund or foundation, organized and operated exclusively for religious, charitable, scientific, literary or educational purposes, or for the prevention of cruelty to children or animals, no part of the net earnings of which inures to the benefit of any private shareholder or individual and where no part of any contribution so received in the Territory is to be expended elsewhere than in the Territory, but in no event shall the amount of the deduction for such contributions exceed fifteen per centum of the net income of such individual or corporation as computed without the benefit of this paragraph; **provided**, however, that the requirement that the contribution be for expenditure within the Territory, shall not apply to any contributions for war relief where the corporation, company, association or trust, community chest fund or foundation is created or organized in the United States or in any possession thereof or under the laws of the United States or of any state or territory or possession thereof;

(c) **Depreciation.** A reasonable allowance for the exhaustion, wear and tear of property used in the trade or business or producing income which is included in gross income, including a reasonable allowance for obsolescence;

(d) **Employees' pension fund, etc.** Amounts transferred or paid into an employees' pension or benefit fund or trust (hereinafter called "the plan") by any individual or corporation to provide for the payment of reasonable pensions or benefits to his or its employees, not exceeding, however, the greater of the following amounts: (1) five per centum of the net income for the taxable year in the trade or business of such employer; or (2) seven and one-half per centum of the compensation otherwise paid or accrued during the taxable year to all the employees under the plan. **Provided**, that in the application of the foregoing limitations there shall not be counted any amounts transferred or paid into the fund or trust in order to fund past service credits, for services performed prior to the taxable year. The amount required to fund such past service credits shall be deductible in ten annual installments, commencing with the first taxable year in which such deduction is allowable;

(e) **Expenses.** All actual operating and business expenses paid or incurred or accrued during the taxable year in carrying on any trade or business including reasonable amounts for salaries or other compensation for personal service or attributable to personal services actually rendered, traveling expenses (including the entire amount expended for meals and lodging) while away from home in the pursuit of a trade or business and rentals or other payments required to be made as a condition to the continued use or possession for the purpose of the trade or business, of property to which the individual or corporation has not taken or is not taking title, or in which the individual or corporation has no equity; in the case of an individual, all the ordinary and necessary expenses paid or incurred during the taxable year for the production or collection of income, or for the management, conservation, or maintenance of property held for the production of income; **provided**, however, that only so much of such expenses may be deducted as are properly allocable to income taxable under this chapter;

(f) **Interest.** All interest paid or accrued within the taxable year on indebtedness, except on indebtedness incurred or continued to purchase or carry bonds of a state, territory or political subdivision thereof, or of the United States or its possessions, the interest upon which is wholly exempt from taxation under this chapter;

(g) **Losses.** Losses sustained during the taxable year if incurred in the trade or business or in any transaction entered into for profit though not connected with such trade or business, except that capital losses of an individual or corporation resulting from the purchase, sale, exchange or other acquisition or disposition of real property, stocks, bonds, notes or other like securities shall not be allowed as deductions; provided, however, that any individual or corporation, who or which is engaged in the business of the purchase, sale, exchange or other acquisition or disposition of real property, stocks, bonds, notes or other like securities shall include as a deduction all losses sustained from the purchase, sale, exchange or other acquisition or disposition of all such property as was acquired, used or disposed of in connection with such business; but capital losses of any individual or corporation who or which is engaged in such business resulting from the purchase, sale, exchange or other acquisition or disposition of real property, stocks, bonds, notes or other like securities acquired by such individual or corporation only for investment and held only for investment and which property was not acquired in connection with or used in the conduct of such business in any way, shall not be allowed as deductions;

(h) **Losses of property whether or not connected with a trade or business.** Losses arising from fires, storms, shipwrecks or other casualty or from theft, but only to the extent of the amount not compensated for by insurance or otherwise.

Any person who suffered a loss of property as a result of the tidal waves on April 1, 1946, may deduct one-fifth ($1/5$) of the amount of such loss each year for a period of five years, the first such year to be the calendar year of 1946, or the fiscal year of the taxpayer in which April 1, 1946, is included. Any person entitled to such deduction who has filed a return as provided in section 5519 taking the full amount of such loss as a deduction from his income for the calendar year 1946, or in the case of taxpayers on a fiscal year, for any fiscal year which included April 1, 1946, may file an amended return on or before March 20, 1948 (amended returns by taxpayers on a fiscal year shall be filed on or before the 20th day of the third month following the close of the fiscal year next following December 31, 1947), deducting one-fifth ($1/5$) of the amount of the loss sustained as aforesaid from his income for the taxable year in which April 1, 1946, is included.

(i) **Net loss.** If, for any taxable year, it appears upon the production of evidence satisfactory to the commissioner that any taxpayer has sustained a net loss in any trade or business, the amount thereof shall be allowed as a deduction in computing the net income of the taxpayer for the succeeding taxable year; the deduction in all cases to be made under regulations prescribed by the commissioner;

(j) **Taxes, etc.** All taxes, license fees, and other governmental impositions levied or assessed by the Territory or any political subdivision thereof or by the United States and paid or accrued by the taxpayer (whether or not such taxpayer be owner, tenant, occupant or mortgagor, or otherwise liable for the same) within the taxable year, except taxes assessed against local benefits of a kind tending to increase the value of the property assessed, but this paragraph shall not exclude the allowance as a deduction of so much of such improvement taxes as is properly allocable to maintenance or interest charges, **provided**, however, that federal income taxes upon income received or derived from sources without the Territory shall not be deducted

(k) **Amortization of emergency facilities.** (1) Subject to the provisions hereinafter set forth, every taxpayer who is entitled, under section 124 (a) of the Internal Revenue Code, to take the amortization deduction provided for in said section 124 (a), with respect to any emergency facility, and which elects, under section 124 (b) of the Internal Revenue Code, to take such amortization deduction with respect to the emergency facility, shall, with respect to the emergency facility, take amortization deductions under this paragraph (k) The amortization deductions under this paragraph (k), with respect to such emergency facility, shall, except as otherwise expressly provided in this paragraph (k), be in lieu of any deductions with respect to such emergency facility or any part thereof under paragraph (c) above

(2) Amortization deductions with respect to any emergency facility taken under this paragraph (k) shall be spread over a period of sixty months Such deductions shall be at the rate of $1\frac{2}{3}\%$ per month or 20% per annum The sixty month period shall begin as to any emergency facility with the month following the month in which the facility was completed or acquired, or with the succeeding taxable year, in accordance with the election of the taxpayer under section 124 (b) of the Internal Revenue Code In case the sixty month period with respect to any emergency facility shall commence with the succeeding taxable year as aforesaid, any applicable deductions under paragraph (c) above shall be taken to the commencement of said succeeding taxable year and the amount subject to amortization deductions under said paragraph (c) shall be the cost of such emergency facilities diminished by such deductions under said paragraph (c)

(3) Any taxpayer who has commenced to take amortization deductions, with respect to any emergency facility, under this paragraph (k), may at any time, prior to the termination of the period of sixty months, discontinue taking such amortization deductions Such discontinuance shall be effective as of the beginning of any month specified by the taxpayer in the taxpayer's return for the taxable year in which such month is included After the effective date of such discontinuance the taxpayer shall not be entitled to any further amortization deductions under this paragraph (k) with respect to the emergency facility Commencing with the effective date of such discontinuance, deductions provided for in paragraph (c) above shall be allowed with respect to such portions or all of the emergency facility which constitute depreciable property under said paragraph (c), such deductions to be

based on such portion or all of the remaining unamortized cost of the emergency facility which is applicable to such depreciable property. Such discontinuance shall be at the election of the taxpayer and the election to discontinue or not to discontinue such amortization deductions may be made without regard to whether or not the taxpayer has discontinued similar deductions pursuant to section 124 (c) of the Internal Revenue Code and irrespective of any adjustments under section 124 (d) of the Internal Revenue Code.

(4) As used in this paragraph (k) the term "emergency facility" means any facility, land, building, machinery, or equipment, or any part thereof, which constitutes an emergency facility as defined in section 124 (e) of the Internal Revenue Code, with respect to which a certificate has been made under section 124 (f) of the Internal Revenue Code, and the term "emergency period" means the emergency period as defined in section 124 (e) of the Internal Revenue Code. The amortization deductions provided for in this paragraph (k) shall be taken, with respect to any emergency facility, only on the basis of such construction, reconstruction, erection, installation or acquisition after June 10, 1940, as shall have been certified under section 124 (f) of the Internal Revenue Code as necessary in the interest of national defense during the emergency period; and the deductions provided for in paragraph (c) above shall be allowed with respect to such portion of the construction, reconstruction, erection, installation or acquisition of the emergency facility as shall not have been so certified.

(5) As used in this paragraph, each of sections 124 (a), 124 (b), 124 (c), 124 (d), 124 (e), and 124 (f) of the Internal Revenue Code, means the provisions thereof in effect from time to time.

(1) **Building and loan associations.** In computing the taxable income of building and loan associations which are subject to chapter 153, in addition to the deductions from gross income provided above, there shall also be deducted (1) all assets and depreciation which the bank examiner may have required to be charged off in the taxable year; and (2) the return paid or credited on or apportioned to the withdrawable shares and investment certificates, but in no event exceeding six per centum per annum. [R. L. 1945, s. 5508; am. L. 1947, c. 150, s. 1 and c. 132, s. 1.]

Sec. 5509. Exemptions. In computing net income of individuals the following exemptions shall be deducted:

(a) If single, or if married and not living with husband or wife, an exemption of one thousand dollars;

(b) If married and living with husband and wife, or the head of a family with dependents, an exemption of two thousand dollars; and for each person (other than husband or wife) dependent upon and receiving his chief support from the taxpayer, if under eighteen years of age, incapable of self-support, or if under twenty-one years of age and attending a recognized educational institution, an exemption of two hundred dollars; but in no event shall this larger exemption or the exemption for the same dependent be deducted by both husband and wife;

(c) A person whose sight is impaired to the extent of seventy five per cent or more, shall be entitled to deduct an exemption of five thousand dollars, in lieu of the exemptions provided by paragraphs (a) and (b) of this section. The impairment of sight shall be certified to by the territorial board of health or by any territorial, county or city and county medical officer duly authorized by the territorial board of health for this purpose.

(d) An estate or trust shall be entitled to deduct an exemption of one thousand dollars,

(e) A non resident shall only be entitled to deduct such proportion of the exemption as is allowable to one of his status as a single person, or a married person, or a person having dependents, as the case may be, as his gross income received or derived in the Territory as defined in this chapter bears to his entire gross income wherever received or from whatever source derived,

(f) The exemption of two thousand dollars to married persons and the exemption of two hundred dollars for each dependent shall be allowed only to such persons as shall make and file a return to and with the collector in conformity with the requirements of this chapter setting forth the fact that such person is married, the head of a family or has dependents, giving the number and nature of such dependents for each such exemption as claimed, and in the case of a non resident showing his gross income wherever received or from whatever source derived so that his deduction may be apportioned as is provided in paragraph (e) above.

(g) If the status of the taxpayer, insofar as it affects the personal exemption or exemptions of the taxpayer, changes during the taxable year, such personal exemption or exemptions shall be apportioned, under rules and regulations prescribed by the tax commissioner, in accordance with the number of months before and after such change. For the purpose of such apportionment a fractional part of a month shall be disregarded unless it amounts to more than half a month in which case it shall be considered as a month.
